<u>Total</u>	<u>\$71,066,437</u>	<u>\$71,315,264</u>	<u>\$248,827</u>

### Dilemma

- Conservative revenue projections
  - Reduce revenue – specifically Maintenance and Operation (M&O) override
  - Limit resources – staffing, salaries & benefits, supplies, and other resources
- Overstating revenue projections
  - Over-expenditure; spend more than the General Budget Limit (GBL) allows
  - Must repay over-expenditure; reduce GBL in subsequent year (less spending)
  - Possibly placed in receivership by the State Board of Education
  - Bond rating decrease– our residents pay more for bonds (higher interest rate)

### Unrestricted Capital Budget Comparison

	ADOPTED	REVISED #1	REVISED #2	REVISED #3
BBCF	\$1,465,016	\$2,605,813	\$2,605,813	\$2,605,813

<b>Total</b>	<b>\$7,604,708</b>	<b>\$8,719,235</b>	<b>\$8,693,583</b>	<b>\$8,643,219</b>

### Additional Assistance / Capital Cuts

- District Additional Assistance (DAA) was calculated at \$5,107,489
  - \$1,647,756 Estimated legislative reduction of 32%
    - Previously reductions were 65%
    - DAA available \$3,459,733 (Approx. \$1.6 million more)
- Legislative Reductions 2009-2020
  - **Approximately \$ 41.1 million**
  - \$38.1 million specific to capital funding

### Final thoughts

- Moved expense from M&O to other appropriate funds:
  - Classroom Site Fund 11.....\$1,499,560
  - Classroom Site Fund 13.....\$1,592,900
  - Instruction Improvement Fund 20.....\$234,600
  - Total.....\$3,327,060
- FY20 No legislative financial safeguards
  - Immediate reductions to budget limit
  - Financial decisions must be made for sustainability
- Capital Funding
  - Increase per pupil in FY20
- Potential reduction in grant funds
- Increase enrollment – must be a priority
  - Marketing/Advertising Campaign
  - Competition
- Update demographic study - must be on-going

Final thoughts continued

Classroom Dollars Report

- Prop. 206 = increase non-classroom spending while decreasing classroom dollars
- Decrease in enrollment = increase non-classroom spending
- Inefficient in its operations
- Jan. 1 , 2021 (from \$11 to \$12)
- Salaries/Wages compressed (on-going)

Final thoughts continued

Investors, rating agencies and financial advisors look at various financial information to determine GESD's credit worthiness.

- Reduction in operating expenses
- Capital Needs
- Self-Insurance Solvency
- Declining Enrollment
- Rating agencies and the impact to our taxpayers

Ms. Smith moved to approve the recommendation as stated and Ms. Bartels seconded the motion. Upon call to vote the motion carried with votes in favor from Mr. Martinez, Ms. Bartels, Ms. Smith, Ms. Wilson and Ms. Pimentel.

Employment of  
Assistant Principal

Ms. Segotta-Jones recommended the Governing Board approve the employment of Mr. Clifford Vellucci as Assistant Principal of Glendale Landmark School, salary and benefits commensurate with other Assistant Principals.

Ms. Smith moved to approve the recommendation as stated and Ms. Bartels seconded the motion. Upon call to vote the motion carried with votes in favor from Mr. Martinez, Ms. Bartels, Ms. Smith, Ms. Wilson and Ms. Pimentel.

Political Agenda  
Priorities and  
Proposals

The Governing Board considered taking action to approve its top five political agenda priorities and proposed issues to submit for consideration for Arizona School Boards Associations' 2021 Political Agenda. Administration provided the following suggested priorities.

1. Accelerate full restoration of district additional assistance (DAA) funding.
2. Provide adequate ongoing resources to ensure district equipment and facilities are maintained and comply with at least minimum school facility standards.
3. Fully fund full-day kindergarten and include kindergarten students in the override calculations.
4. Adequately fund the cost of student transportation.
5. Support policy that addresses and adequately funds legislation related to student mental health and wellness.

Ms. Smith suggested adding a priority which calls for a safeguard of funding in light of COVID-19. Ms. Bartels commented on the need for infrastructure for students to be able to access learning from home.

The proposed items will be: 1) Prioritize internet and technology access for students statewide. 2) To safeguard funding.

Ms. Bartels moved to approve the priorities as suggested and to add a proposed items as stated above.

**DISCUSSION ITEM**  
Call to the Public  
Procedures

The Governing Board discussed procedures for Call to the Public in relation to COVID-19 social distancing guidelines. Ms. Segotta-Jones noted that the stay at home order has been

lifted. Board meetings can begin to proceed open to the public, maintaining six feet distancing between people, if the Board decides to do so. If not, members of the public can be asked to submit their comments to an email address prior to the meeting, to be then read into the record at the meeting.

Ms. Bartels would like to ensure there is a way for members of the public to comment during the meetings, even if meetings continue to be held only virtually.

Mr. Martinez suggested holding meetings in a larger venue such as a school cafeteria.

Should meetings continue to be held virtually, members of the public will be provided a way to submit their comments in advance.

Ms. Segotta-Jones will confer with legal counsel and provide the Board with an overview of how call to public can be managed through virtual meetings.

Ms. Smith and Ms. Wilson would like to see meetings opened back up for the public to attend.

### **FUTURE MEETINGS**

#### **Future Meetings and Agenda Item Request**

A list of upcoming meetings was reviewed. The next meeting is scheduled for May 28 at 4 p.m. There will be a study session regarding demographics and enrollment as part of this meeting. Ms. Segotta-Jones would also like to have a discussion at this meeting regarding COVID-19 and its impact on the upcoming school year. Ms. Smith asked to have information about the budget impacts and reductions to expenses as part of the study session. Ms. Smith asked for a report on the COVID survey to be provided at the study session as well.

Governing Board Members were given the opportunity to request items to be included on future meeting agendas for discussion, information and/or action. Ms. Wilson requested a discussion prior to the start of school regarding extra duty pay.

### **SUMMARY OF BOARD AND SUPERINTENDENT CURRENT EVENTS**

Ms. Segotta-Jones reported on current events:

- Congratulations to our new Assistant Principals.
- The closure of the school year is taking place this week and next.
- Virtual eighth grade promotions will be posted online next week.
- On Tuesday, May 19<sup>th</sup>, the District will hold virtual awards ceremonies via the District YouTube channel.
- The executive team is engaged in ongoing discussions about COVID-19 and the impact it is and will have on our students and community.
- Parents and staff are being surveyed regarding concerns related to COVID-19.
- Thanks to parents and families for all their support through these difficult times.

Ms. Smith congratulated the new assistant principals. She looks forward to the awards ceremonies next week.

Mr. Martinez also congratulated the new assistant principals. He thanked the Board for the opportunity to serve.

Ms. Bartels welcomed Mr. Martinez to the Board. She encouraged the community to participate in the survey. She congratulated the students promoting to high school.

Ms. Wilson echoed the congratulations for new staff and promoting eighth graders, and welcomed Mr. Martinez to the Board.

Ms. Pimentel also offered congratulations and welcomed Mr. Martinez. She thanked teachers and staff for all the work they are doing.

### **ADJOURNMENT**

Ms. Bartels moved to adjourn the meeting and Ms. Smith seconded the motion. Upon call to vote, Ms. Wilson, Ms. Bartels, Ms. Pimentel, Mr. Martinez and Ms. Smith voted 'aye', the motion carried and the regular meeting adjourned at 5:55 p.m.

# Planning Geography

Planning areas or “grids” are used to compile enrollment and demographic data for consistent areas over time.

The grids are a quarter-section or smaller in size.

# 40<sup>th</sup> Day Headcount Enrollment

Source: Glendale Elementary School District.

K-8 Enrollment grew by about 19% (2,193 students) between 2000/01 and 2006/07, and then fell by 9% (1,225 students) through 2010/11 driven by the impacts of the recession and immigration policy.

District enrollment increased by 869 students from 2010/11 through 2013/14 as the economy recovered, but since then has lost 2,124 students, driven by competition from charter schools and smaller in-coming kindergarten classes.

# Enrollment Grade Cohorts

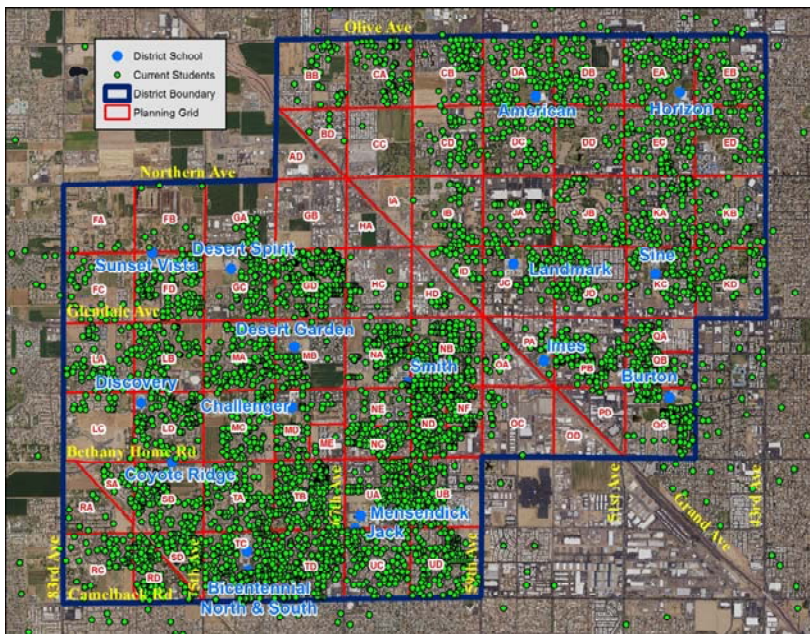

Source: Glendale Elementary School District.

