AzMERIT | Arizona's Statewide Achievement Assessment
for English Language Arts and Mathematics

The System Is Pretty Straight Forward

Calculating the letter grade involves weights and percentages and statistical comparisons.
But the system boils down to this:

- Get students to pass
- In year-to-year growth, make sure students are not in the bottom third of their academic peer group
- Make sure students are on track to be proficient or stay proficient.
- Get ELL students to English fluency.
- K-8: Help subgroups improve, challenge students in math, have fewer MP in 3rd reading, lower chronic absences

Passing tests

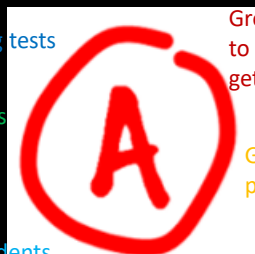

Challenging students and helping all groups improve

Helping students graduate on time

Growing enough from year to year and be on target to get to proficient

Getting students to proficiency in English

Making students ready for college or a career

Accumulated Sick and Vacation Payout History

Traditionally, employers are accustomed to paying their retiring employees sick and vacation leave pay in a lump-sum payment as W2 wages or a bonus, which generally is a taxable event in the year it is received.

Glendale ESD has solved this concern with the conversion of sick leave pay to an employer contribution to a 403b plan.

vision

Options to a 403b for the Employer

The 403b option allows for tax deferral of sick and vacation leave pay.

Is there an option that allows a Tax-Free option?

vision

Yes! The *PRIME-Choice* Plan

The Glendale ESD would establish *The PRIME-Choice Plan* to convert accumulated sick and vacation leave pay to an employer contribution to one of two employer-sponsored plan:

The PRIME Plan
(Medical Expense Reimbursement Trust)
or
The Special Pay 403(b) Plan

This plan allows the *employer* to determine a retiree's individual post-retirement needs, thereby allowing an *employer choice* between a *tax-free health benefit* or a *tax-deferred benefit* for the employee.

vision

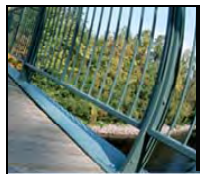

Who is eligible for the plan?

To be eligible for the plan, an employee must reach their 55th birthday in the calendar year of separation from the district and be receiving at least \$2,000 in accumulated sick and/or vacation leave pay.

How is the employer contribution determined?

The *PRIME* Choice Plan: Medical Needs Analysis Questions

- 2) Are you staying on with the District's health insurance plan coverage?
- 3) Does your spouse have health insurance that will cover you in retirement?
If yes, do you have to pay for coverage? Is it pre-tax or post-tax premiums?
- 4) Do you have access to other health insurance in retirement?
- 5) When will you be eligible for Medicare?
- 6) Is paying for post-retirement health insurance coverage and other post-retirement healthcare costs for you, your spouse and dependents a concern of yours in retirement?

ACTION AGENDA ITEM

AGENDA NO: 7.A. TOPIC: Evaluation Handbooks

SUBMITTED BY: Dr. Barbara Goodwin, Assistant Superintendent for Human Resources

RECOMMENDED BY: Mr. Joe Quintana, Superintendent

DATE ASSIGNED FOR CONSIDERATION: December 21, 2017

RECOMMENDATION:

It is recommended the Governing Board approve the Performance Evaluation Handbooks for Teachers, Social Emotional Learning Specialists, Achievement Advisors, Psychologists, Occupational Therapists, Physical Therapists, Speech Therapists, Classified Staff, Site Administrator, and District Leadership as presented.

RATIONALE:

Outstanding employees make a difference in the life of a student! Great classroom teaching, student support, and district leadership are strong predictors of student development and achievement.

The majority of the legislative changes have been incorporated into current GESD Evaluation Handbooks, however we continue to review, revise and edit our evaluations as changes are made at the state level. In addition, each evaluation committee meets annually with their stakeholder group to gather data and feedback and incorporate the suggested changes.

The updated handbooks, which support the philosophy of using a performance evaluation as an ongoing and continuous growth process, are being presented in their final form. All recommended changes were communicated to stakeholders and will be in use for the 18-19 school year.

SECTION 1: INTRODUCTION

District Philosophy

GESD believes the achievement advisor evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students. The observation rubric is a document that was created to be used as a point of discussion between evaluator peers, teacher peers, and between the evaluator and evaluatee. Each domain is made up of elements which then have indicators to explain that element throughout four levels of performance. Each of the indicators supports that level of performance. The indicators are to not be used as a checklist to determine that level of performance, but rather the indicators should be looked at in a holistic manner when deciding level of performance.

 - Communicates areas of instructional strength to teacher
 - Specifies areas of refinement to teacher
 - Provides systematic, ongoing support for teachers in implementing improvement plans
 - Monitors improvement plan implementation and provides feedback
 - o Reliability
 - Qualified evaluators must meet expected inter-rater reliability expectations established by the District
 - Training & reliability testing will be provided for qualified evaluators annually.

Teacher and Achievement Advisor Training

- New AAs are trained in the evaluation process during their induction week to the District.
- The evaluation process is reviewed with all teachers and achievement advisors within the first three weeks of the start of school year at the school buildings with the appropriate qualified evaluator(s).

Evaluation Components

Formatted: Font: 10 pt

The final achievement advisor evaluation classification will be determined using a combination of achievement advisor performance and student achievement. Achievement Advisor performance will account for 67% and student achievement (pending State of Arizona guidance) will account for 33% of the final performance classification.

Achievement Advisor Performance

Achievement Advisor performance will be a result of data collected from at least two observations of complete and uninterrupted lessons. Additional data may be collected from pre/post-conferences, mid-year conference/feedback session, and additional artifacts. As a result of the data collected each Element from the Achievement Advisor Evaluation Rubric will receive an individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification (Table 1).

The domain classifications will then be used to determine the overall achievement advisor performance classification (Table 2).

- The administrator analyzes data & evaluates performance using the AA observation rubrics.
- The administrator determines strengths and areas needing refinement based on AA Evaluation Rubric Classification. The administrators will set up time with staff members for a Summative Evaluation conference.
- The administrator and AA will discuss the rubric classification and comments.
- The AA may add areas needing refinement or enhancement.
- During the Summative Evaluation Conference for the year, the administrator and AA will discuss growth from the fall to the spring on the announced and/or unannounced observations and evidence of progress on the teacher's Individual Goal Plan will be documented on the Summative Evaluation. A new goal will be selected developed by the Evaluator and Evaluatee for the upcoming school year and listed on the Summative Evaluation.
- The administrator and the AA sign off on the Summative Evaluation documents.
- AAs may address the contents of the evaluation by writing a response in the Evaluatee's Comment section.

Classifications for the levels of performance:

As prescribed in A.R.S. § 15-203, LEAs shall classify each teacher in one of the following four performance classifications.

- **Highly Effective:** A highly effective teacher consistently exceeds expectations. This teacher's instructional performance is exceptional and her/his students generally made exceptional levels of academic progress. The highly effective teacher demonstrates mastery of the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537.
- **Effective:** An effective teacher consistently meets expectations. This teacher's instructional performance is effective and her/his students generally made satisfactory levels of academic progress. The effective teacher demonstrates competency in the state board of education adopted professional teaching standards, as determined by classroom observations as required by ARS §15-537.

Developing: A *developing* teacher fails to consistently meet expectations and requires a change in performance. This teacher's instructional performance is mixed and her/his students generally made unsatisfactory levels of academic progress. The developing teacher demonstrates an insufficient level of competency in the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537. The developing classification is not intended to be assigned to a veteran teacher for more than two consecutive years. This classification may be assigned to new or newly-reassigned teachers for more than two consecutive years.

-
- **Ineffective:** An *ineffective* teacher consistently fails to meet expectations and requires a change in performance. This teacher's instructional performance is ineffective and her/his students generally made unacceptable levels of academic progress. The ineffective teacher demonstrates minimal competency in the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537.

Peer Observers

- ~~An achievement advisor may request to have a Peer Observer.~~
- ~~The purpose of the Peer Observer is to ensure the formal observation process is adhered to according to state and district guidelines.~~
- ~~A Peer Observer is an achievement advisor who~~
 - ~~has a minimum 3 years of successful teaching experience in GESD. Successful is defined as a teacher who has not been on an Intervention Plan or Performance Improvement Plan for two (2) consecutive years~~
 - ~~has completed annual Peer Observer training~~
 - ~~has been approved by the Governing Board~~
 - ~~is a current 1.0 FTE classroom teacher~~
 - ~~is not a qualified evaluator; therefore, not part of the evaluation process~~
- ~~If a peer observer is requested, the Peer Observer Request Form must be filled out prior to the pre-observation conference and submitted at the time the formal observation is scheduled.~~
- ~~Once a peer observer is requested, they will observe the entire formal observation process including the pre-observation conference, the formal observation, and the post-observation conference using the Peer Observation Notes Form.~~

Individual Goal Plan

The purpose of the Individual Goal Plan is to set instructional improvement goals, which must integrate at least one (1) element identified on the Facilitation or Engagement domain with content needs identified in the School Improvement Plan in order to plan for the assessment of professional growth.

Materials to provide/bring to post conferences:

- Completed Self-Classified-rubrics (optional)
- Planning documents
- Communication documents
- Progress Monitoring/Assessment plan documents
- Additional Artifacts

The self-classified rubrics are for the sole use of the achievement advisor, and are not for formal documentation in the evaluation process. The act of reflection is an essential part of professional growth and should assist in the goal setting process between the AA and the administrator(s).

Discuss the self-classified rubric as a source of goals, objectives, and targets for observations with emphasis on teaching.

Each AA will collaborate with the administrator(s) to develop an Individual Goal Plan in the spring after their summative conference.

- Each first-year achievement advisor will collaborate with the administrator(s) to develop an Individual Goal Plan in the fall.
- After goals have been set, the AA and administrator(s) will discuss data collection to document the goals. A second goal area may be added from other domains.

Summative Evaluation Description

- The administrator analyzes data sources & evaluates performance using the AA evaluation rubric.
- The administrator will assign classifications to each instructional element, for each domain based on observations, artifacts and mid-year conferences/feedback. Based on element and domain classifications the AA will receive an overall classroom performance classification. The final AA classification will be determined from classroom performance (67%) and student achievement (33%) data.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrators will set up time with staff members for a summative evaluation conference.
- The administrator and AA will discuss the rubric classification and comments.
- The AA may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and AA will discuss growth from the fall to the spring on the (un)announced observations, mid-year conferences/feedback, additional artifacts. Evidence of progress on the AA's Individual Goal Plan will be documented on the summative evaluation.
- A new goal will be developed by the evaluator and AA for the upcoming school year and documented on the summative evaluation.
- The administrator and the AA sign the summative evaluation documents.
- AAs may address the evaluation feedback by writing a response in the AA's comment section OR
- The AA may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.
- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the certificated AA within five (5) days after completion of the evaluation.

SECTION 3: DATA COLLECTION

MECHANISMS

OBSERVATION TYPES & PROCEDURES

- All teachers, both probationary and continuing, are required to have two observations unless they are subject to an exception as permitted by statute. The first observation will be an announced observation, and the second observation may be announced or unannounced.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15th, and all unannounced observations should be completed prior to April 1st.
- Each teacher may be observed more than the minimum number of times prescribed by Arizona law.
- The administrators(s) may appoint an alternate and/or include an additional qualified evaluator. The teacher should be notified of this change prior to the observation.
- The AA may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.

Formatted: Indent: Left: 0", First line: 0"

<u>Observation Type</u>	<u>Pre-Conference</u>	<u>Post-Conference</u>	<u>Deadline</u>	<u>Feedback</u>
<u>Announced</u>	<u>Yes</u> <u>at least 2 days prior to observation</u> <i>(See description below)</i>	<u>Yes</u> <u>within 5 days following observation</u> <i>(See description below)</i>	<u>Prior to December 15th</u>	<u>written within 10 days of observation</u>
<u>Unannounced</u>	<u>No</u>	<u>Yes</u> <u>within 5 days following observation</u> <i>(See description below)</i>	<u>Prior to April 1st</u>	<u>written within 10 days of observation</u>

Announced Observation (prior to December 15th)

Evaluator will schedule a time to observe the achievement advisor during a complete and uninterrupted lesson. During the observation the evaluator will collect data about instructional elements within the Facilitation, and Engagement Domains of the Achievement Advisor Rubric. The announced observation is preceded with a pre-conference and is followed up with a post-conference and written feedback within 10 days of the observation.

Unannounced Observation (prior to April 1st)

The evaluator does not need to schedule a time with the AA for an unannounced observation. The unannounced observation should be of a complete and uninterrupted lesson. During the observation the evaluator will collect data about instructional elements within the Facilitation, and Engagement Domains of the Achievement Advisor Rubric. The unannounced observation will be followed by a post-conference within 5 business days and written feedback within 10 days of the observation.

Pre-Observation Conference

- The pre-conference discussion for any announced observation should be arranged by mutual agreement between administrator and AA. The pre-conference for an announced observation must be scheduled at least two business days prior unless mutually agreed upon.
- If requested, the announced observation pre-conference will be scheduled by the site Administrator.
- The announced observation pre-conference should include the AA and the observation's team administrator and if requested, the peer observer.
- If a peer observer is requested, the Peer Observer Request Form must be filled out prior to the pre-observation conference and submitted at the time the observation is scheduled.
- Appropriate topics for the announced observation pre-conference may include items on the Pre-Observation Conference Form and possibly the following: reviewing the process, questions about expectations, reviewing artifacts, lesson plans, progress monitoring, and grading practices. The AA may ask the administrator to pay attention to a specific area that he/she may want the administrator to observe. Additional areas of discussion may include previous observations, Intervention Support Plan, Performance Improvement Plans, and goals and objectives.

Post-Observation Conference

- Unannounced observations must include a post-conference.
- Achievement Advisors may self-assess utilizing the evaluation rubric prior to the (Un) announced post-observation conference. The self-assessment is for the sole use of the AA and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between AA and administrator.
- The (Un)announced post- observation conference shall be held within five (5) business days after the (Un) announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the AA within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/ enhancement or refinement/reinforcement and instructional strengths.
- If there are concerns with performance of probationary/continuing Achievement Advisors, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

MID-YEAR CONFERENCE/FEEDBACK SESSION

- All AAs will have a mid-year conference/feedback session by January 30th with their evaluator each school year.
- Mid-year conference/feedback session of at least thirty (30) minutes are considered part of the Achievement Advisor Evaluation System. Data from the mid-year conference/feedback should be included in the summative evaluation.

ADDITIONAL ARTIFACTS

The evaluator may use additional artifacts to inform their decision regarding the achievement advisor's performance. Information gained from these artifacts should align to the elements and domains of the AA Evaluation Rubric. Data may include, but is not limited to,

Data from observations should be included in the summative evaluation.~~
- ~~The Administrator(s) may classify one (1) or more element(s) as not applicable (N/A) if not observed and/or the absence does not impede the effectiveness of the lesson.~~
- ~~Unless extenuating circumstances exist, all unannounced observations should be completed prior to April 1st.~~

Announced Observation Pre-Observation Conference

- ~~The formal pre-observation conference discussion, which may be waived by the achievement advisor, should be arranged by mutual agreement between administrator and evaluatee. The formal pre-observation must be scheduled at least two business days prior unless mutually agreed upon.~~

Formal Observation Process

Probationary Teacher

- Probationary teachers must have at least 1 announced observation.
- The first announced observation will be completed by December 15th.
- If there are concerns with performance of probationary teachers or AAs, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.
- If the teacher or AA is not successful she/he must be notified in writing of the district's intent not to re-employ (non-renew).

Continuing Teacher

- Continuing teachers or AAs are required to have at least 1 (one) announced observation.
- If there are concerns with performance of continuing teachers, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.
- If the teacher continues to demonstrate inadequate classroom performance, a Statement of Charges is presented to the Board by the Superintendent. The Board votes to dismiss/not dismiss. If the vote is to dismiss, the dismissal occurs at the end of 10 days, unless the teacher requests a hearing.
- AAs may return to probationary status based upon classification received.

 - ~~o If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.~~~~

~~Inadequacy of Classroom Performance~~

~~A teacher's classroom performance is inadequate if:~~

- ~~● The teacher receives a rating of "ineffective" in any of the five (5) Domains on any observation;~~

Individual Goal Plan

- ~~The purpose of the Individual Goal Plan is to set instructional improvement goals, must integrate at least one (1) element identified on the Facilitation or Engagement rubrics with content needs identified in the School Improvement Plan in order to plan for the assessment of professional growth.~~
- ~~Materials to provide/bring to formative conferences:
 - ~~Completed Self-Classified rubrics (optional)~~
 - ~~Planning documents~~
 - ~~Communication documents~~
 - ~~Progress Monitoring/Assessment plan documents~~~~
- ~~While the Self-Classified rubrics are for the sole use of the AA and are not used for formal documentation in the evaluation process, the act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between the AA and the administrator(s).~~
- ~~Discuss the self-classified rubric as a source of goals, objectives, and targets for observations with emphasis on teaching, coaching, and facilitating.~~
- ~~Each AA will collaborate with the administrator(s) to develop an Individual Goal Plan in the spring after their Summative Conference.~~
- ~~Each first year AA will collaborate with the administrator(s) to develop an Individual Goal Plan in the fall based on New Teacher Induction requirements.~~
- ~~After goals have been set, AA and administrator(s) will discuss data to document the goals. The goal will be based on identified elements within the Facilitation or Engagement rubrics. A second goal area may be added from other rubrics to support the facilitation domain.~~

Evaluatee Safeguards

- ~~In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK R p. 1 of 3). Policy GBK R states in part:
"Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District Policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal."²~~
- ~~Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.~~
- ~~The AA has a right to submit a written response to the evaluation per Policy GCO R. Policy GCO R states in part: The AA may initiate a written reaction or response to the written evaluation. The AA's response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the AA has received a copy of the evaluation. A copy of the AA's response will be attached to the evaluation.~~
- ~~Both evaluator and evaluatee may use pre and post observation conferences for identification and resolution of extenuating circumstances.~~
- ~~The evaluator will attempt to resolve any disagreement regarding evaluation results during the post observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.~~

Evaluation Components

The final achievement advisor evaluation classification will be determined using a combination of achievement advisor performance and student achievement. Achievement Advisor performance will account for 67% and student achievement (pending State of Arizona guidance) will account for 33% of the final performance classification.

Achievement Advisor Performance

Achievement Advisor performance will be a result of data collected from at least two observations of complete and uninterrupted lessons. Additional data may be collected from pre/post conferences, mid year conference/feedback session, and additional artifacts. As a result of the data collected each Element from the Achievement Advisor Evaluation Rubric will receive an individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification (Table 1).

The domain classifications will then be used to determine the overall achievement advisor performance classification (Table 2).

Table 1. Number of Elements and Domain Classifications

How to Figure out the 33% of Student Achievement Data

All teachers will receive a classification based on the following percentages:

- 67% of a certified staff member's evaluation will be based on their performance evaluation rubric.
- 33% of a certified staff member's evaluation will be based on the student achievement data as described below:
 - **Highly Effective: YES in both areas**
 - **Effective: YES in Area 2 and NO in Area 1**
 - **Developing: YES in Area 1 and NO in Area 2**
 - **Ineffective: NO in both areas**

SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

Peer Observers

- An achievement advisor may request to have a Peer Observer.
- The purpose of the Peer Observer is to ensure the formal observation process is adhered to according to state and district guidelines.
- A Peer Observer is an achievement advisor who:
 - has a minimum 3 years of successful teaching experience in GESD. Successful is defined as a teacher who has not been on an Intervention Plan or Performance Improvement Plan for two (2) consecutive years
 - has completed annual Peer Observer training
 - has been approved by the Governing Board
 - is a current 1.0 FTE classroom teacher
 - is not a qualified evaluator; therefore, not part of the evaluation process
- If a peer observer is requested, the Peer Observer Request Form must be filled out prior to the pre-observation conference and submitted at the time the formal observation is scheduled.
- Once a peer observer is requested, they will observe the entire formal observation process including the pre-observation conference, the formal observation, and the post-observation conference using the Peer Observation Notes Form.

Intervention Support Plan

- 1. In any observation, if an achievement advisor is classified less than "Effective" in any element, support may be given to the AA in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
- 2. An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- 3. After four to six weeks of support, an announced observation will be performed to determine growth in the areas identified.
- 4. One of the following actions will occur:
 - o If the goal(s) have been met, the Intervention Support Plan is complete.
 - o If the goals(s) have been met, but other elements are classified as less than "Effective," a new plan may be created and implemented following steps 2-4.
 - o If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary Notice of Inadequate Classroom Performance will be developed.

Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance

- 1. If an achievement advisor is placed on a Performance Improvement Plan, the teacher is entitled to specific recommendations as to areas of improvement shall provide assistance and opportunities for the certificated AA to improve his/her performance and follow up with the AA after a reasonable period of time for the purpose of ascertaining that the AA is demonstrating adequate classroom performance. A.R.S. § 15-538
- 2. A Preliminary Notice of Inadequate Classroom Performance accompanied by a Performance Improvement Plan with implementation timeline may be issued in accordance with A.R.S. § 15-538 timelines when AA performance is inadequate as defined by Governing Board Policy GCO.
- 3. A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- 4. After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
- 5. One of the following actions will occur:
 - o If the goal(s) have been met, the Performance Improvement Plan is complete.
 - o If the goals(s) have been met, but other elements are classified as less than "Effective," a new plan may be created and implemented following steps 3-5.
 - o If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
 - o If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.

Inadequacy of Classroom Performance

A teacher's AA's classroom performance is inadequate if:

- The teacher AA receives a rating of "ineffective" in any of the five (5) Domains on any observation; or
- The AA teacher receives a rating of "ineffective" with respect to the District's evaluation instrument as a whole; or
- during each year of two (2) consecutive school years, the certificated teacher AA receives a rating of "ineffective" or "developing" rating with respect to the evaluation instrument as a whole.

Individual Goal Plan

- The purpose of the Individual Goal Plan is to set instructional improvement goals, must integrate at least one (1) element identified on the Facilitation or Engagement rubrics with content needs identified in the School Improvement Plan in order to plan for the assessment of professional growth.
- Materials to provide/bring to formative conferences:
 - o Completed Self-Classified-rubrics (optional)
 - o Planning documents
 - o Communication documents
 - o Progress Monitoring/Assessment plan documents

Formatted: Font: 10 pt

- While the Self Classified-rubrics are for the sole use of the AA and are not used for formal documentation in the evaluation process, the act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between the AA and the administrator(s).
- Discuss the self-classified rubric as a source of goals, objectives, and targets for observations with emphasis on teaching, coaching, and facilitating.
- Each AA will collaborate with the administrator(s) to develop an Individual Goal Plan in the spring after their Summative Conference.
- Each first-year AA will collaborate with the administrator(s) to develop an Individual Goal Plan in the fall based on New Teacher Induction requirements.
- After goals have been set, AA and administrator(s) will discuss data to document the goals. The goal will be based on identified elements within the Facilitation or Engagement rubrics. A second goal area may be added from other rubrics to support the facilitation domain.

Evaluatee Safeguards

- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R states in part: "Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District Policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal."
- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- The AA has a right to submit a written response to the evaluation per Policy GCO-RA. Policy GCO-RA states in part: The AA may initiate a written reaction or response to the written evaluation. The AA's response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the AA has received a copy of the evaluation. A copy of the AA's response will be attached to the evaluation.
- Both evaluator and evaluatee may use pre and post-observation conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

Incentives

Incentives for teachers and AAs in one of the two highest performance classifications, Effective or Highly Effective, pursuant to section 15-203, subsection A, paragraph 38, may include at the discretion of the Superintendent:

- Multiyear contracts pursuant to section 15-503.
- Incentives to work at schools that are assigned a letter grade of D or F pursuant to section 15-241.
- Transfer and contract processes for teachers and AAs designated in the lowest performance classification pursuant to section 15-203, subsection A, paragraph 38.
- If a continuing teacher or AA receives an overall designation of "highly effective" in the area of classroom performance in the current year, he/she would have the option to waive the requirement for the second classroom observation in the following year.

▲ Summative Evaluation Conference

- Teachers are labeled as a Group A or Group B teacher.
- Group A teachers include any teacher who has been in GESD for at least 2 consecutive years with the same teaching assignment in the following AzMERIT and AIMS Science tested subjects:
 - Reading teachers grade 3-8
 - Math teachers grade 3-8
 - Science teachers grades 4 and 8
- All other teachers and achievement advisors are Group B teachers.

Performance Pay

As pursuant to ARS 15-977, in Glendale Elementary School District, the Pay for Performance Framework and the Teacher Evaluation Framework are two distinct frameworks. While both frameworks use similar data to indicate performance, they are not the same. For example, in the Teacher Evaluation Framework, the teacher performance classification is 67% of the final classification. However, the teacher performance classification shall be a component within the total Pay for Performance Framework.

SECTION 1: INTRODUCTION

District Philosophy

GESD believes the teacher evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students. The observation rubric is a document that was created to be used as a point of discussion between evaluator peers, teacher peers, and between the evaluator and evaluatee. Each domain is made up of elements which then have indicators to explain that element throughout four levels of performance. Each of the indicators support that level of performance. The indicators are not to be used as a checklist to determine that level of performance, but rather the indicators should be looked at in a holistic manner when deciding level of performance.

Statement of Purpose

The purpose of the District's Teacher Evaluation System is to improve the quality of instruction and to work toward common goals for the improvement of student learning.

The Teacher Evaluation System:

- safeguards and improves the quality of instruction received by the students.
- structures professional dialogue and feedback between teacher and administrator.
- provides the teacher with opportunities for professional growth, strategies for improvement, or extra assistance as needed.
- clarifies expectations relative to job performance for all certified teachers.
- increases teacher competency.
- includes procedural due process for dismissal.
- complies with Arizona Revised Statutes.

Teaching Standards

The District embraces the National Board of Professional Teaching Standards (NBPTS), Standards for Arizona Teachers and GESD Professional Teacher Standards.

National Board of Professional Teaching Standards (NBPTS)

1. Teachers are committed to students and their learning.
2. Teachers know the subjects they teach and how to teach those subjects to students.
3. Teachers are responsible for managing and monitoring student learning.
4. Teachers think systematically about their practice and learn from experience.

Standards for Arizona Teachers

Standard 1: Designs and Plans Instruction

The teacher designs instruction that develops students' abilities to meet Arizona's academic standards and the district's assessment plan.

Standard 2: Creates and Maintains a Learning Climate

The teacher creates and maintains a learning climate that supports the development of students' abilities to meet Arizona's academic standards.

Standard 3: Implements and Manages Instruction

The teacher implements and manages instruction that develops students' abilities to meet Arizona's academic standards.

Standard 4: Assess Learning and Communicates Results

The teacher assesses learning and communicates results to students, parents and other professionals with respect to students' abilities to meet Arizona's academic standards.

Standard 5: Collaborates with Colleagues, Parents and Others

The teacher collaborates with colleagues, parents, the community and other agencies to design, implement, and support learning programs that develop students' abilities to meet Arizona's academic standards and transition for school work.

Standard 6: Engages in Professional Development

The teacher reviews and evaluates his or her overall performance and implements a professional development plan.

Standard 7: Demonstrates Content Knowledge

The teacher has general academic knowledge as demonstrated by the attainment of a bachelor's degree. The teacher also has specific academic knowledge in his or her subject area sufficient to develop student knowledge and performance in the Arizona academic standards.

Standard 8: Demonstrates Professional Knowledge

The teacher demonstrates current professional knowledge sufficient to effectively design and plan instruction, implement and manage instruction, create and maintain an appropriate learning environment, and assess student learning.

Standard 9: Implements Special Education Components

In collaboration with other professionals, the special education teacher participates in the design, implementation, and assessment of individual education programs.

Elements of Evaluation

1. Comply with State Board of Education-approved model framework for teacher evaluations, which requires that student academic progress account for 33% to 50% of evaluation.
2. Teacher evaluated into one of four performance classifications: highly effective, effective, developing, ineffective. By December 1, 2012, SBOE adopts qualitative definition of performance classifications. By start of 2012-2013 school year, Governing Board adopts quantitative definitions of performance classifications. A.R.S. § 15-203(1) (38).

Summative Evaluation Frequency

All teachers – at least once each year

Observations

Two observations for all teachers demonstrating teaching skills in a complete and uninterrupted lesson.

Time of Observation

1. No observation within two (2) instructional days of a school break of one week or more. A.R.S. § 15-539(C)
2. Sixty (60) calendar days between first and last observation

Communications with Teacher

Evaluator must provide:

- Written feedback to teacher within ten (10) business days after an observation.
- Copy of written summative evaluation within five (5) business days after its completion. After teacher receives evaluation, Board designee, or a qualified evaluator, must:

The final teacher evaluation classification will be determined using a combination of classroom performance and student achievement. Teacher classroom performance will account for 67% and student achievement (pending State of Arizona guidance) will account for 33% of the final teacher performance classification.

Teacher Classroom Performance

Teacher classroom performance will be a result of data collected from at least two classroom observations of complete and uninterrupted lessons. Additional data may be collected from pre/post-conferences, mid-year conference/feedback session, and additional artifacts. As a result of the data collected each Element from the Teacher Evaluation Rubric will receive an individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification (Table 1).

The domain classifications will then be used to determine the overall teacher classroom performance classification (Table 2).

Student Achievement

Teachers are labeled as a Group A or Group B teacher.

- Group A teachers include any teacher who has been in GESD for at least 2 consecutive years with the same teaching assignment in the following AzMERIT and/or AIMS tested subjects:
 - Reading teachers grade 3-8
 - Math teachers grade 3-8
 - Science teachers grades 4 and 8
- All other teachers and achievement advisors are Group B teachers.

Final Classifications for the levels of performance:

- As prescribed in A.R.S. § 15-203, beginning in school year 2013-2014 all school districts and charter schools shall classify each teacher in one of the following four performance classifications:
 - **Highly Effective:** A *highly effective* teacher consistently exceeds expectations. This teacher's instructional performance is exceptional and her/his students generally made exceptional levels of academic progress. The highly effective teacher demonstrates mastery of the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537.
 - **Effective:** An *effective* teacher consistently meets expectations. This teacher's instructional performance is effective and her/his students generally made satisfactory levels of academic progress. The effective teacher demonstrates competency in the state board of education adopted professional teaching standards, as determined by classroom observations as required by ARS §15-537.
 - **Developing:** A *developing* teacher fails to consistently meet expectations and requires a change in performance. This teacher's instructional performance is mixed and her/his students generally made unsatisfactory levels of academic progress. The developing teacher demonstrates an insufficient level of competency in the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537. The developing classification is not intended to be

assigned to a veteran teacher for more than two consecutive years. This classification may be assigned to new or newly-reassigned teachers for more than two consecutive years.

- **Ineffective:** An *ineffective* teacher consistently fails to meet expectations and requires a change in performance. This teacher's instructional performance is ineffective and her/his students generally made unacceptable levels of academic progress. The ineffective teacher demonstrates minimal competency in the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537.

Final Teacher Classification based on Classroom Performance and Student Achievement

How to Figure out the 33% of Student Achievement Data

All teachers will receive a classification based on the following percentages:

- 67% of a certified staff member’s evaluation will be based on their performance evaluation rubric.
- 33% of a certified staff member’s evaluation will be based on the student achievement data as described below:
 - **Highly Effective: YES in both areas**
 - **Effective: YES in Area 2 and NO in Area 1**
 - **Developing: YES in Area 1 and NO in Area 2**
 - **Ineffective: NO in both areas**

Individual Goal Plan

- The purpose of the Individual Goal Plan is to set instructional improvement goals, which must integrate at least one (1) element identified on the Facilitation or Engagement domain with content needs identified in the School Improvement Plan in order to plan for the assessment of professional growth.
- Materials to provide/bring to post conferences:
 - Completed Self-Classified-rubrics (optional)
 - Planning documents
 - Communication documents
 - Progress Monitoring/Assessment plan documents
 - Additional Artifacts
- The self-classified rubrics are for the sole use of the teacher, and are not for formal documentation in the evaluation process. The act of reflection is an essential part of professional growth and should assist in the goal setting process between the teacher and the administrator(s).
- Discuss the self-classified rubric as a source of goals, objectives, and targets for observations with emphasis on teaching.
- Each teacher will collaborate with the administrator(s) to develop an Individual Goal Plan in the spring after their summative conference.

- Each first-year teacher will collaborate with the administrator(s) to develop an Individual Goal Plan in the fall based on New Teacher Induction requirements.
- After goals have been set, teacher and administrator(s) will discuss data collection to document the goals. A second goal area may be added from other domains.