Like most areas the enrollment growth during the boom was led by the youngest grade cohorts, although the older ones have now caught up as the size of the K-2 cohort has plummeted over the past three years.

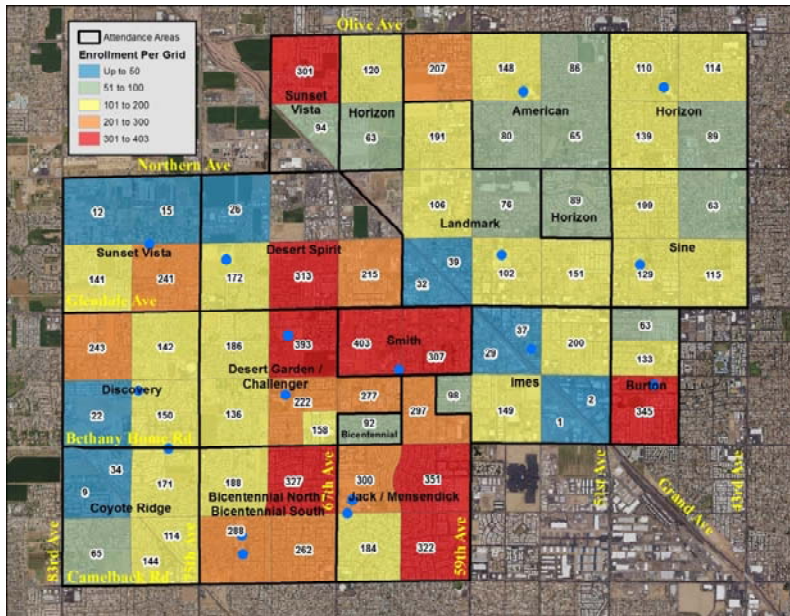

The recent declines in the K-2 cohort are likely a function of lower birth rates during and after the recession, the age structure of the population, and competition from charter schools.

# Distribution of Students

The physical location of each student is used to track the distribution of enrollment over time and to relate demographic and housing data to student generation.

# Enrollment Density

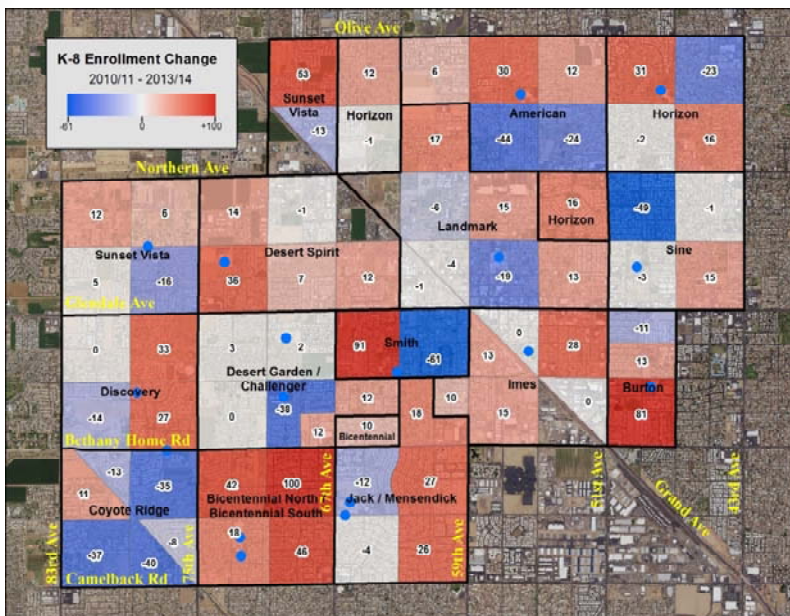

Student density varies from very low levels, to some of the highest levels found in metro Phoenix.

Small, very high density areas create challenges for facility and transportation planning.

{ 7 }

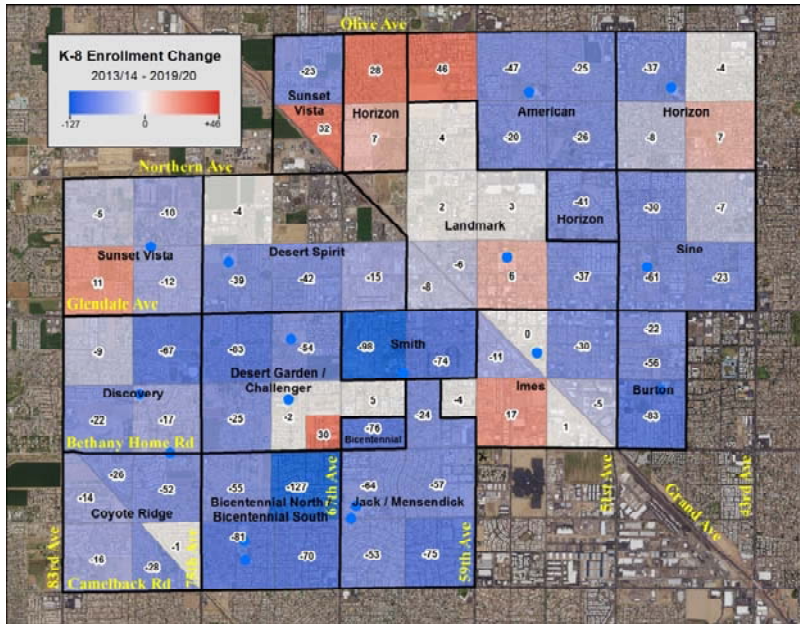

# Change in Enrollment - 2010/11 to 2013/14

Enrollment growth occurred in most parts of the District during the economic recovery period.

{ 8 }

# Change in Enrollment - 2013/14 to 2019/20

Widespread losses have occurred over the past six years caused by changing demographics and the draw of charter schools.

Large population increase in the 2000's, with slow growth since 2010.

Most age groups increased proportionally during the boom, while the younger groups have lagged during the bust and recovery.

Recent changes in the age profile of households is weighted toward older cohorts.

# Birth Rate Trends

Births per 1,000 people aged 15 to 45 years

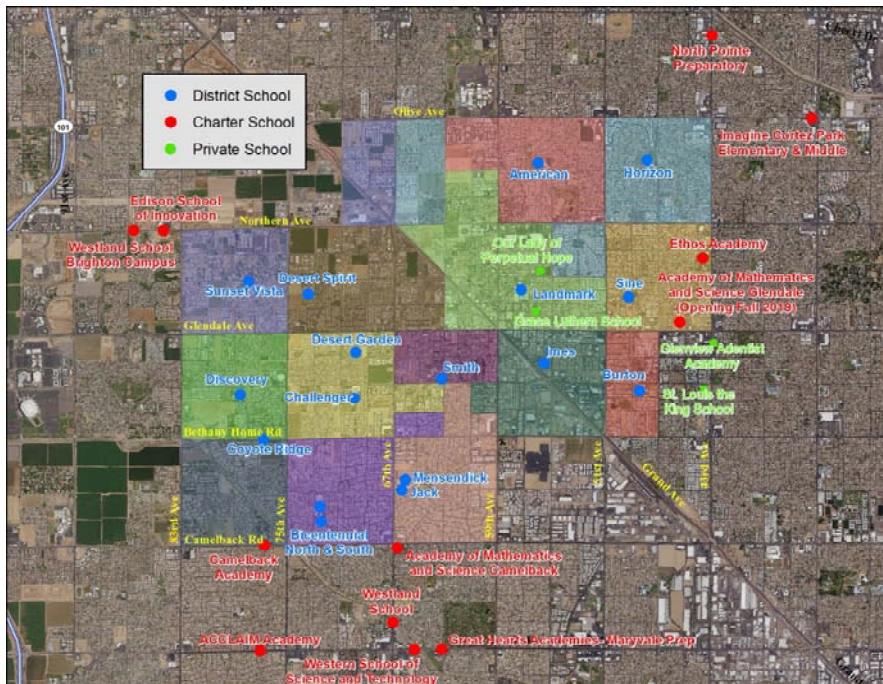

Sources: Arizona Department of Health Services; Applied Economics, 2019.

Birth rates in Arizona plummeted by 19% during the recession.

The rate stabilized after 2011 and then dropped another 13% over the last four years, resulting in 7.1% fewer births (after adjusting for population growth).

# Residential Development Permitted Housing Units by Type

571 new units were permitted in the last 10 years (1.5% of inventory).

Development has generally been in small subdivisions. The spike in production in 2017/18 was due to the rapid development at Alice Park.

Increases in activity are expected over the next three to four years.

14

# Residential Potential

## Housing Units by Type and Timeline for Development

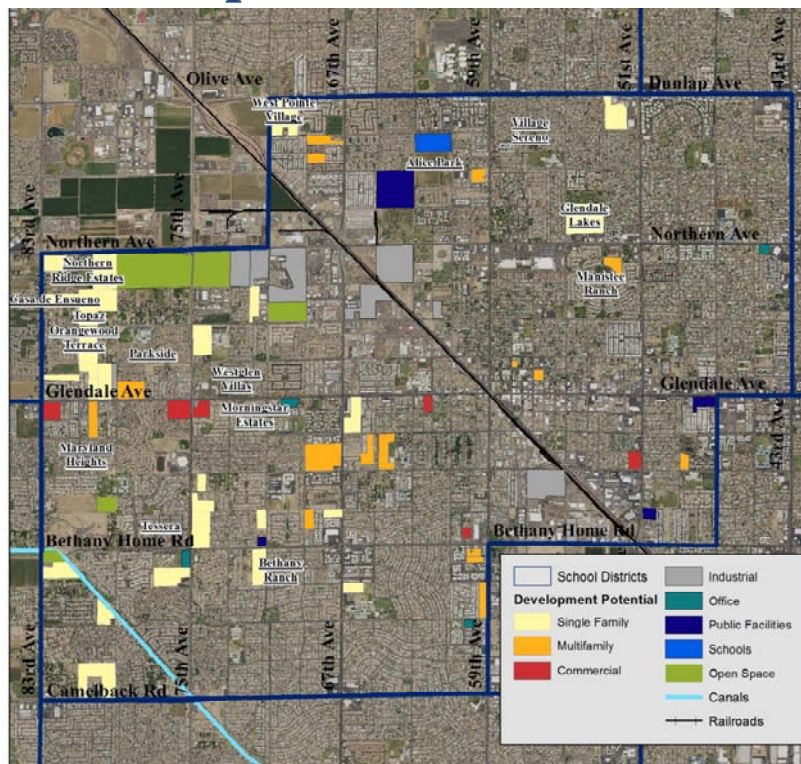

There is potential for about 3,100 additional housing units in active/infill projects and those that could begin construction over the next 10 years.

Most of the 1,600-unit long term (10+ years) potential is multifamily.

[ 15 ]

# Development Potential

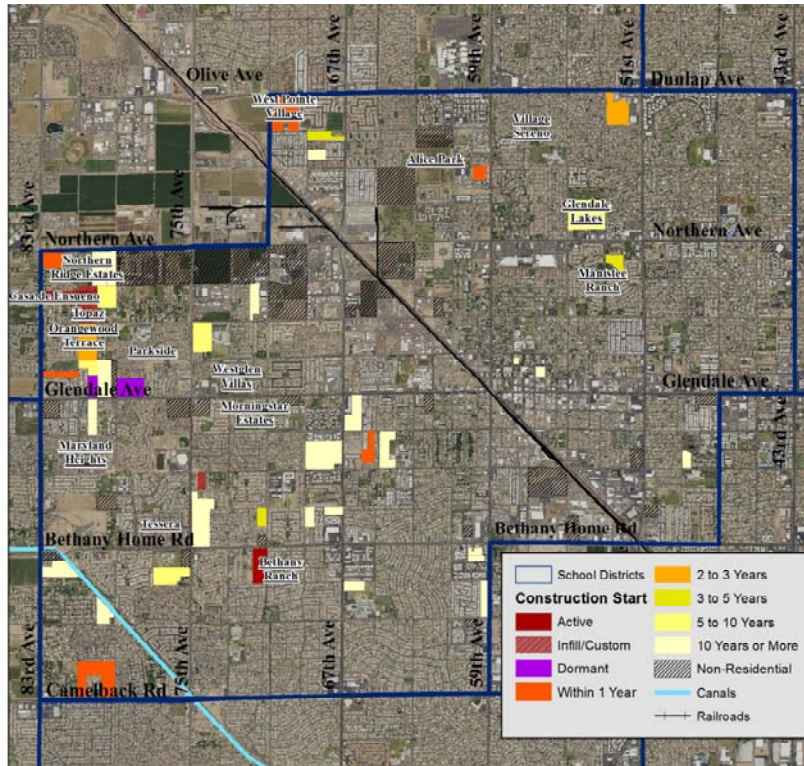

Most of the identified potential is located in the western portion of the District.

Some of the land now planned as multifamily could be changed to single family use.

[ 16 ]

# Development Timing

Major builders are opening three new subdivisions totaling about 260 lots.

About 200 units in two apartment projects are to be started within the next year.

The low scenario assumes the E-P ratio drops 1% per year faster than expected.

The high scenario assumes that the rate of decline in the E-P ratio will drop to the 10-year average rate, which is lower than the last five years.

K-8 enrollment is forecast to decline throughout the projection period.

Long term stabilization, or even increases in enrollment are possible based on turnover of existing households and the characteristics of households entering the District.

The differences between enrollment by attendance area and enrollment by school show a great deal of consistency over time.

All but one or two schools are likely to experience declining enrollment over the next five years with more stable conditions after that.

( 25 )

## Conclusions

The school-age population of the District is falling, and enrollment in charter schools is increasing, resulting in steady declines in District enrollment that are likely to persist.

The amount of current residential construction, and the potential for new residential development in the future is not sufficient to offset the factors reducing enrollment.

Future enrollment is likely to be impacted by additional charter schools, or the expansion of existing ones, so marketing and program choice will continue to be important to the District.

The community is positioned for increased redevelopment activity in the future, but the impact of this activity may not have a significant impact on the school-age population.

Ms. Wilson commented on the increase in housing prices. The City’s efforts to provide affordable housing will be key to bringing more families into the area.

Ms. Pimentel inquired about the low income housing projects in progress.

Ms. Wilson asked about the spike in enrollment in 2012.

Mr. Barragan pointed out the slide related to school age population and enrollment, capture rates going from 81% in 2013, projected to drop to approximately 62% by 2028-2029. He also noted page 31 of the report with 100<sup>th</sup> day enrollment projections by grade.

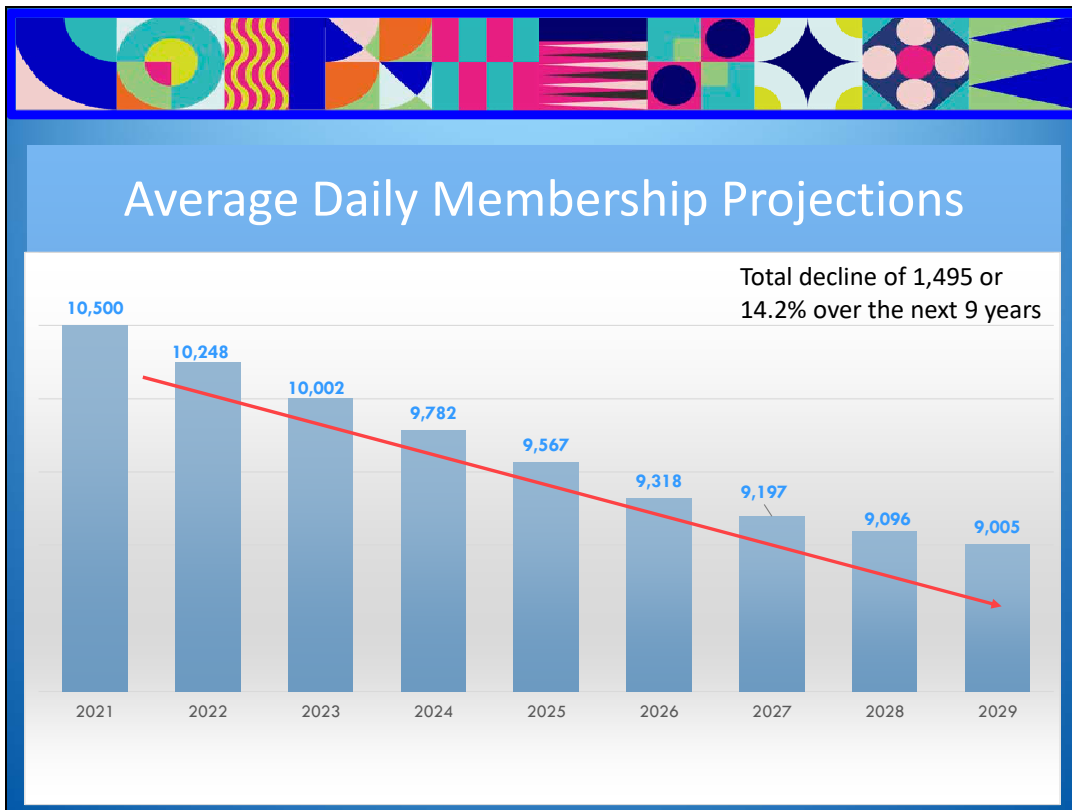

Ms. Pimentel asked if the projections take into account the new developments underway and the potential enrollment that would be gained from the new residents.

**Scenario**

Mr. Rodgers earns his living as a salesperson. He earns \$13 per hour and works 40 hours per week. In a 4-week month, he will earn \$2,080. Mr. Rodgers has expenses each month of \$2,000. He saves the excess \$80 he earned.

The economy takes a downturn and Mr. Rodgers' job has reduced his hours to 32 hours per week. His new monthly income is \$1,664 however his expenses remain steady at \$2,000.

How will Mr. Rodgers continue to live as he is accustomed to? Will he reduce his expenses by \$336 per month or will he pull from the savings he has accumulated by carrying over his excess funds? How long will his savings be able to cover his reduced income? When will Mr. Rodgers change the life he is accustomed to?

How has the district avoided an over expenditure ?

Strategically accumulating reserves in various funds

Questions?

Ms. Pimentel inquired about the budget impacts of the school closure and whether there have been decreases in expenses as a result. Ms. Segotta-Jones pointed out that much of the travel expenses the District would have incurred, would have come out of Title and grant funding sources.

Ms. Bartels asked how many campuses there were in 2001 compared to now (there were two fewer schools - 15).

Ms. Segotta-Jones provided the following additional presentation related to declined enrollment.