Summative Evaluation Description

- The administrator analyzes data sources & evaluates performance using the teacher evaluation rubric.
- The administrator will assign classifications to each instructional element, for each domain based on observations, artifacts and mid-year conferences/feedback. Based on element and domain classifications the teachers will receive an overall classroom performance classification. The final teacher classification will be determined from classroom performance (67%) and student achievement (33%) data.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrators will set up time with staff members for a summative evaluation conference.
- The administrator and teacher will discuss the rubric classification and comments.
- The teacher may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and teacher will discuss growth from the fall to the spring on the (un)announced observations, mid-year conferences/feedback, additional artifacts. Evidence of progress on the teacher's Individual Goal Plan will be documented on the summative evaluation.
- A new goal will be developed by the evaluator and teacher for the upcoming school year and documented on the summative evaluation.
- The administrator and the teacher sign the summative evaluation documents.
- Teachers may address the evaluation feedback by writing a response in the teacher's comment section OR
- The teacher may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.
- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the certificated teacher within five (5) days after completion of the evaluation.

SECTION 3: DATA COLLECTION MECHANISMS

OBSERVATION TYPES & PROCEDURES

- All teachers, both probationary and continuing, are required to have two observations unless they are subject to an exception as permitted by statute. The first observation will be an announced observation, and the second observation may be announced or unannounced.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15th, and all unannounced observations should be completed prior to April 1st.
- Each teacher may be observed more than the minimum number of times prescribed by Arizona law.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The teacher should be notified of this change prior to the observation.
- The teacher may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.
- Shared teaching positions will be assigned a home school however the teacher may be observed and data may be collected at either site. The summative evaluation will be completed at the home school.

Announced Observation (prior to December 15th)

Evaluator will schedule a time to observe the teacher during a complete and uninterrupted lesson. During the observation the evaluator will collect data about instructional elements within the Environment, Facilitation, and Engagement Domains of the Teacher Instructional Rubric. The announced observation is preceded with a pre-conference and is followed up with a post-conference and written feedback within 10 days of the observation.

Unannounced Observation (prior to April 1st)

The evaluator does not need to schedule a time with the teacher for an unannounced observation. The unannounced observation should be of a complete and uninterrupted lesson. During the observation the evaluator will collect data about instructional elements within the Environment, Facilitation, and Engagement Domains of the Teacher Instructional Rubric. The unannounced observation will be followed by a post-conference within 5 business days and written feedback within 10 days of the observation.

Pre-Observation Conference

- The pre-conference discussion for any announced observation should be arranged by mutual agreement between administrator and teacher. The pre-conference for an announced observation must be scheduled at least two business days prior unless mutually agreed upon.
- If requested, the announced observation pre-conference will be scheduled by the site Administrator.
- The announced observation pre-conference should include the teacher and the observation's team administrator and if requested, the peer observer.
- If a peer observer is requested, the Peer Observer Request Form must be filled out prior to the pre-observation conference and submitted at the time the observation is scheduled.
- Appropriate topics for the announced observation pre-conference may include items on the Pre-Observation Conference Form and possibly the following: reviewing the process, questions about expectations, reviewing artifacts, lesson plans, progress monitoring, and grading practices. The teacher may ask the administrator to pay attention to a specific area that he/she may want the administrator to observe. Additional areas of discussion may include previous observations, Intervention Support Plan, Performance Improvement Plans, and goals and objectives.

Post-Observation Conference

- Unannounced observations must include a post-conference.
- Teachers may self-assess utilizing the teacher evaluation rubric prior to the (Un) announced post-observation conference. The self-assessment is for the sole use of the teacher and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between teacher and administrator.
- The (Un)announced post- observation conference shall be held within five (5) business days after the (Un) announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the teacher within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/ enhancement or refinement/reinforcement and instructional strengths.
- If there are concerns with performance of probationary/continuing teachers, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

MID-YEAR CONFERENCE/FEEDBACK SESSION

- All teachers will have a mid-year conference/feedback session by January 30th with their evaluator each school year.
- Mid-year conference/feedback session of at least thirty (30) minutes are considered part of the Teacher Evaluation System. Data from the mid-year conference/feedback should be included in the summative evaluation.
- Shared teaching positions may participate in the mid-year conference/feedback session at the shared school.

This mid-year conference/feedback session from the shared school may be reviewed with the home school evaluator.

- Classroom Walk-through
- Professional Learning Communities
- Instructional Conferences
- Committee Work
- Surveys
- Awards/Recognitions
- Video Taped Lessons
- School/District Projects
- Professional Development Activities

SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

Peer Observers

Formatted: Font: 18 pt, Bold

- A teacher may request to have a Peer Observer.
 - The purpose of the peer observer is to ensure the formal observation process is adhered to according to state and district guidelines.
 - A peer observer is a continuing teacher who:
 - o has a minimum 3 years of successful teaching experience in GESD. Successful is defined as a teacher who has not been on an Intervention Support Plan or Performance Improvement Plan for two (2) consecutive years
 - o has completed annual Peer Observer Training
 - o has been approved by the Governing Board
 - o is a current 1.0 FTE classroom teacher
 - o is not a qualified evaluator; therefore, not part of the evaluation process
 - If a peer observer is requested, the Peer Observer Request Form must be filled out prior to the pre-observation conference and submitted at the time the observation is scheduled.
 - Once a peer observer is requested, they will observe the entire formal observation process including the pre-observation conference, the observation, and the post-observation conference using the Peer Observation Notes Form.

Intervention Support Plan

1. In any observation, if a teacher is classified less than “Effective” in any element, support may be given to the Teacher in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
2. An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
3. After four to six weeks of support, an announced observation will be performed to determine growth in the areas identified.
4. One of the following actions will occur:
 - If the goal(s) have been met, the Intervention Support Plan is complete.
 - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4 or the teacher may be placed on a Performance Improvement Plan.
 - If no growth or insufficient growth has taken place, a Performance Improvement Plan will be developed.

Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance

1. In accordance with state law and Governing Board Policy GCO, a Preliminary Notice of Inadequate Classroom Performance will accompany the Performance Improvement Plan.
2. If a teacher is placed on a Performance Improvement Plan, the teacher is entitled to “...specific recommendations as to areas of improvement ...shall (be) provide(d) assistance and opportunities for the certificated teacher to improve his/her performance and follow up with the teacher after a reasonable period of time for the purpose of ascertaining that the teacher is demonstrating adequate classroom performance.”
A.R.S. § 15-536 and § 15-538

3. A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
4. After forty-five (45) instructional days, another announced observation will be performed to determine performance in the areas identified.
5. One of the following actions will occur:
 - If the goal(s) have been met, the Performance Improvement Plan is complete.
 - If the goal(s) have been met, but other elements are classified as less than "Effective," a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated.
 - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
 - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.
6. If the teacher continues to demonstrate inadequate classroom performance at the conclusion of the Performance Improvement Plan, a Statement of Charges may be presented to the Board by the Superintendent or the Superintendent may recommend the non-renewal of the teacher. The Board may vote to adopt the statement of charges, if one is required by statute. If the vote is to adopt the statement of charges, the dismissal occurs at the end of 10 days, unless the teacher requests a hearing.

Inadequacy of Classroom Performance

A teacher's classroom performance is inadequate if:

- the teacher receives a rating of "*ineffective*" in any of the five (5) Domains on any observation; *or*
 - the teacher receives a rating of "*ineffective*" with respect to the District's evaluation instrument as a whole;
 - or*
 - during each year of two (2) consecutive school years, the certificated teacher receives a rating of "*ineffective*" or "*developing*" rating with respect to the evaluation instrument as a whole.
7. A Continuing Teacher may be returned to probationary status based upon their classification received as per Arizona statute.

Safeguards

- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the Governing Board.
- In the event of a claim of a violation of procedure or process, the teacher may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R states in part: "Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the teacher may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Governing Board action concerning dismissal or non-renewal."
- Special Education:
 - o When observing special education teachers it is imperative to note that they are teaching a different population and class make up than their general education counterparts. Although special education teachers maintain high expectations for their students they must teach at the individualized levels of their students. Teaching in the special education classroom is based on the cognition and language level of the students, which may not be at their grade level. Therefore, special education teachers may adjust the cognition and language level appropriate to the students' ability levels. An example of differentiation can be demonstrated through the function and formation of groups with the teacher utilizing a variety of methodologies. Special education classrooms may also need additional monitoring, prompts, and cues within the classroom as compared to their general education counterparts. The observer may need to differentiate the elements of interactive language development and critical thinking because students may need to use alternative modes of communication and adjust the level of critical thinking to the knowledge or comprehension level.
 - The teacher has a right to submit a written response to the evaluation per Policy GCO-RA. Policy GCO-RA states in part: The teacher may initiate a written reaction or response to the written evaluation. The teacher's response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the teacher has received a copy of the evaluation. A copy of the teacher's response

will be attached to the evaluation.

- Both evaluator and teacher may use pre and post-observation conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the teacher may ask for one additional observation time during the school year according to board-adopted procedures.

Incentives

Formatted: Font: Bold

Incentives for teachers in one of the two highest performance classifications, Effective or Highly Effective, pursuant to section 15-203, subsection A, paragraph 38, may include at the discretion of the Superintendent:

- Multiyear contracts pursuant to section 15-503.
- Incentives to work at schools that are assigned a letter grade of D or F pursuant to section 15-241.
- Transfer and contract processes for teachers designated in the lowest performance classification pursuant to section 15-203, subsection A, paragraph 38.
- If a continuing teacher receives an overall designation of “highly effective” in the area of classroom performance in the current year, he/she would have the option to waive the requirement for the second classroom observation in the following year.

Performance Pay

As pursuant to ARS 15-977, in Glendale Elementary School District, the Pay for Performance Framework and the Teacher Evaluation Framework are two distinct frameworks. While both frameworks use similar data to indicate performance, they are not the same. For example, in the Teacher Evaluation Framework, the teacher performance classification is 67% of the final classification. However, the teacher performance classification shall be a component within the total Pay for Performance Framework.

The process involves organizing and interpreting the data, creating action plans, and monitoring the effect actions have when implemented.
Differentiated Instruction	Differentiated instruction is a teacher reacting responsively to the learning needs of a particular student

or small group of students rather than the more typical pattern of teaching the class as though all students in it were basically the same. Differentiated instruction is also a teacher actively and positively responding to the learning needs of students.

Differentiated instruction may entail providing a choice of assignments where students self-select, additional teaching on particular skills. Also includes delving into a particular topic in depth or planning reading instruction that is tailored to student need.

English Language Development (ELD)	The Arizona ELL Task Force develops and adopts research-based models of structured English immersion (SEI) programs for use in school districts and charter schools in Arizona. Arizona Revised Statutes (A.R.S.) 115-756.01 requires that the models include a minimum of four hours per day of English language development (ELD) for each year in which a pupil is an English Language Learner. SECTION 1: INTRODUCTION

Introduction

The District has a responsibility to students, patrons, and staff to implement a continuous program of evaluation of all classified employees. To address this important responsibility, this Classified Employee Evaluation Handbook is published to assist employees and supervisors in planning for and implementing evaluations of all classified personnel.

This guide applies to all classified employees and uses the term “employee” to refer to all personnel filling classified positions. The employee’s supervisor will be referred to as the “evaluator”.

Purpose

The purpose of an evaluation is to review and improve job performance and for recommending continued employment. Employees new to the District will receive a 90 day evaluation. Employees hired before January will receive a 90 day evaluation and an annual evaluation prior to May 15th. Returning employees will receive an annual evaluation prior to May 15th.

Statement of Principle

Success in achieving the goals of an evaluation depends on the openness and frankness with which the parties maintain positive attitudes toward realizing growth. The process is demanding of time and resources, but hopefully provides the employee and evaluator with the most equitable means to appraise performance.

We believe the classified evaluation system should:

1. Be a collaborative endeavor between the employee and the evaluator(s).
2. Facilitate open communication in an atmosphere of mutual trust and respect.
3. Provide employees with a list of job standards to clarify expected performance.

SECTION 2: EVALUATION SYSTEM

Evaluation Components

The Classified Evaluation contains 10 elements: Job Knowledge and Skills, Work Performance (Quantity and Quality of Work), Compliance with Rules and Regulations, Attendance and Observation of Work Hours, Customer Service, Teamwork, Accepts Direction, Initiative, Job Safety, and Stewardship of Resources.

Process

Evaluation procedures should focus on job performance with respect to job expectations as determined through a process of initial assessment (orientation), resource assistance throughout the year, and year-end review. A cooperative process between the employee and evaluator will promote the success of the employee and the district.

All components of the evaluation process will be provided to the employee by Human Resources upon initial employment and reviewed annually for continuing employees by their evaluator. This very dynamic and responsive process is intended to promote both personal and professional growth. An important part of this growth is the concept of self-improvement. Toward that end, self-evaluation by the employee is encouraged.

Unscheduled written evaluations may be conducted as deemed appropriate by the evaluator to assist employees in the performance of their job responsibilities.

After the completion of the evaluation, an electronic copy is available to the employee through GPal. Both the employee and the evaluator will then sign the evaluation through an electronic signature ("acknowledge" button). An electronic signature on the evaluation does not necessarily mean that the employee agrees with the opinion expressed, but merely indicates that he/she has read the report and has had an opportunity for discussion with the evaluator. The employee has the right to respond electronically to their evaluation within 5 working days through GPal.

In the case where an employee is rated Ineffective in two or more areas, a Performance Improvement Plan will be completed by the evaluator and shared with the employee. An objective(s) and action step(s) will be written for each element rated as Ineffective. Evaluators will also include the evaluation evidence, how often that evidence will be collected, and a starting/ending date for the plan. Performance Improvement Plans will be anywhere from 4 – 6 weeks. At the conclusion of the plan, the evaluator will complete a supplemental evaluation for the employee and indicate on the plan if each objective was met, partially met, or not met. The Performance Improvement Plan may be concluded or extended.

Procedures and Responsibilities

SECTION 3: SUPPORT

Performance Improvement Plan

A Performance Improvement Plan is required whenever an employee is rated Ineffective in ~~two~~^{three} or more domains. The supervisor has discretion regarding a Performance Improvement Plan when an employee is rated Ineffective in one ~~or two~~ domains.

Steps to follow:

- Notify Classified Coordinator for HR before beginning any Performance Improvement Plan
- Identify specific elements for improvement.
- Define objective(s) and action step(s) for each element rated as Ineffective.
- Specify the evaluation evidence and how often that evidence will be collected.
- Determine starting and ending date for plan (typically 4-6 weeks in duration).
- Follow up evaluation at the conclusion of the plan.
- At the conclusion of the plan, one of the following will occur:
 - If the goal(s) have been met, the Performance Improvement Plan is complete.
 - If the goal(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented.
 - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
 - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.

Philosophy Statement

GESD believes that District leaders need meaningful, fair, and regular evaluation of their performance. The evaluation process should foster and guide the growth and development towards excellence in leadership. In addition to achieving personal and professional goals, district leaders should be evaluated on a variety of measures including progress towards continuous departmental improvement, maintaining a safe and orderly environment, and managing fiscal responsibilities.

GESD is committed to supporting the continuous development and growth of our leaders. District leadership must exhibit collaboration and sharing of expertise to encourage the sustainability of highly effective leadership. District leaders are expected to, and will to be evaluated on, their proficiency in supporting their teams in the implementation of the district's mission and vision.

District Leadership Evaluation

Evaluation Process

- Every person involved in the evaluation process must receive training to ensure reliability and validity and make certain that everyone has the same foundational knowledge to apply to this high stakes decision-making process.
- The district will provide orientation on the evaluation system at the beginning of each school year prior to the opening of school. This will ensure that districts leaders who are new to the system will have the knowledge they need to actively participate in their own evaluations. It will also provide a forum for district staff to review the system and communicate any changes made from the previous year.
- Each district leader may choose to complete a self-assessment using the rubric in the District Leadership Evaluation System. This step in the process could provide the district leader with the opportunity to reflect on personal performance over the course of the previous year and apply the unique aspects of their current setting.
- The evaluator and district leader will review the department's annual goals as well as the performance plan for the person being evaluated. This allows the district leader to reflect the context and setting of the year, as well as reflect changes in district initiative. The district leader will present these goals to their staff and stakeholders by Fall Break of the current school year.
- The evaluation is not a year-end activity, but rather one that is conducted in a consistent and ongoing manner throughout the year.
- The evaluator and district leader being evaluated discuss the district leader's performance ratings, self-evaluation ratings, artifacts and any evidence needed to support the self-evaluation or the evaluator ratings.
- Should the evaluator and the district leader being evaluated not agree on the final ratings during the end of year review, they should determine what additional evidence is needed in order to arrive at the appropriate rating. A two-week period is suggested as adequate time to collect and summarize the evidence and have a discussion to determine the final ratings.
- Using the final ratings on the evaluation, the district leader will engage in goal setting and developing an Individual Goal Plan (IGP).
- A district leader who is classified in the lowest performance classification may not be transferred promotionally to another department/site within the school district.