 **GLENDALE  
ELEMENTARY  
SCHOOL DISTRICT**

May 28, 2019

**Governing Board Study Session**  
Impact of Declining Enrollment  
2020: COVID19

**DISCUSSION ITEMS**

Phase I: Review  
Phase II: Review  
Phase III: Progress Towards  
2020: COVID19

Phase I, Phase II, and Phase III have been developed with keeping (3) specific goals at the forefront of all recommendations.

- 1) Improve student achievement
- 2) Recruit and retain highly effective staff members
- 3) Maintain financial solvency

## **PHASE I: IMPLEMENTATION YEAR: 2018-2019**

- Transfer 21 classroom teacher positions to other funding sources no later than April 2019: \$1,139,401.77
- Reduction of non-salary and benefits line items by 5%: \$607,166.40
- Launch rebranding to retain staff and students by Spring 2019.

## **PHASE II: IMPLEMENTATION YEAR: 2019-2020**

- Reduction of approximately 65 FTE positions: \$3,253,431.83
- Continue efficiencies and reorganization of Department personnel implemented in 2018-2019 school year
- Implement staffing efficiencies addressing certified teachers, administrators and support staff using established school size thresholds for the 2019-2020 school year
- School size thresholds based on the Average Daily Membership (ADM) 100<sup>th</sup> Day count:
- 700 and above: Administrative Secretary, School Secretary, Attendance Secretary and (2) Standard Educational Assistants
- 699 and below: Administrative Secretary, School Secretary, and (1) Standard Educational Assistant

## **PHASE II: IMPLEMENTATION YEAR: 2019-2020**

- Reduce department/site budget allocations.
- Continue rebranding of the District to retain staff and students
- Implement 7 new school innovations to improve student achievement in all areas and retain and/or gain student enrollment fall of 2019.
- Dual Language Immersion Schools (2) Horizon and Jack
- Career Pathway Academy (1) Landmark
- STEAM Academies (2) Burton and Coyote Ridge
- Accelerated Academy (1) BiCi North
- Innovated Learning Academies (2) Challenger and Sine

### **PHASE III: IMPLEMENTATION YEAR: 2019-2020**

- Reduction of 1FTE in Human Resources
- Reduction of department and site budget
- Rebranding of District: Bus Wraps
- Expanded innovative specialty schools: Desert Spirit and Sunset Vista: Verizon Innovative Learning Academies
- Consolidated building space at school sites and District Office

### **PHASE III: IMPLEMENTATION YEAR: 2019-2020**

- Analysis of boundary changes to optimize program services for students in special education resulting in impact on transportation and impact on facilities
- Analysis of Sale and/or Lease of Land: Resulted in lease of land for Head Start Expansion at Sine and Lease of Unit 18 for farmland
- Reanalyze Staffing Models (ongoing)
- Formalized Request to School Facilities Board to replace schools

### **PROPOSED NEXT STEPS: 2020-2021**

May 2020 - December 2020

- Analysis of Repurpose and/or Closure of Schools determined by
  - Life of Facility
  - Program Changes
  - Statutory Requirements
  - Declining Enrollment
  - Population Density

**PROPOSED NEXT STEPS: 2020-2021**

May 2020 - December 2020 Timeline

May -August

- Determine life of facility and/or cost to meeting minimum standards of adequacy
- Determine facility capacity compared to population density
- Identify potential boundary changes
- Determine possible program changes
- Seek legal counsel for possible sale and/or lease of land

August - December

- Identify statutory requirements for repurpose and/or closure of schools for 2021-2022 school year

Ms. Wilson asked for clarification about possible program changes.

Ms. Bartels commented on the requirements for community participation in the process of closing or repurposing of facilities.

Planning for 2020-2021  
School Year with  
COVID-19

The Governing Board conducted a study session regarding planning for the 2020-2021 school year with COVID-19. Ms. Segotta-Jones shared the following slides related to the topic.

**2020 COVID19**

- Analysis of Return to School Survey
- Gradual Transition Back to Workplace
- Review ADE Return to School Plan
- Convene COVID19 Task Force

Staff will return back starting June 1<sup>st</sup> gradually, including the options for telework to continue in some cases. The State's task force will have guidance for reopening schools released at the beginning of June. Ms. Segotta-Jones has been working with Mr. Capistran, the Superintendent of the Glendale Union High School District to compare and coordinate on plans.

Ms. Segotta-Jones shared the results of the staff and community survey of concerns related to the reopening of school.

Ms. Wilson stated she would be interested to see what the responses would look like to the same questions in one month.

Ms. Segotta-Jones added that there are many unknowns related to COVID-19, particularly with regard to student enrollment. There will need to be particular attention to students' social emotional wellness upon their return to school.

Planning will begin immediately when the Arizona Department of Education's guidelines are released.

Ms. Smith suggested that the District should continue to communicate with the community regarding where things are at and what are plans are, to help avoid the spread of rumors and speculation.

Mr. Martinez cautioned that whatever guidance is issued by ADE should be considered with contingencies in mind, as it is often the case that ADE will backtrack on guidance given depending on public pressures.

The District has applied for a no-cost online platform in order to possibly provide online instruction opportunities for students, in preparation for whatever scenarios may arise in the future.

Ms. Bartels commented this is an opportunity for the District to recapture some of the students who have been lost to charter schools.

Ms. Pimentel expressed support for pursuing blended learning opportunities in order to meet the needs and concerns of the community. She also noted the need for community input in the planning process.

**CONSENT AGENDA**

## INTRODUCTION

---

Welcome to the Glendale Elementary School District ("GESD"). We are pleased that you have chosen our facilities for prospective use.

Pursuant to the Arizona Revised Statutes (A.R.S.) Section 15-1105 et seq., District owned facilities may be made available for public use. The Governing Board adopted the spirit and intent of this public law in making the District facilities available to the public. However, the District cannot subject itself or its residents to liability not otherwise assumed in the normal course of operations.

Therefore, all prospective OCCUPANTS of District facilities **must thoroughly read, complete and sign the enclosed Facility Use Agreement and associated forms as indicated.** The site Principal or Administrator shall review the request and determine if there are any conflicts with any site-sponsored activities. The request shall then be submitted to and approved by the Director of Facilities and Operations, along with any fees and the required evidence of insurance prior to the commencement date stated in the agreement.

The use and occupancy of school property shall be primarily for GESD purposes. Any authorized use or occupancy of the property for other than GESD purposes shall be secondary and subordinate to this primary purpose.

The extensive use of school buildings and grounds by community groups makes it imperative that definite rules, regulations and policies govern the use of these facilities. Use of school facilities must be in accordance with the provision of Arizona Revised Statutes.

If you need more information regarding the use of our facilities or assistance with the Facility Use Manual, please contact the Maintenance and Operations Department Administrative Secretary at (623)237-6202.

## **SUBMITTING YOUR FACILITY USE REQUEST**

All facility use is scheduled through the Maintenance and Operations Administrative Secretary. All returning and prospective facility users must submit their event requests by mail, email or in person to:

ATTN: GESD #40 Facility Rental  
7015 W Maryland Ave  
Glendale, AZ 85303  
facilityrental@gesd40.org

## COMMUNITY USE OF SCHOOL FACILITIES

The Governing Board may grant the use of school facilities to any person, group, or organization for any recreational, educational, political, economic, artistic, moral, social, or other civic purposes in the interest of the community, including extended day resource programs. **Such use shall not interfere with any school activity.** The authorized representative of the Board may approve the use of school facilities by non-school organizations.

### Fees

A reasonable use fee shall be charged for the lease of school facilities and property. "Reasonable use fee" means an amount that is at least equal to the cost for utilities, services, supplies or personnel provided to the lessee pursuant to the terms of the lease.

A schedule of fees and direct expenses shall be adopted annually. This schedule shall include the following classes of usage:

- **Class I.** School-related, student-centered groups that exist for the sole purpose of contributing to the success of our GESD Students such as: PTO's, PTA's and student fundraisers
- **Class II.** Youth Athletic Programs or Youth Development Programs that are non-profit organizations as specified by law (must provide IRS 501(c)(3) determination letter and proof of good standing with the Arizona Corporation Commission) and the majority of participants are students from the District such as: Youth Baseball/Softball, Soccer, Basketball, Football, Boy Scouts, Girl Scouts, Cub Scouts, Brownies OR Athletic Tournaments and Camps operated by District Staff/Coaches in which a participation fee is charged to all who participate
- **Class III.** Non-profit groups and organizations that, for the most part, do not involve only students from the District and/or will not likely perform educational functions for District students (must provide IRS 501(c)(3) determination letter and proof of good standing with the Arizona Corporation Commission)
- **Class IV.** Commercial or for-profit organizations

Any individual, group, or organization presumptively classified as Class II may submit a request for uncompensated use of school facilities, which shall include an explanation of why uncompensated use should be permitted. The Superintendent is authorized to make the final decision on such request.

### Uncompensated Use

The Superintendent may permit the uncompensated use of school buildings and grounds by any District or school related group or by any non-school related community non-profit organization whose membership is open to the public, provided that the activity for which the facility is to be used promotes the educational function of the School District. "Educational function" means uses that are directly related to the educational mission of the District as adopted by the Board (and found in policy A of the District's Policy Manual) and includes the related uses of parent-teacher organizations, youth organizations and school employee organizations. Use of facilities or property by organizations indicated above that will require a substantial District cost for utilities, services, supplies and/or personnel may be permitted only if payments are made to reimburse these costs to the District.

The mission statement and the group's or organization's promotion of the educational function through the activity, as interpreted by the Superintendent in good faith, will be the basis upon which uncompensated use of District facilities and property shall be approved or denied.

*Uncompensated use* means that the group or organization pays only the District's direct costs resulting from the use of the facilities. The Board has determined, in good faith, that recreational or educational activities for the youth residing within the District's boundaries promote the educational function of the District.

**Terms of Use**

No school facility shall be used by any group or individual not in compliance with the requirements of all applicable federal or state statutes, regulations, and rules prohibiting discrimination on the basis of race, color, religion, national origin, sex, disability, age, or any other prohibited classification. No school facility shall be used by any group or individual for the purpose of advocating social or political change by violence or for advancing any theory subversive to the constitutions or laws of the state of Arizona or the United States.

No alcoholic beverages or e-cigarette products are allowed on District property. Tobacco products are not allowed on District property, pursuant to A.R.S. 36-798.03. Weapons are not allowed on school grounds, pursuant to A.R.S. 13-3102(A)(12).

**Insurance**

Proof of liability insurance with minimum limits of one million dollars (\$1,000,000) shall be required for the use or lease of school property pursuant to A.R.S. 15-1105(E), with GESD named as “additional insured” on the policy. A certificate of insurance is required as evidence of this coverage.

**Procedures, Rules, and Regulations**

The Superintendent shall establish such rules and regulations as are needed to implement this policy as well as to assure the preservation of District property. If damage to the facilities occurs as the result of irresponsibility on the part of the applicant, charges shall be made to cover the amount of the damage. The Superintendent reserves the right to cancel any agreement if, after investigation, it is deemed that such use is not in the best interest of the District.

Initial inquiries for use of school facilities should be made via the Facilities Use Request link found on the GESD40.org homepage. **School activities shall always be given preference for use of facilities.**

**Elections**

The principal of a school may deny a request to provide space for use as a polling place if within two (2) weeks after a request has been made the principal provides a written statement indicating a reason why the election cannot be held in the school that includes any of the following:

- Space is not available at the school.
- A disruption of the normal school activities would occur.
- The safety or welfare of the students would be jeopardized.

Posting of political signs and other electioneering activities will not be permitted on school property at any time including on Election Day at school sites used as polling places.

**Athletic Activities**

At least two (2) weeks prior to the requested first use date, OCCUPANT must submit the Athletic Activities Addendum (Appendix E), signed and dated by an official of OCCUPANT, describing the program and verifying it is and shall continue to be compliant with A.R.S. 15-341 and Board Policy JJIB.

## **PUBLIC CONDUCT ON SCHOOL PROPERTY**

No person shall engage in conduct that may cause interference with or the disruption of an educational institution. Interference with or disruption of an educational institution includes any act that might reasonably lead to the evacuation or closure of any property of the educational institution or the postponement, cancellation or suspension of any class or other school activity. For the purposes of this policy, an actual evacuation, closure, postponement, cancellation or suspension is not required for the act to be considered interference or disruption.

A person commits interference with or disruption of an educational institution by doing any of the following:

- Intentionally, knowingly or recklessly interfering with or disrupting the normal operations of an educational institution by either:
- Threatening to cause physical injury to any employee or student of an educational institution or any person on the property of an educational institution.
- Threatening to cause damage to the District, the property of the District, or the property of any person attending the District.
- Intentionally or knowingly entering or remaining on the property of an educational institution for the purpose of interfering with or denying lawful use of the property to others.
- Intentionally or knowingly refusing to obey a lawful order given by the Superintendent or a person designated to maintain order.

The above identified acts need not be directed at a specific individual, the District, or specific property of the District to constitute a violation of this policy.

Restitution for any financial loss caused by a violation of the policy may be required. Furthermore, an individual who interferes with or disrupts an educational institution is subject to misdemeanor or felony charges as provided in A.R.S. 13-2911.

A person may also interfere with or disrupt the District function by committing any of the following:

- Any conduct intended to obstruct, disrupt, or interfere with teaching, research, service, administrative, or disciplinary functions or any activity sponsored or approved by this Board.
- Physical or verbal abuse or threat of harm to any person on property owned or controlled by the District or at supervised functions sponsored by the District.
- Forceful or unauthorized entry to or occupation of District facilities, including both buildings and grounds.
- Illicit use, possession, distribution, or sale of tobacco, alcohol, or drugs, other controlled substances, or other illegal contraband on District property or at school-sponsored functions.
- Use of speech or language that is offensive or inappropriate to the limited forum of the public school educational environment.
- Failure to comply with the lawful directions of District officials or of District security officers or other law enforcement officers acting in performance of their duties, and failure to identify oneself to such officials or officers when lawfully requested to do so.
- Knowing violation of a District rule and regulation. Proof that an alleged violator has a reasonable opportunity to become aware of such rules and regulations shall be sufficient proof that the violation was done knowingly.
- Any conduct constituting an infraction of any federal, state, or city law or policy or regulation of the Board.
- Carrying or possessing a weapon on school grounds unless the individual is a peace officer or has obtained specific authorization from the appropriate school administrator.

**Additional Requirements of the General Public**

The definition of general public is anyone who does not come under the definition of student, faculty member, staff member, or employee.

- No person shall visit or audit a classroom or other school activity, nor shall any person come upon or remain upon school premises, without approval by the principal or the principal's authorized representative. Nor shall any person conduct or attempt to conduct any activity on school premises without prior approval by the Superintendent or the Superintendent's authorized representative.
- Any member of the general public considered by the Superintendent, or a person authorized by the Superintendent, to be in violation of these rules shall be instructed to leave the property of the District. Failure to obey the instruction may subject the person to criminal proceedings pursuant to A.R.S. 13-2911 and to any other applicable civil or criminal proceedings, or to tribal ordinance.
- Persons attending special functions shall confine themselves to the specific part of the facility assigned in the permit.
- Persons who engage in disorderly conduct of any kind may be subject to removal and exclusion from the facility.
- The use of facilities shall be granted only for legitimate purposes. Therefore, the permit holder shall assume full responsibility for any unlawful act committed during the exercise of the permit.

**FACILITY USE AGREEMENT**

---

**BETWEEN**

**Glendale Elementary School District #40**

**and**

\_\_\_\_\_  
Organization's Name

**1. PARTIES**

The parties to this Agreement are Glendale Elementary School District No. 40, hereinafter referred to as "**DISTRICT**", and \_\_\_\_\_, hereinafter referred to as "**OCCUPANT**".

**2. RECITALS**

This Agreement is made with reference to the following facts:

2.1 DISTRICT has offered to make available to the OCCUPANT the following DISTRICT-owned property, hereinafter referred to as "**FACILITY**":

Name of Facility: \_\_\_\_\_

Date(s): \_\_\_\_\_ Time(s): \_\_\_\_\_

2.2 OCCUPANT agrees to use the FACILITY for only the following purposes:

\_\_\_\_\_  
\_\_\_\_\_

2.3 OCCUPANT represents that the FACILITY will only be used for the stated purpose.

2.4 OCCUPANT has paid in full all fees due under any previous Facility Use Agreements with the DISTRICT.

**3. USE**

When using the FACILITY, or any portion thereof, OCCUPANT agrees to comply with all applicable state, federal or local laws and regulations, and with the policies and regulations of the DISTRICT pertaining to the use and occupancy of the FACILITY. OCCUPANT agrees to take good care of the FACILITY and any equipment and furniture located therein, and to leave the FACILITY at all times in as good order and condition as existed prior to OCCUPANT's use thereof. OCCUPANT shall not use or allow any portion of the FACILITY to be used for any unlawful purpose. OCCUPANT shall not commit or allow to be committed any waste or nuisance in or about the FACILITY, or subject the FACILITY to any use that would damage any portion of the FACILITY or raise or violate any insurance coverage

maintained by the DISTRICT. OCCUPANT shall not allow a number of persons in any portion of the FACILITY at any time in excess of the legal or normal capacity of such portion of the FACILITY. **OCCUPANT shall not permit any food or drink in any classroom or gymnasium without prior written approval of the Director of Maintenance and Operations.** OCCUPANT shall not permit tobacco use, alcohol, or weapons on school grounds. OCCUPANT knows of and will enforce all requirements of the Arizona Medical Marijuana Act and its implementing regulations.

**4. SCHEDULING**

OCCUPANT shall schedule each event through the District’s Maintenance and Operations Department Administrative Secretary. The completed Facility Use Agreement and all completed accompanying forms can be emailed to [facilityrental@gesd40.org](mailto:facilityrental@gesd40.org) or mailed to the following address: ATTN: GESD #40 Facility Rental, 7015 W Maryland Ave, Glendale, AZ 85303.

**5. TERM OF AGREEMENT**

The term of this agreement shall commence on \_\_\_\_\_, 201\_\_\_\_, and end on \_\_\_\_\_, 201\_\_\_\_, at which time OCCUPANT’s rights to use the FACILITY under this Agreement shall automatically expire unless otherwise extended in writing, by the DISTRICT, at its sole discretion.

**6. COMPENSATION**

OCCUPANT will compensate DISTRICT in advance for use of the FACILITY as follows:

- 1) In advance for all events with a duration of two (2) months or less.
- 2) If event duration is longer than two (2) months equal monthly payments will be made in advance of use each month.