Overview of the District Leadership Standards

The District Leadership standards were initially derived from the Interstate School Leaders Licensure Consortium (ISLLC) standards which were developed in 2008 by the Council of Chief State School Officers in collaboration with the National Policy Board on Education Administration. The ISLLC standards were then changed to the Professional Standards for Educational Leaders (PSEL) in November, 2015. The purpose of the professional standards is to help define strong school/district leadership, and to serve as a guide to leaders so they may provide the necessary environment to promote the success of every student.

Standard 1: Mission, Vision, and Core Values

Effective district leaders develop, advocate, and enact a shared mission, vision, and core values of a high-quality educational environment that promotes the success and well-being of all stakeholders.

Standard 2: Ethics and Professional Norms

Effective district leaders act ethically and according to professional norms to promote the success and well-being of all stakeholders.

Standard 3: Equity and Cultural Responsiveness

Effective district leaders strive for professional equity and culturally responsive practices to promote the success and well-being of all stakeholders.

Standard 4: Community of Care and Support for All Staff

Effective district leaders cultivate a professional, inclusive, caring, and supportive work environment that promotes the well-being of all stakeholders.

Standard 5: Professional Capacity of District Personnel

Effective district leaders develop the professional capacity and practice of district personnel to promote stakeholder success and well-being.

Standard 6: Meaningful Engagement of All Stakeholders

Effective district leaders promote the success of all stakeholders by collaborating with members of the community and all district colleagues by responding to diverse community interests and needs.

Standard 7: Operations and Management

Effective district leaders manage district operations and resources to promote the success and well-being of all stakeholders.

District Leader Goals

The District Leader will create at least one Professional Goal and one Personal Goal that aligns with and/or further enhances the Department or District Goals. The goals should be established using the SMART goals template. SMART goals help improve achievement and success. A SMART goal clarifies exactly what is expected and the measures used to determine if the goal is achieved and successfully completed.

A SMART goal is:

SPECIFIC (and Strategic): Linked to a position summary, departmental goals/mission, and/or overall district goals and strategic plans. (Answers the questions – What? and Why?)

MEASURABLE: The success toward meeting the goal can be measured. (Answers the question – How?)

ATTAINABLE: Goals are realistic and can be achieved in a specific amount of time and are reasonable.

RELEVANT (Result oriented): The goals are aligned with current tasks and projects and focus in one defined area; include the expected result.

TIME BOUND: Goals have a clearly defined time-frame including a target or deadline date.

Examples:

Not a SMART goal:

“Employee will improve their writing skills.”

Does not identify a measurement or time frame, nor identify why the improvement is needed or how it will be used.

SMART goal:

“The department has identified a goal to improve communications with administrative staff by implementing an internal departmental newsletter. Elaine will complete a business writing course by January 2010 and will publish the first monthly newsletter by March 2010. Elaine will gather input and/or articles from others in the department and draft the newsletter for supervisor review, and when approved by supervisor, distribute the newsletter to staff by the 15th of every month.”

SECTION I - INTRODUCTION

Philosophy Statement

Formatted: Font: 18 pt

GESD believes that principals and assistant principals, as site administrators, need a meaningful, fair, and regular evaluation of their performance. The evaluation process should foster and guide the growth and development towards excellence in educational leadership. In addition to demonstrated student achievement, administrators should be evaluated on a variety of measures including goal setting, progress towards continuous school improvement, maintaining a safe and orderly environment, and managing fiscal responsibilities.

GESD is committed to supporting the continuous development and growth of our leaders through collaboration and mentorship by the principal and district leadership. District and site leadership must exhibit collaboration and sharing of expertise to encourage the sustainability of highly effective leadership. Assistant principals are expected to, and will be evaluated on, their proficiency in supporting their principal in the implementation of the school's mission and vision.

Purpose Statement

Formatted: Font: 22 pt

“To improve student learning, Arizona supports effective teachers and principals by developing a model framework that is flexible in its application and establishes the expectations for a comprehensive evaluation and feedback process, to which all Arizona Local Education Agency (LEA) evaluation instruments shall align.”

(Adopted from the Arizona State Board of Education, (2015-2016)

This evaluation system aligns with guidelines outlined in ARS 15-203, 341, and 503.

SECTION II – THE EVALUATION SYSTEM

Formatted: Default, Left

Evaluation System Training

All site administrators and their evaluator(s) will be trained in the fall of each school year on the process and procedures of the site administrator evaluation system.

Evaluation Process

Formatted: Font: Bold

- Every person involved in the evaluation process must receive training to ensure reliability and validity and make certain that everyone has the same foundational knowledge to apply to this high stakes decision-making process.
- The District will provide orientation on the evaluation system at the beginning of each school year prior to the opening of school. This will ensure that site administrators who are new to the system will have the knowledge they need to actively participate in their own evaluations. It will also provide a forum for District staff to review the system and communicate any changes made from the previous year.
- Each site administrator may choose to complete a self-assessment using the matrix in the GESD Site Administrator Evaluation System. This reflection could provide the site administrator with the opportunity to reflect on personal performance over the course of the previous year and apply the unique aspects of their current setting.
- The evaluator and site administrator will review the school's annual goals as well as the performance plan for the person being evaluated. This allows the site administrator to reflect the context and setting of the year, as well as reflect changes in district initiative. The site administrator will present these goals to their staff, parents, and community by the end of the first instructional period.
- The evaluation is not a year-end activity, but rather one that is conducted in a consistent and ongoing manner throughout the year.
- Should the evaluator and the site administrator being evaluated not agree on the final ratings during the end of year review, they should determine what additional evidence is needed in order to arrive at the appropriate rating. A two-week period is suggested as adequate time to collect and summarize the evidence and have a discussion to determine the final ratings.
- Using the final ratings on the evaluation, the site administrator will engage in goal setting and developing an Individual Goal Plan (IGP).
- A principal who is classified in the lowest performance classification may not be transferred as a principal to another school within the school district unless pursuant to a statutory exception.

SELS Evaluation Handbook

Some of the changes for 18-19 are:

For Domain I: Added Direct Student Services (had been there in the past)

For Domain II: Added Research Informed Plans for Social Emotional and Behavior Supports:

Changed the language for Lesson plans

Changed the language for Data Driven Decision Making

Domain III: Added Functional Behavior Assessment and Positive Behavior Supports

Added Threat Assessments

Domain IV: Added Appropriate Student Intervention (had been there in the past)

Added Principles of Confidentiality (had been there in the past)

Changed the language of Legal & Ethical Practices

Changes to the domain and elements work was done by the SELS group the previous year.

Also, the SELS handbook was not in the same format as the rest of the handbooks, so that has been changed to match other employee evaluation handbooks. In addition, the logic in all handbooks have been changed so it is consistent with all employee handbooks.

SECTION 1: INTRODUCTION

District Philosophy

GESD believes the Social Emotional Learning Specialist evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the social emotional learning of our students. The observation rubric is a document that was created to be used as a point of discussion between evaluator peers, Social Emotional Learning Specialist peers, and between the evaluator and evaluatee. Each domain is made up of elements which then have indicators to explain that element throughout four levels of performance. Each of the indicators support that level of performance. The indicators are to not be used as a checklist to determine that level of performance, but rather the indicators should be looked at in a holistic manner when deciding level of performance.

Statement of Purpose

The purpose of the District's Social Emotional Learning Specialist evaluation system is to improve the quality of services and to work toward common goals for the improvement of student learning.

The Social Emotional Learning Specialist Evaluation System:

- safeguards and improves the quality of services received by the students
- structures professional dialogue and feedback between Social Emotional Learning Specialist and administration
- provides the Social Emotional Learning Specialist with opportunities for professional growth, strategies for improvement, or extra assistance as needed
- clarifies expectations relative to job performance for all Social Emotional Learning Specialists
- increases Social Emotional Learning Specialist competency
- includes procedural due process for dismissal
- complies with Arizona Revised Statutes

Social Emotional Learning Specialist Standards

The Social Emotional Learning Specialist in Glendale Elementary School District provides instructional and support services for students to develop social and emotional skills, crisis intervention services, support and professional development for staff, and parent and community liaison services. This unique blend of performance expectations requires they be evaluated based on the standards set by a variety of sources. Therefore, the Social Emotional Learning Specialist tool is based on:

- The National Association of School Psychologists (NASP) practice model
- The National Board for Professional Teaching Standards (NBPTS) School Counseling Standards
- The National Association of Social Workers (NASW) Standards for Social Work Case Management
- Guidelines from the Crisis Prevention Institute (CPI)
- Alignment with the professional domain of the GESD teacher evaluation rubric

Evaluation Components

Social Emotional Learning Specialist Performance

Social Emotional Learning Specialist performance will be a result of data collected from at least one observation of a complete and uninterrupted lesson. Additional data may be collected from pre/post-conferences, mid-year conference/feedback session, and additional artifacts. As a result of the data collected each Element from the Social Emotional Learning Specialist Evaluation Rubric will receive an individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification (Table 1).

The domain classifications will then be used to determine the overall Social Emotional Learning Specialist performance classification (Table 2).

The self-scored rubric should be discussed as a source of goals, objectives, and targets for observations.
- Each Social Emotional Learning Specialist will collaborate with the administrator to develop an Individual Goal Plan (IGP) in the spring after their Summative conference for the following school year.
- Each first-year Social Emotional Learning Specialist will collaborate with the administrator to develop an Individual Goal Plan (IGP) in the fall after their first observation and conference.

- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the Social Emotional Learning Specialist within five (5) days after completion of the evaluation.

SECTION 3: DATA COLLECTION MECHANISMS

Observation Types and Procedures

- All Social Emotional Learning Specialists, both probationary and continuing, are required to have one observation of a complete, uninterrupted whole class or small group lesson. The first observation will be an announced observation and the second unannounced observation will be optional if a “Developing” in any domain occurs during the announced observation and/or at the discretion of the evaluator.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15th, and all unannounced observations should be completed by April 1st.
- Each Social Emotional Learning Specialist may be observed more than the minimum number of one observation. Additional observations may be announced or unannounced.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The Social Emotional Learning Specialist should be notified of this change prior to the observation.
- The Social Emotional Learning Specialist may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.
- Shared Social Emotional Learning Specialist positions will be assigned a home school/site; however, the Social Emotional Learning Specialist may be observed and data may be collected at any site to which the Social Emotional Learning Specialist is typically assigned. The summative evaluation will be completed at the home school/site.

Announced Observation (prior to December 15th)

The evaluator will schedule a time to observe the Social Emotional Learning Specialist during a complete, uninterrupted whole class or small group lesson. During the observation, the evaluator will collect data about elements within the evaluation rubric. The announced observation is followed up with a post-conference and written feedback within 10 days of the observation.

Unannounced Observation (prior to April 1st)

(Optional if a “Developing” in any domain and/or at the discretion of the evaluator.)

The evaluator does not need to schedule a time with the Social Emotional Learning Specialist for an unannounced observation. The unannounced observation should be of a complete, uninterrupted whole class or small group lesson. During the observation the evaluator will collect data about elements within the evaluation rubric. The unannounced observation will be followed by a post-conference and written feedback within 10 days of the observation.

Post-Observation Conference

- (Un)announced observation must include a post-conference.
- Social Emotional Learning Specialist may self-assess utilizing the Social Emotional Learning Specialist evaluation rubric prior to the post-observation conference. The self-assessment is for the sole use of the Social Emotional Learning Specialist and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and can assist the collaboration of the goal setting process between Social Emotional Learning Specialist and administrator.
- The (un)announced post-observation conference shall be held within five (5) business days after the (un)announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the Social Emotional Learning Specialist within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/enhancement or refinement/reinforcement and instructional strengths.

- If there are concerns with performance of probationary/continuing Social Emotional Learning Specialist, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

Mid-Year Conference/Feedback Session

- All Social Emotional Learning Specialists will have a mid-year conference/feedback session by January 30th, with their evaluator, each school year.
- Mid-year conference/feedback session of at least thirty (30) minutes is considered part of the Social Emotional Learning Specialist Evaluation System. Data from mid-year conference/feedback session should be included in the summative evaluation.
- Shared Social Emotional Learning Specialist positions may participate in the mid-year conference/feedback session at the shared school/site. This mid-year conference/feedback session from the shared school/site may be reviewed with the home school/site evaluator.

Additional Artifacts

The evaluator may use additional artifacts to inform their decision regarding Social Emotional Learning Specialist's performance. Information gained from these artifacts should align to the elements and domains of the Social Emotional Learning Specialist Evaluation Rubric. Data may include, but is not limited to:

- Small Group and Whole Class Schedule
- Lesson Plans
- Functional Behavior Assessments and Behavior Intervention Plans
- Parent Contact Log
- Data Collection that Drove Instructional Decisions
- Professional Development Certificates

SECTION 4: SUPPORT AND SAFEGUARDS

Intervention Support Plan

- Following any observation, if a Social Emotional Learning Specialist is classified less than “Effective” in any element, support may be given to the Social Emotional Learning Specialist in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
- An Intervention Support Plan will be created with clear goals, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After four to six weeks of support, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
 - If the goal(s) have been met, the Intervention Support Plan is complete.
 - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4.
 - If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary Notice of Inadequate Classroom Performance will be developed.

Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance

- In alignment with Governing Board GCO, a Preliminary Notice of Inadequate Performance will accompany the Performance Improvement Plan.
- If a Social Emotional Learning Specialist is placed on a Performance Improvement Plan, the Social Emotional Learning Specialist is entitled to obtain specific recommendations as to areas of improvement, shall be provided assistance and opportunities for the Social Emotional Learning Specialist to improve his/her performance and follow up with the Social Emotional Learning Specialist after a reasonable period of time for the purpose of ascertaining that the Social Emotional Learning Specialist is demonstrating adequate performance.
- A Performance Improvement Plan will be created with clear goals, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
 - If the goal(s) have been met, the Performance Improvement Plan is complete.
 - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated.
 - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
 - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.
- If the Social Emotional Learning Specialist continues to demonstrate inadequate performance at the conclusion of the Performance Improvement Plan, a Statement of Charges is presented to the Board by the Superintendent. The Board votes to dismiss/not dismiss. If the vote is to dismiss, the dismissal occurs at the end of 10 days, unless the Social Emotional Learning Specialist requests a hearing.
- A Continuing Social Emotional Learning Specialist may be returned to probationary status based upon their classification received.

Safeguards

- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R provides in pertinent part: “Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal.”
- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- The Social Emotional Learning Specialist has a right to submit a written response to the evaluation per Policy GCO-RA. Policy GCO-RA provides in pertinent part: The Social Emotional Learning Specialist may initiate a written reaction or response to the written evaluation. The Social Emotional Learning Specialist’s response must be submitted to the evaluator or the Assistant Superintendent for Human Resources no later than fourteen (14) calendar days after the Social Emotional Learning Specialist has received a copy of the evaluation. A copy of the Social Emotional Learning Specialist’s response will be attached to the evaluation.
- Both evaluator and evaluatee may use the post conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

GESD believes the Occupational and Physical Therapist evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students.

Statement of Purpose

Formatted: Font: Bold

The purpose of the District's Occupational and Physical Therapist evaluation system is to improve the quality of services and to work toward common goals for the improvement of student learning.

The Occupational and Physical Therapist Evaluation System:

- safeguards and improves the quality of services received by the students
- structures professional dialogue and feedback between Occupational and Physical Therapist and principal
- provides the Occupational and Physical Therapist with opportunities for professional growth, strategies for improvement, or extra assistance as needed
- clarifies expectations relative to job performance for all Occupational and Physical Therapists
- increases Occupational and Physical Therapist competency
- includes procedural due process for dismissal
- complies with Arizona Revised Statutes

Occupational and Physical Therapist Standards

Formatted: Font: Bold

The District embraces the philosophies outlined by the American Physical Therapy Association (APTA), the American Occupational Therapy Association (AOTA), and the Individuals with Disabilities Education Act (IDEA)

Purpose Statement according to APTA and AOTA:

The professions of physical and occupational therapy are built upon the principle of preserving, developing, and promoting independent physical function. Physical and occupational therapists use their unique expertise to help students participate in appropriate activities in their natural environments and to help students benefit from special education instruction in order to make progress in the general education curriculum in the least restrictive environment. Physical and occupational therapists work with families and school staff to further support the child's progress, interventions, strategies and adaptations focus on promoting functional independence with class work, mobility, positioning, and safe and efficient participation in daily activities and routines.

The effectiveness of OT and PT services is based on appropriate assessment and evaluation, measureable outcomes, and data driven decisions. Following this best practice approach, young children and students with disabilities should have improved access and participation in their natural roles, routines and environments.

Occupational and Physical Therapist Training

- The evaluation process is reviewed with all Occupational and Physical Therapists within the first three weeks of the start of school year with the appropriate qualified evaluator(s).