Please make checks payable to **“Glendale Elementary School District #40” and mailed or delivered to Attn: GESD #40 Facilities Rental, 7015 W. Maryland Ave, Glendale AZ 85303.**

**7. INSURANCE**

Pursuant to A.R.S. Section 15-1105 et seq., OCCUPANT agrees to procure, at its expense, and maintain during the term hereof, a policy of general liability insurance, against claims for bodily injury, death and property damage occurring in connection with OCCUPANT’s use of any portion of the FACILITY, which insurance shall retain the minimum limits of \$1,000,000 and include the DISTRICT as an additional insured certificate holder and be primary and non-contributing to any coverage maintained by the DISTRICT. OCCUPANT shall provide the DISTRICT with a certificate evidencing such insurance coverage is in effect.

**8. LIABILITY AND INDEMNITY**

The School District and its employees, including the Governing Board and Superintendent, are immune from civil liability with respect to all decisions made and actions taken to allow the lease or use of school property, unless the School District or its employees are guilty of gross negligence or intentional misconduct. This does not limit any other immunity provisions that are prescribed by law.

OCCUPANT agrees to conduct its activities in the FACILITY in a careful and safe manner. As a material part of the consideration to the DISTRICT, OCCUPANT hereby assumes all risk of damage to and loss or theft of property, and injury or death to persons related to OCCUPANT’s use or occupancy of any

portion of the FACILITY from any cause whatsoever, and OCCUPANT hereby waives all claims in respect thereof against DISTRICT. OCCUPANT shall indemnify, defend, and save harmless DISTRICT and all of its employees, agents, and representatives from any and all claims, demands, suits, actions, proceedings, loss, cost, and damages of every kind and description, including any attorney's fees and/or litigation expenses, which may be brought or made against or incurred by DISTRICT, on account of loss or damages to any property and for injuries to or death of any person arising out of any act or omission by OCCUPANT, its employees, agents, representatives, or subcontractors, or arising out of its use of the FACILITY, or arising out of workers' compensation claims or unemployment disability compensation claims of employees of OCCUPANT or out of claims under similar such laws. OCCUPANT's obligation under this Section 8 shall not extend to any liability caused by the sole negligence of DISTRICT or its employees. Where both DISTRICT and OCCUPANT, including their employees, agents or representatives participated in the liability causing event, each party shall contribute to the common liability a pro rata share based upon its relative degree of fault as established by compromise, arbitration or litigation.

**9. ENTIRE CONTRACT**

This Agreement embodies the entire contract between OCCUPANT and DISTRICT. The parties shall not be bound by or be liable for any statement or representation of any nature not set forth in this Agreement. Changes of any of the provisions of this Contract shall not be valid unless reduced to writing and signed by both parties. The Facilities Use Request Checklist (Appendix A), Facilities Use Guidelines (Appendix C), Field Use Guidelines (Appendix D), Athletic Activities Addendum (Appendix E), and applicable GESD Governing Board policies are incorporated herein by this reference.

**10. SUSPENSION AND TERMINATION**

DISTRICT may, by written notice, direct OCCUPANT to suspend its use of the FACILITY for such period of time as may be determined by DISTRICT to be necessary or desirable. Upon receipt of such termination notice, OCCUPANT shall immediately discontinue use of the FACILITY under this Agreement. Payment for use already completed or in process at the time of the notice of termination is received shall be adjusted between DISTRICT and OCCUPANT in a fair and reasonable manner, but shall exclude any allowance for unperformed use or anticipated profits thereon.

**11. WAIVER**

The failure of DISTRICT to insist upon strict performance of any of the provisions of this Agreement or to exercise any rights or remedies provided by this Agreement, or OCCUPANT's delay in the exercise of any such rights or remedies, shall not release OCCUPANT from any of its responsibilities or obligations imposed by this Agreement and shall not be deemed a waiver of any right of DISTRICT to insist upon strict performance of this Agreement.

**12. ASSIGNMENTS AND SUBLETTING**

OCCUPANT shall not have the right to assign this Agreement or allow any other person or entity to use or occupy any or all of the FACILITY without the prior written consent of the DISTRICT, which consent may be granted or withheld at the DISTRICT'S sole discretion.

**13. DEFAULT**

In the event that the OCCUPANT fails to pay any fee or other sum required to be paid by the OCCUPANT hereunder when due, or otherwise fails to comply with or observe any other provisions of this Agreement, in addition to any other remedy that may be available to the DISTRICT by reason of

such failure, whether at law or in equity, the DISTRICT may immediately terminate this Agreement and all rights of the OCCUPANT hereunder.

**14. ARBITRATION**

In the event of a dispute hereunder, the parties agree to use arbitration insofar as required by Sections 12-1518 and 12-133, Arizona Revised Statutes, and rules promulgated thereunder.

**15. CONFLICT OF INTEREST**

The parties understand that this Agreement is subject to cancellation pursuant to Section 38-511 of the Arizona Revised Statutes, without penalty or further obligation on the part of the DISTRICT, if any person significantly involved in initiating, negotiating, securing, drafting or creating this Agreement on behalf of the DISTRICT is, at any time while this Agreement or any extension hereof is in effect, an employee or agent of the OCCUPANT, in any capacity, or a consultant to the OCCUPANT, with respect to the subject matter of this Agreement.

**16. GOVERNING LAW**

This Agreement shall be governed by the laws of the State of Arizona, the courts of which state shall have jurisdiction of the subject matter hereof.

**17. RELATIONSHIP**

The parties agree that neither the OCCUPANT nor any employees or other personnel of the OCCUPANT will for any purpose be considered employees of the District, and with respect to the OCCUPANT and any employees or other personnel of the OCCUPANT, the DISTRICT shall not be responsible in any manner for the supervision, daily direction and control of the OCCUPANT and any of its employees or other personnel or the payment of salary (including withholding income taxes and social security), workers' compensation and disability benefits for OCCUPANT and any of its employees or other personnel.

**18. CLEANING OF FACILITIES / PENALTIES**

DISTRICT will be responsible for cleaning the FACILITY immediately after each use. OCCUPANTS are responsible for the removal of any and all debris, including, but not limited to, papers, wrappers, water bottles, etc. OCCUPANT shall also be responsible for emptying all trash containers into dumpsters. Failure to comply with this policy will result in the following penalties:

<b>FIRST INSTANCE</b>	<b>WRITTEN WARNING</b>
<b>SECOND INSTANCE</b>	<b>\$100.00 FINE</b>
<b>THIRD INSTANCE</b>	<b>LOSS OF USE</b>

**19. PERIODIC PRE- AND POST-USE FACILITY ASSESSMENTS**

Periodic pre- and post-use facility assessments shall be conducted to assess rental contract conformance and the quality of care being provided to District facilities during rental periods. DISTRICT reserves the right to require facility users to pay for District custodial/site supervision for the duration of each facility use event should the Director of Maintenance and Operations determine that the terms of the contract are not being met.

**20. CANCELLATION OF AGREEMENT**

DISTRICT or OCCUPANT may, at any time, by written notice, cancel this agreement. Upon receipt of such cancellation notice, OCCUPANT shall immediately discontinue use of the FACILITY under this Agreement. Payment for use already completed or in process at the time of the notice of termination is received shall be adjusted between DISTRICT and OCCUPANT in a fair and reasonable manner, but shall exclude any allowance for unperformed use or anticipated profits thereon.

OCCUPANT must give written notice of cancellation at least two weeks prior to the date(s) to be cancelled. Upon receipt of this written notice, the DISTRICT will issue a credit of equal value for future use.

**21. CHANGES TO AGREEMENT**

The Superintendent and/or Governing Board may make changes to policies governing this agreement without prior notice. Upon said changes, OCCUPANT will be notified by written notice.

**22. AUTHORITY**

The individual signing below on behalf of the OCCUPANT hereby represents and warrants that he/she is duly authorized to execute and deliver this Agreement on behalf of the OCCUPANT and that this Agreement is binding upon the OCCUPANT in accordance with its terms.

**23. EXECUTION DATE**

The parties have caused this Agreement to be executed by their duly authorized representatives, this \_\_\_\_\_ day of \_\_\_\_\_ 20\_\_\_\_\_.

### ATHLETIC ACTIVITIES ADDENDUM

---

#### ***Concussion Prevention and Education***

Arizona Revised Statutes §15-341(A)(24) requires that Glendale Elementary School District #40 inform and educate coaches, pupils and parents of the danger of concussions and head injuries and the risk of continued participation in athletic activity after a concussion. This also applies to a group or organization that uses property or facilities owned or operated by a school district for athletic activities.

A participant who is suspected of sustaining a concussion in a practice session, a game, or other interscholastic athletic activity shall be immediately removed from the athletic event. A coach from the student's team, an official, a licensed health care provider, or the child's parent may remove the child from play. The child may return to play on the same day if a health care provider rules out a suspected concussion at the time the student is removed from play. On a subsequent day, the student may return to play if the student has been evaluated by and receives written clearance to resume participation in athletic activity from a health care provider who has been trained in the evaluation and management of concussion and head injuries as prescribed by A.R.S. 15-341.

#### ***Concussion Awareness Training***

If any athletic activities will occur under this Agreement, a copy of a certificate indicating concussion awareness training has been completed by a representative of OCCUPANT (dated less than one year prior to the date of this form) should be submitted with this application for the District's review.

#### ***Certification***

### Mild Traumatic Brain Injury (MTBI) / Concussion STATEMENT AND ACKNOWLEDGEMENT FORM

---

I, \_\_\_\_\_, acknowledge that I have to be an active participant in my own health and have the direct responsibility for reporting all of my injuries and illnesses to my coaches, team physicians, or athletic training staff. I further recognize that my physical condition is dependent upon providing an accurate medical history and a full disclosure of any symptoms, complaints, prior injuries and/or disabilities experienced before, during or after athletic activities.