EVALUATION COMPONENTS

Formatted: Font: Bold

The final Occupational or Physical Therapist evaluation classification will be determined using a combination of therapy session performance and review of their contributions to special education compliance documentation (e.g. Multidisciplinary Evaluations, Individualized Education Plans, and Medicaid billing). Occupational and Physical Therapists will be observed and scored on the following domains by their home school evaluator:

- Screening and Evaluation
- Treatment and Therapy Planning
- Treatment/Therapy Implementation
- Professionalism

Occupational and Physical Therapists will be observed and rated on the following domain by an evaluator assigned to the Special Education Department at the district office. Ratings on these elements will be shared with the home school evaluator and integrated into the overall classification during the post-observation process.

- Documentation of Evaluation and Therapy

Occupational or Physical Therapist Therapy Session Performance

Occupational or Physical Therapist therapy session performance will be a result of data collected from at least one therapy session observation of complete and uninterrupted session. Additional data may be collected from post-conferences, mid-year conference/feedback session, and additional artifacts. As a result of the data collected elements from the Occupational or Physical Therapist Evaluation Rubric will receive individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Therapy Performance will be determined using the following scoring adaptor:

Screening and Evaluation	3-Highly Effective 2-Effective No Developing No Ineffective	3 4-Effective/Highly Effective 2-Developing No Ineffective	4 -Highly Effective/ Effective/ Developing 2-Developing 1-No Ineffective	3 -Highly Effective/ Effective/Effective/ Developing 2-1-Ineffective

Compliance Documentation

Occupational or Physical Therapist compliance documentation will be a result of data collected through a review of at least one complete student special education file. Such a review will be conducted by a qualified evaluator within the special education department. As a result of the data collected elements from the Occupational or Physical Therapist Evaluation Rubric will receive individual classifications of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Compliance Documentation will be determined using the following scoring adaptor:

Documentation of Evaluation and Therapy	4 3- Highly Effective 2 -Effective No Developing No Ineffective	4 -Effective/Highly Effective/ Effective 2 -Developing No Ineffective	5 -Highly Effective/ Effective / Effective / Developing 3 -Developing 1-Ineffective	4 Highly Effective/ Effective / Effective / Developing 2- Ineffective

Summative Evaluation

All the domain classifications will then be used to determine the overall Speech Therapist's performance classification for the summative evaluation using the following score adaptor:

Summative Evaluation	Provide written final classification to the teacher and facilitate a conference with the teacher. <i>(See description below)</i>	Evaluator	Before April 15 th .	Next Goal Setting Conference.

Individual Goal Plan

- The purpose of the Individual Goal Plan is to set improvement goals, based on elements identified in the rubric.
- While the self-scored rubrics are for the sole use of the Occupational Therapist or Physical Therapist and are not used for formal documentation in the evaluation process, the act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between the Occupational Therapist or Physical Therapist and the administrator. The self-scored rubric should be discussed as a source of goals, objectives, and targets for observations.
- Each Occupational Therapist or Physical Therapist will collaborate with the administrator to develop an Individual Goal Plan in the spring after their summative conference.
- Each first-year Occupational Therapist or Physical Therapist will collaborate with the administrator to develop an Individual Goal Plan in the fall after their first observation and conference.
- After goals have been set, Occupational Therapist or Physical Therapist and administrator will discuss data to document the goals. The goals will be based on identified elements within the rubrics.

Summative Evaluation Description

- The administrator analyzes data sources & evaluates performance using the evaluation rubric.
- The administrators will assign classifications to each element, for each domain based on observations, artifacts and mid-year conferences/feedback. Based on element and domain classifications the Occupational or Physical Therapist will receive an overall performance classification as indicated above.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrator will set up time with staff members for a summative evaluation conference.
- The administrator and the Occupational or Physical Therapist will discuss the rubric classification and comments.
- The Occupational or Physical Therapist may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and Occupational or Physical Therapist will discuss growth from the fall to the spring on the (un)announced observations, mid-year conferences/feedback, and additional artifacts. Evidence of progress on the Occupational or Physical Therapist's Individual Goal Plan will be documented on the summative evaluation.
- A new goal will be developed by the evaluator and evaluatee for the upcoming school year and documented on the summative evaluation.
- The administrator and the Occupational or Physical Therapist sign the summative evaluation documents.
- Occupational or Physical Therapists may address the evaluation feedback by writing a response in the evaluatee's comment section OR
- The Occupational or Physical Therapist may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.

Commented [GS5]: Is the self-scored rubric still a part of plan? This may need to be deleted.

Commented [GS6]: IGP is never available until Fall so don't know if this should be changed to each Fall

Commented [GS7]: Hasn't unannounced been removed and down to 1 evaluation. Modify as needed.

Commented [GS8]: This is no longer part of the evaluation system. Do you want to remove it

- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the Occupational or Physical therapist within five (5) days after completion of the evaluation.

SECTION 3: DATA COLLECTION MECHANISMS

OBSERVATION TYPES & PROCEDURES

Formatted: Font: 18 pt

- All Occupational or Physical Therapists, both probationary and continuing, are required to have two observations of a therapy session. The first observation will be an announced observation and the second unannounced observation will be optional if a Developing in any domain occurs during the announced observation and/or at the discretion of the evaluator.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15th, and all unannounced observations should be completed by April 1st.
- Each Occupational or Physical Therapist may be observed more than the minimum number of one observation. Additional observations may be announced or unannounced.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The Occupational or Physical Therapist should be notified of this change prior to the observation.
- The Occupational or Physical Therapist may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, not will the request delay Board action on non-renewal or dismissal.
- Shared therapist positions will be assigned a home school/site; however, the Occupational or Physical Therapist may be observed and data may be collected at any site to which the therapist is typically assigned. The summative evaluation will be completed at the home school/site.

Commented [GS9]: Need to change – Previous language stated only 1 evaluation was required.

Commented [GS10]: Do time lines remain with only 1 required – Unannounced deleted?

Announced Observation (prior to December 15th)

Evaluator will schedule a time to observe the therapist during a complete and uninterrupted therapy session. During the observation, the evaluator will collect data about therapy elements within the evaluation rubric. The announced observation is followed up with a post-conference and written feedback within 10 days of the observation.

Unannounced Observation (prior to April 1st) (Optional if a Developing in any domain and/or at the discretion of the evaluator)

The evaluator does not need to schedule a time with the Occupational or Physical Therapist for an unannounced observation. The unannounced observation should be of a complete and uninterrupted therapy session. During the observation the evaluator will collect data about therapy elements within the evaluation rubric. The unannounced observation will be followed by a post-conference and written feedback within 10 days of the observation.

Commented [GS11]: Reword with only 1 required evaluation

Post-Observation Conference

- (Un)announced observation must include a post-conference.
- Occupational and Physical Therapists will self-assess utilizing the Occupational and Physical Therapist evaluation rubric prior to the post-observation conference. The self-assessment is for the sole use of the Occupational Therapist or Physical Therapist and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between Occupational Therapist or Physical Therapist and administrator.
- The (un)announced post-observation conference shall be held within five (5) business days after the (un)announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the Occupational or Physical Therapist within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/enhancement or refinement/reinforcement and instructional strengths.

Commented [GS12]: Self-assessment still Required? Not in chart in Section 2.

- If there are concerns with performance of probationary/continuing therapists, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

File Reviews

- All Occupational or Physical Therapists, both probationary and continuing, will have data collected through one file reviews conducted by a qualified evaluator within the special education department at the district level. These file reviews will be scheduled so that classifications based on these reviews can be shared with home school/site evaluator in accordance with the required observation deadlines outlined in these procedures.
- File reviews will be done on files which are randomly selected from the list of files completed since the last observation or summative evaluation.

MID-YEAR CONFERENCE/FEEDBACK SESSION

Formatted: Font: Bold

- All Occupational or Physical Therapists will have a mid-year conference/feedback session by January 30th, with their evaluator, each school year.
- Mid-year conferences/feedback session of at least thirty (30) minutes are considered part of the Occupation and Physical Therapist Evaluation System. Data from mid-year conference/feedback session should be included in the summative evaluation.
- Shared therapist positions may participate in the mid-year conference/feedback session at the shared school/site. This mid-year conference/feedback session from the shared school/site may be reviewed with the home school/site evaluator.

ADDITIONAL ARTIFACTS

Formatted: Font: Bold

The evaluator may use additional artifacts to inform their decision regarding therapist’s performance. Information gained from these artifacts should align to the elements and domains of the Occupation and Physical Therapists Evaluation Rubric. Data may include, but is not limited to:

SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

Formatted: Font: 22 pt

Intervention Support Plan

- Following any observation, if an Occupational or Physical Therapist is classified less than “Effective” in any element, support may be given to the Occupational Therapist or Physical Therapist in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
- An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After four to six weeks of support, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
 - If the goal(s) have been met, the Intervention Support Plan is complete.
 - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4 or the therapist may be placed on a Performance Improvement Plan.
 - If no growth or insufficient growth has taken place, a Performance Improvement Plan will be developed.

Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance

- In alignment with Governing Board GCO, a Preliminary Notice of Inadequate Performance will accompany the Performance Improvement Plan.
- If an Occupational or Physical Therapist is placed on a Performance Improvement Plan, the Occupational or Physical Therapist is entitled to specific recommendations as to areas of improvement, shall be provided assistance and opportunities for the therapist to improve his/her performance and follow up with the therapist after a reasonable period of time for the purpose of ascertaining that the therapist is demonstrating adequate performance.
- A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
 - If the goal(s) have been met, the Performance Improvement Plan is complete.
 - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated.
 - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
 - If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary Notice of Inadequate Classroom Performance will be developed.
- If the Occupational or Physical Therapist continues to demonstrate inadequate performance at the conclusion of the Performance Improvement Plan, a Statement of Charges is presented to the Board by the Superintendent. The Board votes to dismiss/not dismiss. If the vote is to dismiss, the dismissal occurs at the end of 10 days, unless the therapist requests a hearing.
- A Continuing Therapist may be returned to probationary status based upon their classification received.

Safeguards

- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R provides in pertinent part: “Performance evaluation is not subject to the grievance policy, except for procedural violations.”

Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal.”

- The Occupational Therapist or Physical Therapist has a right to submit a written response to the evaluation per Policy GCO-R. Policy GCO-R provides in pertinent part: The Occupational Therapist or Physical Therapist may initiate a written reaction or response to the written evaluation. The Occupational Therapist or Physical Therapist’s response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the Occupational Therapist or Physical Therapist has received a copy of the evaluation. A copy of the Occupational Therapist or Physical Therapist’s response will be attached to the evaluation.
- Both evaluator and evaluatee may use pre and post conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

District Philosophy

Formatted: Font: 18 pt, Bold

GESD believes the School Psychologist evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students.

Statement of Purpose

Formatted: Font: Bold

The purpose of the District's School Psychologist evaluation system is to improve the quality of services and to work toward common goals for the improvement of student learning.

The School Psychologist Evaluation System:

- safeguards and improves the quality of services received by the students
- structures professional dialogue and feedback between School Psychologist and principal
- provides the School Psychologist with opportunities for professional growth, strategies for improvement, or extra assistance as needed
- clarifies expectations relative to job performance for all School Psychologists
- increases School Psychologist competency
- includes procedural due process for dismissal
- complies with Arizona Revised Statutes

School Psychologist Standards

Formatted: Font: Bold

The school psychologist evaluation system is based on the domains developed within the National Association of School Psychologists (NASP) practice model. School psychologists work with students and their families to support students' social, emotional and behavioral health. Research has shown that students who receive this type of support achieve better in school. (Bierman et al. 2011; Durlack et al., 2011, Fleming et al., 2005; Greenberg et al. 2003; Welsh, Parke, Widaman, & O'Neil, 2001; Zins, Bloodworth, Weissberg, & Walberg, 2004). School Psychologists also work with school teams to support the success of students through a variety of means including assessment, consultation and review of student performance data.

It is important to note that the NASP practice model is based on a psychologist to student ratio of 1 to 500-700 students. In GESD at this time the average ratio is about 1 to 1200 students. Therefore, there have been some revisions to the NASP domains to account for the increased ratio and emphasis on evaluation and consultation rather than direct services to students at this time. (2013) NASP recommends that an individual credentialed in school psychology participate in the evaluation of the school psychologist. In addition, NASP recommends that multiple sources of data be collected in the evaluation of the school psychologist.

Formatted: Font: 18 pt, Bold

The final School Psychologist evaluation classification will be determined using a combination of site performance and review of their contributions to special education compliance documentation (e.g. Multidisciplinary Evaluations and Prior Written Notices).

School Psychologists will be observed and rated on the following domains by their home school evaluator:

- Facilitates Special Education Process
- Support Services
- Professionalism

School Psychologists will be observed and rated on the following domain by an evaluator assigned to the Special Education Department at the district office. Classifications on these elements will be shared with the home school evaluator and integrated into the overall classification during the post-observation process.

- Evaluation and Compliance

School Psychologist Performance

School Psychologist performance will be a result of data collected from at least one observation during multidisciplinary evaluation team meetings. Additional data may be collected from the post-conference, mid-year conference/feedback session, and additional artifacts. As a result of the data collected elements from the School Psychologist Evaluation Rubric will receive individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Performance will be determined using the following scoring adaptor:

Facilitates Special Education Process	4 3- Highly Effective 2 -Effective No Developing No Ineffective	4- Effective /Highly Effective/ Effective 2 -Developing No Ineffective	5 -Highly Effective/ Effective / Effective / Developing 3 -Developing 1-Ineffective	4 -Highly Effective/ Effective / Effective / Developing 2- Ineffective

Compliance Documentation

School Psychologist compliance documentation will be a result of data collected through a review of at least one complete student special education file. Such a review will be conducted by a qualified evaluator within the special education department. As a result of the data collected elements from the School Psychologist Evaluation Rubric will receive individual classifications of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Compliance Documentation will be determined using the following scoring adaptor:

Evaluation and Compliance	4 3- Highly Effective 2 -Effective No Developing No Ineffective	4- Effective /Highly Effective/ Effective 2 -Developing No Ineffective	5 -Highly Effective/ Effective / Effective / Developing 3 -Developing 1-Ineffective	4 -Highly Effective/ Effective / Effective / Developing 2- Ineffective
----------------------------------	--	---	--	---

Summative Evaluation

All the domain classifications will then be used to determine the overall Speech Therapist's performance classification for the summative evaluation using the following score adaptor:

Highly Effective	2 Highly Effective Domains No Developing Domains
-------------------------	---

	No Ineffective Domains
Effective	3 Effective / Highly Effective Domains No Ineffective Domains

Individual Goal Plan

- The purpose of the Individual Goal Plan is to set improvement goals, based on elements identified in the rubric.
- While the self-scored rubrics are for the sole use of the School Psychologist and are not used for formal documentation in the evaluation process, the act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between the School Psychologist and the administrator. The self-scored rubric should be discussed as a source of goals, objectives, and targets for observations.
- Each School Psychologist will collaborate with the administrator to develop an Individual Goal Plan in the spring after their Summative conference.

Commented [GS3]: Is this still available in GPAL

Commented [GS4]: Again goal plans not available in Spring

- Each first-year School Psychologist will collaborate with the administrator to develop an Individual Goal Plan in the fall after their first observation and conference.
- After goals have been set, School Psychologist and administrator will discuss data to document the goals. The goals will be based on identified elements within the rubrics.

Summative Evaluation Description

- The administrator analyzes data sources & evaluates performance using the evaluation rubric.
- The administrators will assign classifications to each element, for each domain based on observation, artifacts and mid-year conferences/feedback. Based on element and domain classifications the School Psychologist will receive an overall performance classification as indicated above.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrators will set up time with staff members for a summative evaluation conference.
- The administrator and the School Psychologist will discuss the rubric classification and comments.
- The School Psychologist may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and School Psychologist will discuss growth from the fall to the spring on the (un)announced observations, mid-year conference/feedback, and additional artifacts. Evidence of progress on the School Psychologist’s Individual Goal Plan will be documented on the summative evaluation.
- A new goal will be selected and developed by the evaluator and evaluatee for the upcoming school year and listed on the summative evaluation.
- The administrator and the School Psychologist sign the summative evaluation documents.
- School Psychologists may address the evaluation feedback by writing a response in the evaluatee’s comment section OR
- The School Psychologist may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.
- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the School Psychologist within five (5) days after completion of the evaluation.

Commented [GS5]: No place to put this on Summative any more.