By signing below, I acknowledge:

- I have received specific educational materials including the Centers for Disease Control (CDC) Concussion Fact Sheet for Athletes ([www.cdc.gov/headsup/pdfs/custom/headsupconcussion\\_fact\\_sheet\\_for\\_athletes.pdf](http://www.cdc.gov/headsup/pdfs/custom/headsupconcussion_fact_sheet_for_athletes.pdf)) on what a concussion is and have been given an opportunity to ask questions.
  - I have fully disclosed to team staff any prior medical conditions and will also disclose any future conditions.
  - There is a possibility that participation in my sport may result in a head injury and/or concussion. In rare cases, these concussions can cause permanent brain damage, and even death.
  - A concussion is a brain injury, which I am responsible for reporting to my coach, team physician, or athletic trainer.
  - A concussion can affect my ability to perform everyday activities, and affect my reaction time, balance, sleep, and classroom performance.
  - Some of the symptoms of concussion may be noticed right away while other symptoms can show up hours or days after the injury.
  - If I suspect a teammate has a concussion, I am responsible for reporting the injury to the team staff.
  - I will not return to play in a game or practice if I have received a blow to the head or body that results in concussion related symptoms.
  - I will not return to play in a game or practice until my symptoms have resolved AND I have written clearance to do so by a qualified health care professional.
  - I understand that, following a concussion, the brain needs time to heal and I am much more likely to have a repeat concussion or further damage if I return to play before my symptoms resolve.
  - Based on the incidence of concussion as published by the CDC, the following sports have been identified as high risk for concussion: baseball, basketball, diving, football, pole vaulting, soccer, softball, spirit line and wrestling.
  - I represent and certify that I and my parent/guardian have read the entirety of this document and fully understand the contents, consequences and implications of signing this document and that I agree to be bound by this document.

\_\_\_\_\_

(Reason for Travel)

1. Relevance of conference/workshop to employee(s) work responsibilities.

AASBO's workshops, conferences and break-out sessions are all focused on the various support staff functions for public school districts. Their offerings are timely, relevant and provide up-to-date information that enable support staff to increase their knowledge and expertise in their respective areas.

2. How will employee(s) share information with colleagues?

Conference participants will have the opportunity to network with peers from other Arizona districts as well as gain valuable information and knowledge they can readily apply to their jobs and share with their staffs/co-workers.

3. How is the conference/workshop related to district, school or department goals and or objectives?

AASBO is one of a very few resources for providing professional development opportunities and training to support staff in public school districts. In addition, this aligns with the governing board's approval of the meet and confer recommendation to provide professional development to classified staff.

RECOMMENDATION:

It is recommended the Governing Board approve the Performance Evaluation Handbooks for Teachers, Social Emotional Learning Specialists, Achievement Advisors, Psychologists, Occupational Therapists, Physical Therapists, Speech Therapists, Classified Staff, Site Administrators and District Leadership as presented.

---

**RATIONALE:**

Outstanding employees make a difference in the life of a student! Great classroom teaching, student support, principal and district leadership are strong predictors of student development and achievement.

To this end, the updated handbooks, which support the philosophy of using a performance evaluation as an ongoing and continuous growth process, are being presented.

# SECTION 1: INTRODUCTION

## District Philosophy

GESD believes the teacher evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students. The observation rubric is a document that was created to be used as a point of discussion between evaluator peers, teacher peers, and between the evaluator and evaluatee. Each domain is made up of elements which then have indicators to explain that element throughout four levels of performance. Each of the indicators support that level of performance. The indicators are to not be used as a checklist to determine that level of performance, but rather the indicators should be looked at in a holistic manner when deciding level of performance.

## Statement of Purpose

The purpose of the District's Teacher Evaluation System is to improve the quality of instruction and to work toward common goals for the improvement of student learning.

The Teacher Evaluation System:

- safeguards and improves the quality of instruction received by the students.
- structures professional dialogue and feedback between teacher and administrator.
- provides the teacher with opportunities for professional growth, strategies for improvement, or extra assistance as needed.
- clarifies expectations relative to job performance for all certified teachers.
- increases teacher competency.
- includes procedural due process for dismissal.
- complies with Arizona Revised Statutes.

# Teaching Standards

The District embraces the National Board of Professional Teaching Standards (NBPTS), Standards for Arizona Teachers and GESD Professional Teacher Standards.

## **National Board of Professional Teaching Standards (NBPTS)**

1. Teachers are committed to students and their learning.
2. Teachers know the subjects they teach and how to teach those subjects to students.
3. Teachers are responsible for managing and monitoring student learning.
4. Teachers think systematically about their practice and learn from experience.

## **Standards for Arizona Teachers**

### Standard 1: Designs and Plans Instruction

The teacher designs instruction that develops students' abilities to meet Arizona's academic standards and the district's assessment plan.

### Standard 2: Creates and Maintains a Learning Climate

The teacher creates and maintains a learning climate that supports the development of students' abilities to meet Arizona's academic standards.

### Standard 3: Implements and Manages Instruction

The teacher implements and manages instruction that develops students' abilities to meet Arizona's academic standards.

### Standard 4: Assess Learning and Communicates Results

The teacher assesses learning and communicates results to students, parents and other professionals with respect to students' abilities to meet Arizona's academic standards.

### Standard 5: Collaborates with Colleagues, Parents and Others

The teacher collaborates with colleagues, parents, the community and other agencies to design, implement, and support learning programs that develop students' abilities to meet Arizona's academic standards and transition for school work.

### Standard 6: Engages in Professional Development

The teacher reviews and evaluates his or her overall performance and implements a professional development plan.

### Standard 7: Demonstrates Content Knowledge

The teacher has general academic knowledge as demonstrated by the attainment of a bachelor's degree. The teacher also has specific academic knowledge in his or her subject area sufficient to develop student knowledge and performance in the Arizona academic standards.

### Standard 8: Demonstrates Professional Knowledge

The teacher demonstrates current professional knowledge sufficient to effectively design and plan instruction, implement and manage instruction, create and maintain an appropriate learning environment, and assess student learning.

### Standard 9: Implements Special Education Components

In collaboration with other professionals, the special education teacher participates in the design, implementation, and assessment of individual education programs.

## Arizona Revised Statutes Criteria

Arizona Revised Statutes (A.R.S.) § 15-537 Section A states that in the development of guidelines and procedures for the evaluation of certified teachers, the Governing Board shall avail itself of the advice of its certificated teachers.

### Evaluation System Review

The Teacher Evaluation Committee will meet each year to consider the development and periodic evaluation of the teacher performance evaluation system no later than March.

### Assurances

The Glendale Elementary School District evaluation system documents have been formally approved by the Governing Board.

### Confidentiality A.R.S. § 15-537-G

Copies of the assessment and evaluation report of a certificated teacher retained by the Governing Board are confidential, do not constitute a public record, and shall not be released or shown to any person except:

1. To the certified teacher who may make any use of it.
2. To the authorized district officers and employees for all personnel matters regarding employment and contracts and for any hearing, which relates to personnel matters.
3. To school districts and charter schools that inquire about the performance of the teacher for prospective employment purposes. A school district or charter school that receives information about a certificated teacher from the evaluation report and performance classification shall use this information solely for employment purposes and shall not release to or allow access to this information by any other person, entity, school district or charter school.
4. For introduction in evidence or discovery in any court action between the Governing Board and the certificated teacher in which either:
  - a. The competency of the teacher is at issue
  - b. The assessment and evaluation were an exhibit at a hearing, the result of which is challenge

### Elements of Evaluation

1. Comply with State Board of Education-approved model framework for teacher evaluations, which requires that student academic progress account for 33% to 50% of evaluation.
2. Teacher evaluated into one of four performance classifications: highly effective, effective, developing, ineffective. By December 1, 2012, SBOE adopts qualitative definition of performance classifications. By start of 2012-2013 school year, Governing Board adopts quantitative definitions of performance classifications. A.R.S. § 15-203(1) (38).

### Summative Evaluation Frequency

All teachers – at least once each year

### Observations

The teacher performance evaluation system shall include at least two (2) actual classroom observations of the certificated teacher demonstrating teaching skills in a complete and uninterrupted lesson by the qualified evaluator. However, the Governing Board may waive the requirement of a second classroom observation for a continuing teacher whose teaching performance based on the first classroom observation places the teacher in one (1) of the two (2) highest performance classifications for the current school year, unless the teacher requests a second observation.

~~Two observations for all teachers demonstrating teaching skills in a complete and uninterrupted lesson.~~

**Time of Observation**

1. No observation within two (2) instructional days of a school break of one week or more. A.R.S. § 15-539(C)
2. Sixty (60) calendar days between first and last observation

**Communications with Teacher**

Evaluator must provide:

- Written feedback to teacher within ten (10) business days after an observation.
- Copy of written summative evaluation within five (5) business days after its completion. After teacher receives evaluation, Board designee, or a qualified evaluator, must:
- Confer with teacher regarding specific recommendations for areas of improvement and professional development opportunities.
- Follow up with teacher after a reasonable period of time to determine whether the teacher is demonstrating adequate performance.

**Evaluation Report Contents**

Evaluation report must include:

- Teacher's performance classification
- Recommendations for areas of improvement if performance warrants improvement.