OBSERVATION TYPES & PROCEDURES

Formatted: Font: 18 pt, Bold

- All School Psychologist, both probationary and continuing, are required to have one observation of a multidisciplinary evaluation team meeting. The first observation will be an announced observation and the second unannounced observation will be optional if a Developing in any domain occurs during the announced observation and/or at the discretion of the evaluator.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15th, and all unannounced observations should be completed by April 1st.
- Each School Psychologist may be observed more than the minimum number of one observation. Additional observations may be announced or unannounced.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The School Psychologist should be notified of this change prior to the observation.
- The School Psychologist may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.
- Shared psychologist positions will be assigned a home school/site; however, the School Psychologist may be observed and data may be collected at any site to which the psychologist is typically assigned. The summative evaluation will be completed at the home school/site.

Commented [GS6]: Should phrasing for optional be

Announced Observation (prior to December 15th)

Evaluator will schedule a time to observe the psychologist during a complete and uninterrupted multidisciplinary team meeting. During the observation, the evaluator will collect data about elements within the evaluation rubric. The announced observation is followed up with a post-conference and written feedback within 10 days of the observation.

Unannounced Observation (prior to April 1st) (Optional if a Developing in any domain and/or at the discretion of the evaluator)

The evaluator does not need to schedule a time with the School Psychologist for an unannounced observation. The unannounced observation should be of a complete and uninterrupted therapy session. During the observation the evaluator will collect data about elements within the evaluation rubric. The unannounced observation will be followed by a post-conference and written feedback within 10 days of the observation.

Post-Observation Conference

- (Un)announced observation must include a post-conference.
- School Psychologist will self-assess utilizing the School Psychologist evaluation rubric prior to the post-observation conference. The self-assessment is for the sole use of the School Psychologist and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between School Psychologist and administrator.
- The (un)announced post-observation conference shall be held within five (5) business days after the (un)announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the School Psychologist within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/enhancement or refinement/reinforcement and instructional strengths.
- If there are concerns with performance of probationary/continuing therapists, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

File Reviews

- All School Psychologists, both probationary and continuing, will have data collected through one file review conducted by a qualified evaluator within the special education department at the district level. The file review will be scheduled so that classifications based on these reviews can be shared with home school/site evaluator in accordance with the required observation deadlines outlined in these procedures.
- File reviews will be done on files which are randomly selected from the list of files completed since the last observation or summative evaluation.

MID-YEAR CONFERENCE/FEEDBACK SESSION

Formatted: Font: Bold

- All School Psychologists will have a mid-year conference/feedback session by January 30th, with their evaluator, each school year.
- Mid-year conferences/feedback session of at least thirty (30) minutes are considered part of the School Psychologist Evaluation System. Data from mid-year conference/feedback session should be included in the summative evaluation.
- Shared psychologist positions may participate in the mid-year conference/feedback session at the shared school/site. This mid-year conference/feedback session from the shared school/site may be reviewed with the home school/site evaluator.

ADDITIONAL ARTIFACTS

Formatted: Font: Bold

The evaluator may use additional artifacts to inform their decision regarding psychologist's performance. Information gained from these artifacts should align to the elements and domains of the School Psychologist Evaluation Rubric. Data may include, but is not limited to:

- Meeting Schedule
- Evaluation Log
- Screening Log
- Professional Development Certificates
- Observation during MET, IEP, or other parent meetings

SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

Formatted: Font: 22 pt

Intervention Support Plan

- Following any observation, if a School Psychologist is classified less than “Effective” in any element, support may be given to the School Psychologist in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
- An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After four to six weeks of support, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
 - If the goal(s) have been met, the Intervention Support Plan is complete.
 - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4.
 - If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary Notice of Inadequate Classroom Performance will be developed.

Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance

- In alignment with Governing Board GCO, a Preliminary Notice of Inadequate Performance will accompany the Performance Improvement Plan.
- If a School Psychologist is placed on a Performance Improvement Plan, the School Psychologist is entitled to obtain specific recommendations as to areas of improvement, shall be provided assistance and opportunities for the psychologist to improve his/her performance and follow up with the psychologist after a reasonable period of time for the purpose of ascertaining that the psychologist is demonstrating adequate performance.
- A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
 - If the goal(s) have been met, the Performance Improvement Plan is complete.
 - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated.
 - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
 - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.
- If the School Psychologist continues to demonstrate inadequate performance at the conclusion of the Performance Improvement Plan, a Statement of Charges is presented to the Board by the Superintendent. The Board votes to dismiss/not dismiss. If the vote is to dismiss, the dismissal occurs at the end of 10 days, unless the psychologist requests a hearing.
- A Continuing Psychologist may be returned to probationary status based upon their classification received.

Safeguards

- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R provides in pertinent part: “Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal.”

- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- The School Psychologist has a right to submit a written response to the evaluation per Policy GCO-R. Policy GCO-R provides in pertinent part: The School Psychologist may initiate a written reaction or response to the written evaluation. The School Psychologist's response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the School Psychologist has received a copy of the evaluation. A copy of the School Psychologist's response will be attached to the evaluation.
- Both evaluator and evaluatee may use the post conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

Explains <i>BOTH</i> (1) the team's decision for gathering additional data in identified areas of concern and/or suspected disability <i>AND (2) FOR NOT GATHERING ADDITIONAL DATA IN OTHER AREAS OF CONCERN.</i> The explained rationale for gathering additional data explicitly indicates at least one reason that the data is needed related to one of the four options listed under effective.

District Philosophy

Formatted: Font: 18 pt, Bold

GESD believes the Speech Therapist evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students.

Statement of Purpose

Formatted: Font: 18 pt

The purpose of the District's Speech Therapist evaluation system is to improve the quality of services and to work toward common goals for the improvement of student learning.

The Speech Therapist Evaluation System:

Formatted: Font: 10 pt, Bold

- safeguards and improves the quality of services received by the students
- structures professional dialogue and feedback between Speech Therapist and principal
- provides the Speech Therapist with opportunities for professional growth, strategies for improvement, or extra assistance as needed
- clarifies expectations relative to job performance for all Speech Therapists
- increases Speech Therapist competency
- includes procedural due process for dismissal
- complies with Arizona Revised Statutes

Speech Therapist Standards

Formatted: Font: Bold

The District embraces the philosophies outlined by the American Speech Language Hearing Association (ASHA) and the Individuals with Disabilities Education Act (IDEA)

Purpose Statement according to ASHA:

The school-based speech language pathologist has unique roles and responsibilities separate from teachers including the prevention, identification, assessment, evaluation, and re-evaluation of communication disorders, differences, and delays; development of individualized education plans (IEPs); and caseload management, intervention, counseling, transition services, dismissal, supervision, documentation, professional leadership, research, advocacy, and accountability (ASHA, 2006).

- The effectiveness of services provided by speech therapists is based on appropriate assessment and evaluation, measureable outcomes, and data driven decisions. This document integrates components from the 2006 ASHA Guidelines and the GESD Teacher Evaluation System.

Summative Evaluation Frequency

All Speech Therapists shall be evaluated once each year.

Formal Observations

There shall be one observation with an option for a second observation of the Speech Therapist demonstrating skills in a complete and uninterrupted therapy session as well as an observation of a MET and/or IEP meeting. EVALUATION SYSTEM TRAINING

Formatted: Font: Bold

Qualified Evaluator Training

- Each Speech Therapist will be evaluated by a qualified evaluator. The Governing Board shall annually designate persons who are qualified to evaluate Speech Therapists to serve as evaluators for the District's Speech Therapist performance evaluation system. Such persons will be the same persons designated by the Governing Board as qualified evaluators for teachers.
- The Governing Board shall ensure that evaluators are qualified to evaluate Speech Therapist, by delegating to the Administration the responsibility for ensuring that evaluators are provided with the appropriate training.
- The qualifications required of qualified evaluators are as follows:
 - Knowledge
 - Knowledge of district's Professional Standards
 - Knowledge of district evaluation system
 - Knowledge of policies, laws, and regulations related to evaluation
 - Evaluation Process
 - Orients and communicates the evaluation process to employees
 - Completes evaluation tasks within required timelines
 - Completes observations within required timelines
 - Maintains a record of evaluation tasks performed
 - Gathers and records data objectively
 - Conference and Improvement Plans
 - Seeks input from Speech Therapists regarding their evaluation & individual professional development plan
 - Communicates areas of instructional strength to Speech Therapist
 - Specifies areas of refinement to Speech Therapist
 - Provides systematic, ongoing support for Speech Therapists in implementing improvement plans
 - Monitors improvement plan implementation and provides feedback
 - Reliability
 - Qualified evaluators must meet expected inter-rater reliability expectations established by the district
 - Training & reliability testing will be provided for qualified evaluators annually.

Speech Therapist Training

- The evaluation process is reviewed with all Speech Therapists within the first three weeks of the start of school year with the appropriate qualified evaluator(s).

EVALUATION COMPONENTS

Formatted: Font: Bold

The final Speech Therapist evaluation classification will be determined using a combination of therapy session performance and review of their contributions to special education compliance documentation (e.g. Multidisciplinary Evaluations, Individualized Education Plans, and Medicaid billing).

Speech Therapists will be observed and scored on the following domains by their home school evaluator:

- Facilitation
- Engagement
- Environment (during provision of services)

- Planning
- Professionalism

Speech Therapists will be observed and rated on the following domains by an evaluator assigned to the Special Education Department at the district office. Ratings on these elements will be shared with the home school evaluator and integrated into the overall classification during the post-observation process.

- Evaluation
- Compliancy

Speech Therapist Therapy Session Performance

Speech Therapist therapy session performance will be a result of data collected from at least one therapy session observation of a complete and uninterrupted session. Additional data may be collected from the post-conference, mid-year conference/feedback session, and additional artifacts. As a result of the data collected elements from the Speech Therapist Evaluation Rubric will receive individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Therapy Performance will be determined using the following scoring adaptor:

Facilitation	4- Highly Effective 1-Effective No Developing No Ineffective	4-Effective/Highly Effective No Developing/Ineffective	5-Highly Effective/Effective/ Developing 1-Ineffective	4-Highly Effective/Effective/ Developing 2- Ineffective

Compliance Documentation

Speech Therapist compliance documentation will be a result of data collected through a review of at least one complete student special education file. Such a review will be conducted by a qualified evaluator within the special education department. As a result of the data collected elements from the Speech Therapist Evaluation Rubric will receive individual classifications of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Compliance Documentation will be determined using the following scoring adaptor:

Evaluation	3-Highly Effective 1-Effective No Developing No Ineffective	3-Effective/Highly Effective 1-Developing No Ineffective	3-Highly Effective/Effective Developing 2-Developing 1-No Ineffective	2-Highly Effective/Effective/ Developing 2-1-Ineffective

Summative Evaluation

All the domain classifications will then be used to determine the overall Speech Therapist’s performance classification for the summative evaluation.

Individual Goal Plan

- The purpose of the Individual Goal Plan is to set improvement goals, based on elements identified in the rubric.
- While the self-scored rubrics are for the sole use of the Speech Therapist and are not used for formal documentation in the evaluation process, the act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between the Speech Therapist and the administrator. The self-scored rubric should be discussed as a source of goals, objectives, and targets for observations.
- Each Speech Therapist will collaborate with the administrator to develop an Individual Goal Plan in the spring after their Summative conference.
- Each first-year Speech Therapist will collaborate with the administrator to develop an Individual Goal Plan in the fall after their first observation and conference.
- After goals have been set, Speech Therapist and administrator will discuss data to document the goals. The goals will be based on identified elements within the rubrics.

Commented [GS3]: Is this still in Evaluation portfolio? Not in teachers.

Commented [GS4]: Again GPAL not available until Fall

Summative Evaluation Description

- The administrator analyzes data sources & evaluates performance using the evaluation rubric.
- The administrators will assign classifications to each element, for each domain based on observations, artifacts and mid-year conferences/feedback. Based on element and domain classifications the Speech Therapist will receive an overall performance classification as indicated above.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrator will set up time with staff members for a summative evaluation conference.
- The administrator and the Speech Therapist will discuss the rubric classification and comments.
- The Speech Therapist may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and Speech Therapist will discuss growth from the fall to the spring on the (un)announced observations, mid-year conferences/feedback, and additional artifacts. Evidence of progress on the Speech Therapist's Individual Goal Plan will be documented on the summative evaluation.
- A new goal will be developed by the evaluator and evaluatee for the upcoming school year and documented on the summative evaluation.
- The administrator and the Speech Therapist sign the summative evaluation documents.
- Speech Therapists may address the evaluation feedback by writing a response in the evaluatee's comment section OR
- The Speech Therapist may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.

Commented [GS5]: Reword – no longer 2 evaluations required.

Commented [GS6]: No longer space for this in evaluation

- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the Speech therapist within five (5) days after completion of the evaluation.

OBSERVATION TYPES & PROCEDURES

Formatted: Font: Bold

- All Speech Therapists, both probationary and continuing, are required to have one observation of a therapy session and/or IEP meeting. The first observation will be an announced observation and the second unannounced observation will be optional if a Developing in any domain occurs during the announced observation and/or at the discretion of the evaluator.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15th, and all unannounced observations should be completed by April 1st.
- Each Speech Therapist may be observed more than the minimum number of one observation. Additional observations may be announced or unannounced.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The Speech Therapist should be notified of this change prior to the observation.
- The Speech Therapist may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.
- Shared therapist positions will be assigned a home school/site; however, the Speech Therapist may be observed and data may be collected at any site to which the therapist is typically assigned. The summative evaluation will be completed at the home school/site.

Commented [GS7]: Need this phrase or should it align to optional.

Announced Observation (prior to December 15th)

Evaluator will schedule a time to observe the therapist during a complete and uninterrupted therapy session. During the observation, the evaluator will collect data about therapy elements within the evaluation rubric. The announced observation is followed up with a post-conference and written feedback within 10 days of the observation.

Commented [GS8]: Do you need to include IEP or MET with this because that was stated above.

Unannounced Observation (prior to April 1st) (Optional if a Developing in any domain and/or at the discretion of the evaluator)

The evaluator does not need to schedule a time with the Speech Therapist for an unannounced observation. The unannounced observation should be of a complete and uninterrupted therapy session. During the observation the evaluator will collect data about therapy elements within the evaluation rubric. The unannounced observation will be followed by a post-conference and written feedback within 10 days of the observation.

Post-Observation Conference

- (Un)announced observation must include a post-conference.
- Speech Therapists will self-assess utilizing the Speech Therapist evaluation rubric prior to the post-observation conference. The self-assessment is for the sole use of the Speech Therapist and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between Speech Therapist and administrator.
- The (un)announced post-observation conference shall be held within five (5) business days after the (un)announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the Speech Therapist within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/enhancement or refinement/reinforcement and instructional strengths.

- If there are concerns with performance of probationary/continuing therapists, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

File Reviews

- All Speech Therapists, both probationary and continuing, will have data collected through two file reviews conducted by a qualified evaluator within the special education department at the district level. The file reviews will be scheduled so that classifications based on these reviews can be shared with home school/site evaluator in accordance with the required observation deadlines outlined in these procedures.
- File reviews will be done on files which are randomly selected from the list of files completed since the last observation or summative evaluation.

Commented [GS9]: Will there still be 2 or only 1 since only 1 eval required?

MID-YEAR CONFERENCE/FEEDBACK SESSION

Formatted: Font: Bold

- All Speech Therapists will have a mid-year conference/feedback session by January 30th, with their evaluator, each school year.
- Mid-year conferences/feedback session of at least thirty (30) minutes are considered part of the Speech Therapist Evaluation System. Data from mid-year conference/feedback session should be included in the summative evaluation.
- Shared therapist positions may participate in the mid-year conference/feedback session at the shared school/site. This mid-year conference/feedback session from the shared school/site may be reviewed with the home school/site evaluator.

ADDITIONAL ARTIFACTS

Formatted: Font: Bold

The evaluator may use additional artifacts to inform their decision regarding therapist’s performance. Information gained from these artifacts should align to the elements and domains of the Speech Therapists Evaluation Rubric. Data may include, but is not limited to:

- o Therapy **S**chedule
- o Evaluation **L**og
- o Screening **D**ocument **S**amples
- o Professional **D**evelopment **C**ertificates
- o Most **R**ecent **P**rogress **R**eports

SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

Intervention Support Plan

- Following any observation, if a Speech Therapist is classified less than “Effective” in any element, support may be given to the Speech Therapist in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
- An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After four to six weeks of support, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
 - If the goal(s) have been met, the Intervention Support Plan is complete.
 - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4.
 - If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary Notice of Inadequate Classroom Performance will be developed.

Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance

- In alignment with Governing Board GCO, a Preliminary Notice of Inadequate Performance will accompany the Performance Improvement Plan.
- If a Speech Therapist is placed on a Performance Improvement Plan, the Speech Therapist is entitled to specific recommendations as to areas of improvement, shall be provided assistance and opportunities for the therapist to improve his/her performance and follow up with the therapist after a reasonable period of time for the purpose of ascertaining that the therapist is demonstrating adequate performance.
- A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
 - If the goal(s) have been met, the Performance Improvement Plan is complete.
 - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated
 - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
 - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.
- If the Speech Therapist continues to demonstrate inadequate performance at the conclusion of the Performance Improvement Plan, a Statement of Charges is presented to the Board by the Superintendent. The Board votes to dismiss/not dismiss. If the vote is to dismiss, the dismissal occurs at the end of 10 days, unless the therapist requests a hearing.
- A Continuing Therapist may be returned to probationary status based upon their classification received.

Safeguards

- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R provides in pertinent part: “Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal.”

- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- The Speech Therapist has a right to submit a written response to the evaluation per Policy GCO-R. Policy GCO-R provides in pertinent part: The Speech Therapist may initiate a written reaction or response to the written evaluation. The Speech Therapist's response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the Speech Therapist has received a copy of the evaluation. A copy of the Speech Therapist's response will be attached to the evaluation.
- Both evaluator and evaluatee may use the post conference for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

MISCELLANEOUS PROVISIONS

M1. Administrator affirms that all Administrator's representations in this Contract, Administrator's employment application and any other document or oral statement submitted to the District concerning qualifications, fitness for duty and representations about arrest and conviction record are true and accurate. In the case of newly hired Administrators, this Contract is subject to verification of previous experience, receipt of positive references and evaluation of official transcript and/or grade reports. The District may terminate this Contract if Administrator has misrepresented any of these items.

M2. Administrator represents and warrants that he or she has not committed or been convicted of molestation of a child, sexual conduct with a minor, child abuse or any other dangerous crime against children as defined in A.R.S. § 13-604.01 or any offense described in A.R.S. § 15-534(B). This Contract shall immediately terminate and Administrator shall be dismissed without any right to a hearing if Administrator is arrested for or charged with a non-appealable offence listed in A.R.S. § 41-1758(B) and fails to immediately report the arrest or charge to Administrator's supervisor.

M3. To the extent appropriate for the occasion, the District may provide incidental food and beverages to Administrator at mandatory staff meetings, including in-services and staff development activities/trainings, in order to foster good working relations and encourage and reward staff participation.

M4. This Contract is subject to cancellation pursuant to A.R.S. § 38-511.

M5. Administrator shall not discriminate against any employee, student, parent, contractor or other member of the public because of that person's sex, race, religion, color, national origin, age or disability.

M6. The entire agreement between the parties shall consist of this Contract, District's salary schedule, the District's Performance Pay Plan and such fringe benefits as the Board approves for this fiscal year. Any subsequent amendment or addendum to this Contract must be in writing and signed by both parties.

M7. The execution of this Contract was authorized at a legally convened meeting of the Board held on **BOARD DATE**. This Contract cancels and supersedes all prior employment contracts between the parties and must be revised in writing.

M8. If this Contract is not returned to the District's Human Resources Office within thirty (30) days from the date issued by the Board or includes terms in addition to those authorized by the Board, Administrator has not accepted employment with the District, and this Contract shall be null and void.

M9. Administrator shall be evaluated through the use of an evaluation system and instrument adopted and approved pursuant to A.R.S. § 15-203(A)(38). The parties acknowledge and agree that the District's evaluation system and instrument may be amended from time to time during the term of this Contract.

M10. Administrator recognizes that the District will incur expenses of securing a replacement and possibly costs for a substitute in the event that Administrator does not fulfill the obligations under this Contract. Administrator and District agree that these expenses, added to the negative impact to the students who will not have the stability of a single administrator are difficult to determine, and therefore that it is appropriate to assess an amount certain as liquidated damages. Administrator and District agree that the liquidated damages which may be assessed against Administrator for resigning, with Board approval, during the term of this Contract shall be in the amount of two thousand five hundred Dollars (\$2,500.00). Furthermore, resignation prior to the termination of this Contract shall in and of itself be considered to be a violation of the Performance Pay Plan, and Administrator shall be entitled to no portion of any funds. The District may withhold all or any part of these liquidated damages from any amount payable to the Administrator after receipt of the resignation or a failure to report for duty, and may take any action, including filing suit, to collect the liquidated damages.

IN WITNESS WHEREOF, the parties have caused this agreement to be executed in the respective names and in the case of the Board Representative, on the day and year first written above.

Administrator and District agree that these expenses, added to the negative impact to the students who will not have the stability of a single administrator are difficult to determine, and therefore that it is appropriate to assess an amount certain as liquidated damages. Administrator and District agree that the liquidated damages which may be assessed against Administrator for resigning, with Board approval, during the term of this Contract shall be in the amount of two thousand five hundred Dollars (\$2,500.00). Furthermore, resignation prior to the termination of this Contract shall in and of itself be considered to be a violation of the Performance Pay Plan, and Administrator shall be entitled to no portion of any funds. The District may withhold all or any part of these liquidated damages from any amount payable to the Administrator after receipt of the resignation or a failure to report for duty, and may take any action, including filing suit, to collect the liquidated damages.

IN WITNESS WHEREOF, the parties have caused this agreement to be executed in the respective names and in the case of the Board Representative, on the day and year first written above.

Employee shall be governed during employment by federal and state laws, Board Policies, Administrative Regulations and rules and shall fulfill all the duties and responsibilities of the Employee position or positions that may be assigned during the term of this Appointment by the Superintendent and shall perform such duties at a professional level of competence as evaluated by the Superintendent.

Employee has provided fingerprints to the Arizona Department of Education and shall maintain throughout the term of this Appointment a Fingerprint Clearance Card, on file with the District, unless the Employee’s certification status does not presently require fingerprinting or a clearance card.

Q3. This Appointment is conditioned on any licenses and/or certifications listed above being valid at the time that Employee executes this Appointment and continuing without interruption for the Appointment year, unless Employee has written waiver executed by the Superintendent allowing Employee to obtain the licenses and certificates at a latter specific date and maintaining same throughout the end of this Appointment.

Q4. If newly hired, this offer of employment is conditioned upon receipt of a positive response regarding any background investigation/reference checks.

COMPENSATION

C1. In consideration of performance of services pursuant to this Appointment, the District agrees to pay Employee, in addition to any fringe benefits provided by District policy, a salary amount of **\$AMOUNT**. The compensation contained in this Paragraph C1 results from placement on the District Compensation schedule. Notwithstanding the foregoing, the sum listed in this Paragraph C1 may be modified in accordance with other provisions of this Appointment. Wages shall be paid in equal installments in accordance with the Board Policy governing payment of wages.

C2. Employee acknowledges that any time after execution of this Contract, the salary specified in the above paragraph may be reduced if any of the following occurs: 1) the District’s Base Support Level, Revenue Control Limit, or General Budget Limit authorized for the 2017-2018-2019 fiscal year is less or becomes less than that authorized at the beginning of the 2016-2017-2018 fiscal year; 2) the District fails to receive during the 2017-2018-2019 fiscal year funds in the amount initially budgeted for such year due to a transition to current year funding or otherwise; or 3) the District does not receive funds that, as of May 30, 2017-2018, the District anticipates receiving for use in the 2017-2018-2019 fiscal year. The Employee shall be given not fewer than ten (10) calendar days notice of any reduction in Base Salary that occurs as a result of this paragraph.

C3. The District may terminate this agreement as part of a reduction in force. In the event District exercises this option, Employee shall be entitled to a one-time payment equivalent to five (5) days per diem, the payment of which sum will constitute full satisfaction of District’s obligations to Employee pursuant to this Contract.

C4. If additional revenues become available to the District through legislative appropriation, state sales tax revenues, payment of back revenue owed by the State, decrease in anticipated cuts or decrease in revenue drop, or other legal enactment and if those revenues are appropriated, authorized, and/or permitted to be used for salaries during the 2017-2018-2019 school year, Employee may be given a raise in salary, if so approved by the Governing Board in its sole discretion. Any such salary increase shall be apportioned to Employee in a manner that will be determined by the Governing Board, unless the authorizing enactment specifies the method by which the increase is to be distributed. Employee must be currently employed by the District to receive any increase.

C5. Employee’s salary is contingent upon final approval of the 2017-2018-2019 budget as required by Arizona law (A.R.S. §15-905). The above salary is subject to the condition that funding to the District, as provided in the Arizona revised statutes or otherwise, is not reduced.

C6. District reserves the right, as part of a salary reduction, to decrease Employee’s compensation by furloughing Employee. Employee will not be required to perform any duties on any days of furlough and will receive no compensation for such days. Employee may not use paid sick leave or other paid leave time on such furlough days.

C7. This Appointment is conditional upon the school or other work location to which Employee is assigned remaining open and in full operation for the entire term of this Appointment. In the event that, pursuant to court order, lack of appropriated or available funds, or for any other reason beyond the control of the District, either the assigned school or other work location is not open in operation for the full Appointment term or school operations are suspended or reduced below the anticipated level, there shall be a pro rata reduction of compensation under this Appointment corresponding to the portion of the Appointment term that suspended or reduced District operations require suspension or reduction of the services of Employee and funds to pay Employee are not appropriated or are not lawfully available.

C8. Should Employee believe there is a mistake in Employee’s salary resulting in Employee receiving less than what Employee would be entitled under the compensation schedule, Employee shall have thirty (30) working days from initiating performance of duties under the Appointment to notify the District of mistake. If Employee does not notify the District within these thirty (30) days, Employee waives right to have the salary corrected. If Employee has received more money than Employee is entitled for work performed, Employee shall, at the District’s option: (a) immediately repay any amount erroneously paid to Employee; or (b) allow the District to reduce future payments to Employee to make up for any amount erroneously paid. This remedy shall be in addition to any other remedy to which the District is entitled under policy or law.

C9. If Employee has retired with the Arizona State Retirement System and returned to work, Employee acknowledges as follows: that District shall not pay contributions on behalf of the employee pursuant to A.R.S. §§ 38-736.38-737 or 38-797.05 during the term of this Appointment and that the Employee shall not accrue credited service, retirement benefits or long-term disability program benefits pursuant to Article 2.1 or Title 38 or pursuant to any District policy for the period the Employee returns to work. Employee acknowledges that the District shall place Employee on the salary schedule so as to recoup the costs associated with paying an alternative contribution rate pursuant to A.R.S. § 38-766.02.

TERMINATION

T1. Employee may not resign effective prior to the conclusion of the final duty day, unless the resignation is first approved by the Governing Board.

T2. The District may terminate Employee for cause, including but not limited to, a material breach of this Appointment, unprofessional conduct, conduct in violation of law, District Policy, Administrative regulations or rules.

T3. The District may elect not to renew the term of employment. Employee has no legitimate expectancy of continued employment beyond the term of this Appointment and District shall not be required to provide reason or cause for such decision. The District shall not be obligated to justify a decision to non-renew in any procedural hearing or other devices.

T4. Employee recognizes that the District will incur expenses of securing a replacement and possibly costs for a substitute in the event that the Employee does not fulfill his/her obligations under the Appointment. In the event that the Employee fails to report to his/her assignment or resigns from employment with the District, effective prior to the end of the term of this appointment, Employee agrees to pay the District the amount of Two Thousand, Five Hundred Dollars (\$2,500.00) as liquidated damages, and not as a penalty. The Governing Board may waive this payment if the Employee's non-performance results from circumstances beyond his/her control or from an agreement for a resignation in lieu of dismissal. The District may withhold all or any part of these liquidated damages from any amount payable to the Employee after receipt of the resignation or a failure to report for duty, and may take any action, including filing suit, to collect the liquidated damages. Employee shall reimburse the District for any collection fees, attorney fees, court costs or other reasonable expenses incurred by the District to collect the amount owed as liquidated damages.

MISCELLANEOUS PROVISIONS

M1. Employee affirms that all Employee's representations in this Appointment, Employee's employment application and any other document or oral statement submitted to the District concerning qualifications, fitness for duty and representations about arrest and conviction record are true and accurate. In the case of newly hired Employees, this Appointment is subject to verification of previous experience, receipt of positive references and evaluation of official transcript and/or grade reports. This Appointment shall immediately terminate and Employee shall be dismissed without any right to a hearing if Employee is arrested for or charged with a non-appealable offence listed in A.R.S. § 41-1758(B) and fails to immediately report the arrest or charge to Employee's supervisor.

M5. Employee shall not discriminate against any employee, student, parent, contractor or other member of the public because of that person's sex, race, religion, color, national origin, age or disability.

M6. The entire agreement between the parties shall consist of this Appointment, District's salary schedule, the District's Performance Pay Plan and such fringe benefits as the Board approves for this fiscal year. Any subsequent amendment or addendum to this Appointment must be in writing and signed by both parties.

M7. The execution of this Appointment was authorized at a legally convened meeting of the Board held on **BOARD DATE**. This Appointment cancels and supersedes all prior employment Appointments between the parties and must be revised in writing.

M8. 1. District agrees to employ Employee for ### days during fiscal year ~~2017-2018, 2018-2019~~, commencing on **START DATE** and ending on **END DATE**. The contract year for Employee shall be in accordance with the official calendar adopted by the Governing Board. If, however, an emergency or other circumstance as determined and declared by the Governing Board or its authorized designee delays the opening or requires the closing of the schools, the period of time covered by this Contract shall be extended so as to maintain open schools for the number of days required by the Contract without additional compensation to Employee.
2. Employee agrees and promises that s/he shall maintain all certificates, endorsements and licenses necessary to perform the duties required, including but not limited to a certificate to perform duties requisite for Employee's assignment and a valid fingerprint clearance card as required by law. Employee's employment may be terminated if these conditions are not satisfied.
3. The amount of performance pay and the method and timing of payment of performance pay shall be as specified in the District's performance pay plan. Employee acknowledges that behavior in violation of state or federal law and/or District policies to the extent that Employee is terminated or resigns in lieu of a recommendation that Employee be terminated shall, in and of itself, be deemed to be a failure of Employee to comply with the performance plan and, therefore, result in Employee being entitled to no portion of the performance pay. Employee shall also receive such fringe benefits as the Governing Board approves for this fiscal year.
5. If additional revenues become available to the District through legislative appropriation, state sales tax revenues, payment of back revenue owed by the State, decrease in anticipated cuts or decrease in revenue drop, or other legal enactment and if those revenues are appropriated, authorized, and/or permitted to be used for salaries during the ~~2017-2018, 2019~~ school year, Employee may be given a raise in salary, if so approved by the Governing Board in its sole discretion. Any such salary increase shall be apportioned to Employee in a manner that will be determined by the Governing Board, unless the authorizing enactment specifies the method by which the increase is to be distributed. Employee will not be required to perform any duties on any days of furlough and will receive no compensation for such days. Employee may not use paid sick leave or other paid leave time on such furlough days.
8. The District may terminate this agreement as part of a reduction in force. In the event District exercises this option, Employee shall be entitled to a one-time payment equivalent to five (5) days per diem, the payment of which sum will constitute full satisfaction of District's obligations to Employee pursuant to this Contract.
9. Employee recognizes that it is a requirement of employment to report to the administration any circumstances or events that would affect the continuing accuracy or validity of those representations. Determination by the Governing Board or its authorized representative that any such representation is not true or is inaccurate may, at District's option, be deemed a material breach of this Contract and constitutes grounds for termination of employment in addition to any other action authorized by law or District policy.

11. Pursuant to A.R.S. § 15-550, if Employee is arrested for or charged with any non-appealable offense listed in A.R.S. § 41-1758.03(B), Employee shall immediately report the arrest or charge to Employee's supervisor. Failure to do so shall result in immediate dismissal.

Employee and District agree that the liquidated damages which may be assessed against Employee for resigning, with Board approval, during the term of this Contract shall be in the amount of two thousand five hundred Dollars (\$2,500.00). Furthermore, resignation prior to the termination of this Contract shall in and of itself be considered to be a violation of the Classroom Site Fund Performance Plan, and Employee shall be entitled to no portion of any funds. The District may withhold all or any part of these liquidated damages from any amount payable to the Employee after receipt of the resignation or a failure to report for duty, and may take any action, including filing suit, to collect the liquidated damages.
15. If Employee has retired with the Arizona State Retirement System, Employee acknowledges as follows: that District shall not pay contributions on behalf of the Employee pursuant to A.R.S. §§ 38-736, 38-737 or 38-797.05 during the term of this contract and that the Employee shall not accrue credited service, retirement benefits or long-term disability program benefits pursuant to Article 2.1 of Title 38 or pursuant to District policy for the period the Employee returns to work. 18. This Contract is subject to cancellation pursuant to A.R.S. § 38-511.
19. Employee shall not discriminate against any employee, student, parent, contractor or other member of the public because of that person's sex, race, religion, color, national origin, age or disability.
20. The entire agreement between the parties shall consist of this Contract, District's salary schedule, and such fringe benefits as the Governing Board approves for this fiscal year. Any subsequent amendment or an addendum to this Contract must be in writing and signed by both parties.
21. Employee must sign this Contract and return it to the District's Human Resources Office within fifteen (15) days from the date it is issued by the Governing Board. Employee must return the Contract without any additions or deletions, or District's offer of employment shall be automatically revoked.
22. Employees who work less than twelve (12) months per year may be paid over twelve (12) months. This is called "annualized compensation." Teacher may not use paid sick leave or other paid leave time on such furlough days.
- 10.** ~~9-~~The District may terminate this agreement as part of a reduction in force. In the event District exercises this option, Teacher shall be entitled to a one-time payment equivalent to five (5) days per diem, the payment of which sum will constitute full satisfaction of District's obligations to Teacher pursuant to this Contract.
- 11. Pursuant to A.R.S. § 15-538.02, the Governing Board may dismiss a Teacher who holds a teaching intern certificate, an emergency teaching certificate or another type of nonstandard certificate that is valid for one (1) year or less that without complying with the requirements of A.R.S. §§ 15-537, 15-538, or 15-541. Such dismissal shall be effective ten (10) working days after delivery of the notice of dismissal to the Teacher.**
- 12.** ~~40-~~Should Teacher believe there is a mistake in Teacher's salary resulting in Teacher receiving less than what Teacher would be entitled under the salary schedule, the Teacher shall have thirty (30) working days from initiating performance of duties under the Contract to notify District of mistake. If Teacher does not notify district within these thirty days, Teacher waives right to additional amounts under current Contract. If the Teacher has received more money than the Teacher is entitled for work performed, the Teacher shall, at the District's option (a) immediately repay any amount erroneously paid to the Teacher or (b) allow the District to reduce future payments to the Teacher to make up for any amount erroneously paid. This remedy shall be in addition to any other remedy to which the District is entitled under policy or law.

- 13.** ~~44.~~Teacher warrants the truth of all representations and statements made by Teacher to District in connection with this Contract as well as those contained in the Teacher's employment application and any other document submitted to the District concerning qualifications, fitness to teach, and representations about arrest and conviction records. Teacher recognizes that it is a requirement of employment to report to the administration any circumstances or events that would affect the continuing accuracy or validity of those representations. Determination by the Governing Board or its authorized representative that any such representation is not true or is inaccurate may, at District's option, be deemed a material breach of this Contract and constitutes grounds for termination of employment in addition to any other action authorized by law or District policy.
- 14.** ~~42.~~Pursuant to A.R.S. § 15-550, if Teacher is arrested for or charged with any nonappealable offense listed in A.R.S. § 41-1758.03(B), Teacher shall immediately report the arrest or charge to Teacher's supervisor. Failure to do so shall result in immediate dismissal.
- 15.** ~~43.~~Teacher agrees to teach such grade, grades or subjects as the Teacher may be assigned to teach, and to perform such other duties as may be assigned. Teacher agrees to abide by and be subject to the District's policies, regulations and rules, as are in effect or may be amended during the term of this Contract.
- 16.** ~~44.~~This contract is conditional upon the school or other work location to which Teacher is assigned remaining open and in full operation for the entire term of this contract. In the event that, pursuant to court order, lack of appropriated or available funds, or for any other reason beyond the control of the District, either the assigned school or other work location is not open in operation for the full contract term or school operations are suspended or reduced below the anticipated level, there shall be a pro rata reduction of compensation under this contract corresponding to the portion of the contract term that suspended or reduced District operations require suspension or reduction of the services of Teacher and funds to pay Teacher are not appropriated or are not lawfully available.
- 17.** ~~45.~~Pursuant to A.R.S. § 15-545, if Teacher resigns without advanced Governing Board approval, the resignation will be deemed to be an unprofessional act that may subject Teacher to disciplinary action by the State Board of Education, up to and including suspension or revocation of the teaching certificate.
- 18.** ~~46.~~Teacher recognizes that the District will incur expenses of securing a replacement and possibly costs for a substitute in the event that Teacher does not fulfill the obligations under this Contract. Teacher and District agree that these expenses, added to the negative impact to the students who will not have the stability of a single teacher are difficult to determine, and therefore that it is appropriate to assess an amount certain as liquidated damages. Teacher and District agree that the liquidated damages which may be assessed against Teacher for resigning, with Board approval, during the term of this Contract shall be in the amount of two thousand five hundred Dollars (\$2,500.00). Furthermore, resignation prior to the termination of this Contract shall in and of itself be considered to be a violation of the Classroom Site Fund Performance Plan, and Teacher shall be entitled to no portion of any funds. The District may withhold all or any part of these liquidated damages from any amount payable to the Teacher after receipt of the resignation or a failure to report for duty, and may take any action, including filing suit, to collect the liquidated damages.
- 19.** ~~47.~~If Teacher has retired with the Arizona State Retirement System and returned to work, teacher's employment is not subject to annual renewal and other provisions of Title 15 as specified in A.R.S. § 38-766.01. The District shall not pay retirement contributions on behalf of teacher during the term of this contract nor shall teacher accrue credited service, retirement benefits or long term disability program benefits under either state law or by District policy. Teacher acknowledges that the District shall place Teacher on the salary schedule so as to recoup the costs associated with paying an alternative contribution rate pursuant to A.R.S. § 38-766.02.
- 20.** ~~48.~~Teacher shall be evaluated through the use of an evaluation system and instrument adopted and approved pursuant to A.R.S. §15-203(A)(38) and A.R.S. § 15-537. The parties acknowledge and agree that the District's evaluation system and instrument may be amended from time to time during the term of this Contract and that the Teacher's evaluation will not be used as a criteria for establishing compensation other than as required by law.
- 21.** ~~49.~~To the extent appropriate for the occasion and as part of the compensation, the District may provide incidental food and beverages at mandatory staff meetings, including in-services and staff development activities/trainings, in order to foster good working relations and encourage and reward staff participation.
- 22.** ~~20.~~This Contract is subject to cancellation pursuant to A.R.S. § 38-511.
- 23.** ~~24.~~Teacher shall not discriminate against any employee, student, parent, contractor or other member of the public because of that person's sex, race, religion, color, national origin, age or disability.
- 24.** ~~22.~~The entire agreement between the parties shall consist of this Contract, District's salary schedule, the District's Performance Pay Plan and such fringe benefits as the Governing Board approves for this fiscal year. Any subsequent amendment or addendum to this Contract must be in writing and signed by both parties.
- 25.** ~~23.~~Teachers who work less than twelve (12) months per year may be paid over twelve (12) months. This is called "annualized compensation." TEACHER'S TEMPORARY CONTRACT

This Contract is entered into by the Glendale Elementary School District No.40 ("District") and **FIRST NAME LAST NAME** ("Teacher").

1. District agrees to employ Teacher for ### days during fiscal year ~~2017-2018-2019~~ commencing on **START DATE** and ending on **END DATE**. The contract year for Teacher shall be in accordance with the official calendar adopted by the Governing Board. If, however, an emergency or other circumstance as determined and declared by the Governing Board or its authorized designee delays the opening or requires the closing of the schools, the period of time covered by this Contract shall be extended so as to maintain open schools for the number of days required by the Contract without additional compensation to Teacher.
2. As a **TEMPORARY** Contract, this Contract shall end at the end of the ~~2017-2018-2019~~ school year. Teacher has no right to a renewal of this Contract for the school year ~~2018-2019-2020~~. Teacher specifically and expressly recognizes and agrees that this Contract constitutes written notice, pursuant to A.R.S. § 15-536, that the Governing Board intends not to renew this Contract and that no additional notice or action by the Governing Board is necessary to effectuate the non-renewal of this Contract.
3. Teacher's employment is conditioned upon the possession at all times of a valid Arizona teacher's certificate for the position being offered and upon satisfactory completion of any and all background checks and fingerprint clearances that may be required. Teacher agrees to be qualified and appropriately certified in all assigned core academic subjects or as otherwise required by law and to hold all requisite endorsements by the commencement date of this Contract. Teacher's employment may be terminated if these conditions are not satisfied.
4. Teacher understands and agrees that Teacher is not entitled to compensation for any period during which such fingerprint clearance, certificate(s) and/or endorsement(s) and/or approved area(s) is/are not maintained and in effect. In addition to any other remedies to which the District may be entitled, District shall not be obliged to pay or compensate Teacher for work performed during such period and District may deduct any of that paid to Teacher attributable to such period from any other monies owed to Teacher by District. In the sole discretion of the District, Teacher may be paid at a substitute teacher rate for a maximum number of days as allowed by law.
5. District agrees to pay Teacher a salary of **\$AMOUNT***. In the event there is a difference between the salary amount stated here and the amount in the District salary schedule, the salary schedule shall govern. Teacher shall also receive performance pay if Teacher qualifies for such pay in accordance with the District's Performance Pay Plan, subject to any reduction in Classroom Site Funding as described in paragraph 7 below. The amount of performance pay and the method and timing of payment of performance pay shall be as specified in the District's performance pay plan. Teacher acknowledges that behavior in violation of state or federal law and/or District policies to the extent that Teacher is terminated or resigns in lieu of a recommendation that Teacher be terminated shall, in and of itself, be deemed to be a failure of Teacher to comply with the performance plan and, therefore, result in Teacher being entitled to no portion of the Classroom Site Fund performance pay. Teacher shall also receive such fringe benefits as the Governing Board approves for this fiscal year.
6. If additional revenues become available to the District through legislative appropriation, state sales tax revenues, payment of back revenue owed by the State, decrease in anticipated cuts or decrease in revenue drop, or other legal enactment and if those revenues are appropriated, authorized, and/or permitted to be used for salaries during the ~~2017-2018-2019~~ school year, Teacher may be given a raise in salary, if so approved by the Governing Board in its sole discretion. Any such salary increase shall be apportioned to Teacher in a manner that will be determined by the Governing Board, unless the authorizing enactment specifies the method by which the increase is to be distributed. Teacher must be currently employed by the District to receive any increase.
7. Pursuant to A.R.S. § 15-977 and provisions of the Classroom Site Fund, the District may or may not receive funds to support supplements to Teacher's Base Salary or which will entitle Teacher to performance pay if the Teacher qualifies under the District's performance pay plan. Teacher expressly acknowledges that total pay will depend upon allocation of the Classroom Site Funds, amount of Classroom Site Funds received, if any, and employee eligibility. Payments associated with the Classroom Site Fund may be paid only if the balance in the applicable Site Fund account is sufficient to support the payment.
- 8. If the District is the recipient of results based funding pursuant to A.R.S. § 15-249.08, the District may distribute additional pay to Teacher in compliance with that statute and as determined by the Governing Board, in its discretion.**
- 9.** ~~8-~~Teacher acknowledges that any time after execution of this Contract, the Base Salary specified in Paragraph 5 may be reduced if any of the following occurs: 1) the District's Base Support Level, Revenue Control Limit, or General Budget Limit authorized for the ~~2017-2018-2019~~ fiscal year is less or becomes less than that authorized at the beginning of the ~~2016-2017-2018~~ fiscal year; 2) the District fails to receive during the ~~2017-2018-2019~~ fiscal year funds in the amount initially budgeted for such year due to a transition to current year funding or for any other reason; or 3) the District does not receive funds that, as of May 30, ~~2017,2018~~, the District anticipates receiving for use in the ~~2017-2018-2019~~ fiscal year. The Teacher shall be given not fewer than ten (10) calendar days notice of any reduction in Base Salary that occurs as a result of this paragraph.
- 10.** ~~9-~~District reserves the right, as part of a salary reduction pursuant to A.R.S. § 15-544, to decrease Teacher's salary by furloughing Teacher. Teacher will not be required to perform any duties on any days of furlough and will receive no compensation for such days. Teacher may not use paid sick leave or other paid leave time on such furlough days.
- 11. Pursuant to A.R.S. § 15-538.02, the Governing Board may dismiss a Teacher who holds a teaching intern certificate, an emergency teaching certificate or another type of nonstandard certificate that is valid for one (1) year or less that without complying with the requirements of A.R.S. §§ 15-537, 15-538, or 15-541. Such dismissal shall be effective ten (10) working days after delivery of the notice of dismissal to the Teacher.**
- 12.** ~~40-~~The District may terminate this agreement as part of a reduction in force. In the event District exercises this option, Teacher shall be entitled to a one-time payment equivalent to five (5) days per diem, the payment of which sum will constitute full satisfaction of District's obligations to Teacher pursuant to this Contract.

- 13.** 44--Should Teacher believe there is a mistake in Teacher's salary resulting in Teacher receiving less than what Teacher would be entitled under the salary schedule, the Teacher shall have thirty (30) working days from initiating performance of duties under the Contract to notify District of mistake. If Teacher does not notify district within these thirty days, Teacher waives right to additional amounts under current Contract. If the Teacher has received more money than the Teacher is entitled for work performed, the Teacher shall, at the District's option (a) immediately repay any amount erroneously paid to the Teacher or (b) allow the District to reduce future payments to the Teacher to make up for any amount erroneously paid. This remedy shall be in addition to any other remedy to which the District is entitled under policy or law.
- 14.** 42--Teacher warrants the truth of all representations and statements made by Teacher to District in connection with this Contract as well as those contained in the Teacher's employment application and any other document submitted to the District concerning qualifications, fitness to teach, and representations about arrest and conviction records. Teacher recognizes that it is a requirement of employment to report to the administration any circumstances or events that would affect the continuing accuracy or validity of those representations. Determination by the Governing Board or its authorized representative that any such representation is not true or is inaccurate may, at District's option, be deemed a material breach of this Contract and constitutes grounds for termination of employment in addition to any other action authorized by law or District policy.
- 15.** 43--Pursuant to A.R.S. § 15-550, if Teacher is arrested for or charged with any nonappealable offense listed in A.R.S. § 41-1758.03(B), Teacher shall immediately report the arrest or charge to Teacher's supervisor. Failure to do so shall result in immediate dismissal.
- 16.** 44--Teacher agrees to teach such grade, grades or subjects as the Teacher may be assigned to teach, and to perform such other duties as may be assigned. Teacher agrees to abide by and be subject to the District's policies, regulations and rules, as are in effect or may be amended during the term of this Contract.
- 17.** 45--This contract is conditional upon the school or other work location to which Teacher is assigned remaining open and in full operation for the entire term of this contract. In the event that, pursuant to court order, lack of appropriated or available funds, or for any other reason beyond the control of the District, either the assigned school or other work location is not open in operation for the full contract term or school operations are suspended or reduced below the anticipated level, there shall be a pro rata reduction of compensation under this contract corresponding to the portion of the contract term that suspended or reduced District operations require suspension or reduction of the services of Teacher and funds to pay Teacher are not appropriated or are not lawfully available.
- 18.** 46--Pursuant to A.R.S. § 15-545, if Teacher resigns without advanced Governing Board approval, the resignation will be deemed to be an unprofessional act that may subject Teacher to disciplinary action by the State Board of Education, up to and including suspension or revocation of the teaching certificate.
- 19.** 47--Teacher recognizes that the District will incur expenses of securing a replacement and possibly costs for a substitute in the event that Teacher does not fulfill the obligations under this Contract. GLENDALE ELEMENTARY SCHOOL DISTRICT

ACTION AGENDA ITEM

AGENDA NO: 7.D. TOPIC: Medical Insurance Renewal

SUBMITTED BY: Mr. Mike Barragan, Assistant Superintendent for Finance & Auxiliary Services

DATE ASSIGNED FOR CONSIDERATION: December 21, 2017

RECOMMENDATION:

It is recommended the Governing Board approve the medical insurance increase and absorb the cost increase using its reserves for one-year (2018-2019) only.

Glendale Elementary School District has met with Valley Schools, Hays Companies of Arizona and UnitedHealth Care to discuss our medical plan. Based on the analysis of Hays Companies of Arizona, an increase to medical premiums of 17.4% is necessary to generate sufficient revenues to cover the claims. In addition, their analysis reflects an increase in deductible for the HDHP plan to comply with the Affordable Care Act (please refer to page 5 of 5).

It is staff's recommendation to the Governing Board to approve the medical increase and absorb the cost increase using its reserves for one-year (2018-2019) only. Based on our calculation, we anticipate our reserves to absorb approximately \$983,286 to fund the premium increase. Therefore, employees will not see an increase to their medical insurance premiums during the 2018-2019 fiscal year.

It is important the Governing Board recognizes and understands the increase will not be a budgeted expense.