**Appeal**

Teachers who disagree with their summative evaluation may file an appeal if permitted to do so under Arizona law and Board policy.

This evaluation system aligns with requirements outlined in ARS §15-536 to 539.

# SECTION 2: THE EVALUATION SYSTEM

The primary purposes of the teacher evaluation system are to provide for increased teacher competency through improved communication between teacher and principal, to improve instructional skills, to provide extra assistance where needed, and to provide a system for dismissal which complies with the law.

## Evaluation System Training

### Qualified Evaluator Training

- Each teacher will be evaluated by a qualified evaluator. The Governing Board shall annually designate persons who are qualified to evaluate teachers to serve as evaluators for the District's teacher performance evaluation system.
- The Governing Board shall ensure that evaluators are qualified to evaluate teachers, by delegating to the Administration the responsibility for ensuring that evaluators are provided with the appropriate training.
- The qualifications required of qualified evaluators are as follows:
  - Knowledge
    - Knowledge of district's Professional Teaching Standards
    - Knowledge of district evaluation system
    - Knowledge of policies, laws, and regulations related to teacher evaluation
  - Evaluation Process
    - Orients and communicates the evaluation process to employees
    - Completes evaluation tasks within required timelines
    - Completes observations within required timelines
    - Maintains a record of evaluation tasks performed
    - Gathers and records data
  - Conference and Improvement Plans
    - Seeks input from teachers regarding their evaluation & individual professional development plan
    - Communicates areas of instructional strength to teacher
    - Specifies areas of refinement to teacher
    - Provides systematic, ongoing support for teachers in implementing improvement plans
    - Monitors Improvement Plan implementation and provides feedback
  - Reliability
    - Meets expected inter-rater reliability expectations established by the district
    - Participates in training annually

### Teacher Training

- The evaluation process is reviewed with all teachers within the first three weeks of the start of school year at the school buildings with a qualified evaluator(s).

## Evaluation Components

The final teacher evaluation classification will be determined using a combination of classroom performance and student achievement. Teacher classroom performance will account for 67% and student achievement (pending State of Arizona guidance) will account for 33% of the final teacher performance classification.

### Teacher Classroom Performance

Teacher classroom performance will be a result of data collected from at least two classroom observations of complete and uninterrupted lessons. Additional data may be collected from pre/post-conferences, mid-year conference/feedback session, and additional artifacts. As a result of the data collected each Element from the Teacher Evaluation Rubric will receive an individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification (Table 1).

The domain classifications will then be used to determine the overall teacher classroom performance classification (Table 2).

**Table 1. Number of Elements and Domain Classifications**

Domain/Classification	Highly Effective	Effective	Developing	Ineffective
<b>Facilitation</b>	3- Highly Effective No Developing No Ineffective	5-Effective/Highly Effective No Ineffective	4-Developing 1-Ineffective	2-Ineffective

<b>Effective</b>	3- Effective/ Highly Effective Domains No Ineffective Domains
<b>Developing</b>	3- Developing Domains No Ineffective Domains
<b>Ineffective</b>	1- Ineffective Domain

## Student Achievement

Teachers are labeled as a Group A or Group B teacher.

- Group A teachers include any teacher who has been in GESD for at least 2 consecutive years with the same teaching assignment in the following AzMERIT and/or AIMS tested subjects:
  - Reading teachers grade 3-8
  - Math teachers grade 3-8
  - Science teachers grades 4 and 8
- All other teachers and achievement advisors are Group B teachers.

## Final Classifications for the levels of performance:

- As prescribed in A.R.S. § 15-203, beginning in school year 2013-2014 all school districts and charter schools shall classify each teacher in one of the following four performance classifications:
  - **Highly Effective:** A *highly effective* teacher consistently exceeds expectations. This teacher's instructional performance is exceptional and her/his students generally made exceptional levels of academic progress. The highly effective teacher demonstrates mastery of the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537.
  - **Effective:** An *effective* teacher consistently meets expectations. This teacher's instructional performance is effective and her/his students generally made satisfactory levels of academic progress. The effective teacher demonstrates competency in the state board of education adopted professional teaching standards, as determined by classroom observations as required by ARS §15-537.
  - **Developing:** A *developing* teacher fails to consistently meet expectations and requires a change in performance. This teacher's instructional performance is mixed and her/his students generally made unsatisfactory levels of academic progress. The developing teacher demonstrates an insufficient level of competency in the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537. The developing classification is not intended to be

assigned to a veteran teacher for more than two consecutive years. This classification may be assigned to new or newly-reassigned teachers for more than two consecutive years.

- **Ineffective:** An *ineffective* teacher consistently fails to meet expectations and requires a change in performance. This teacher's instructional performance is ineffective and her/his students generally made unacceptable levels of academic progress. The ineffective teacher demonstrates minimal competency in the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537.

**Final Teacher Classification based on Classroom Performance and Student Achievement**

		Classroom Performance 67%			
		Highly Effective	Effective	Developing	Ineffective
Student Achievement 33% (pending State of Arizona guidance)	Highly Effective	Highly Effective	Effective	Developing	Ineffective
	Effective	Highly Effective	Effective	Developing	Ineffective
	Developing	Effective	Effective	Developing	Ineffective
	Ineffective	Effective	Effective	Developing	Ineffective

**How to Figure out the 33% of Student Achievement Data**

All teachers will receive a classification based on the following percentages:

- 67% of a certified staff member’s evaluation will be based on their performance evaluation rubric.
- 33% of a certified staff member’s evaluation will be based on the student achievement data as described below:
  - **Highly Effective: YES in both areas**
  - **Effective: YES in Area 2 and NO in Area 1**
  - **Developing: YES in Area 1 and NO in Area 2**
  - **Ineffective: NO in both areas**

Group	Student Achievement			
	AREA 1 (20% of the 33% total)	Yes/No	AREA 2 (13% of the 33% total)	Yes/No

## EVALUATION PROCESS, PROCEDURES & RESPONSIBILITIES

Action	Purpose	Person(s) Responsible	Time Frame	Follow-up
Goal Setting (see Individual Goal Plan)	Set instructional improvement goals and document in Individual Goal Plan	Evaluator and Teacher	Returning teachers – Spring  New teachers- Before Sept. 30 <sup>th</sup> .	Mid-Year Conference/Feedback  Summative Conference
Data Collection through Observation (announced & unannounced)	Inform evaluator about instructional skills as they pertain to student learning.	Evaluator	Announced before Dec. 15 <sup>th</sup>  Unannounced  Throughout the year.	Post Observation Conferences  Mid-Year Conference/Feedback  Summative Conference
Data Collection through additional artifacts.	Inform evaluator about effectiveness of instruction and performance beyond the classroom.	Evaluator and Teacher	Throughout the school year.	Mid-Year Conference/Feedback  Summative Conference
Mid-year Conference/Feedback Session	Engage in a conversation about progress in relation to goals, instructional skills and artifacts.	Evaluator and Teacher	Before January 30 <sup>th</sup>	Observations  Artifacts  Summative Evaluation Conference
Summative Evaluation	Provide written final classification to the teacher and facilitate a conference with the teacher. <i>(See description below)</i>	Evaluator	Before April 15 <sup>th</sup> .	Next Goal Setting Conference.

### Individual Goal Plan

- The purpose of the Individual Goal Plan is to set instructional improvement goals, which must integrate at least one (1) element identified on the Facilitation or Engagement domain with content needs identified in the School Improvement Plan in order to plan for the assessment of professional growth.
- Materials to provide/bring to post conferences:
  - o Completed Self-Classified-rubrics (optional)
  - o Planning documents
  - o Communication documents
  - o Progress Monitoring/Assessment plan documents
  - o Additional Artifacts
- The self-classified rubrics are for the sole use of the teacher, and are not for formal documentation in the evaluation process. The act of reflection is an essential part of professional growth and should assist in the goal setting process between the teacher and the administrator(s).
- Discuss the self-classified rubric as a source of goals, objectives, and targets for observations with emphasis on teaching.
- Each teacher will collaborate with the administrator(s) to develop an Individual Goal Plan in the spring after their summative conference.

- Each first-year teacher will collaborate with the administrator(s) to develop an Individual Goal Plan in the fall based on New Teacher Induction requirements.
- After goals have been set, teacher and administrator(s) will discuss data collection to document the goals. A second goal area may be added from other domains.

### **Summative Evaluation Description**

- The administrator analyzes data sources & evaluates performance using the teacher evaluation rubric.
- The administrator will assign classifications to each instructional element, for each domain based on observations, artifacts and mid-year conferences/feedback. Based on element and domain classifications the teachers will receive an overall classroom performance classification. The final teacher classification will be determined from classroom performance (67%) and student achievement (33%) data.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrators will set up time with staff members for a summative evaluation conference.
- The administrator and teacher will discuss the rubric classification and comments.
- The teacher may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and teacher will discuss growth from the fall to the spring on the (un)announced observations, mid-year conferences/feedback, additional artifacts. Evidence of progress on the teacher's Individual Goal Plan will be documented on the summative evaluation.
- A new goal will be developed by the evaluator and teacher for the upcoming school year and documented on the summative evaluation.
- The administrator and the teacher sign the summative evaluation documents.
- Teachers may address the evaluation feedback by writing a response in the teacher's comment section OR
- The teacher may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.
- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the certificated teacher within five (5) days after completion of the evaluation.

# **SECTION 3: DATA COLLECTION MECHANISMS OBSERVATION TYPES & PROCEDURES**

- All teachers, both probationary and continuing, are required to have two observations unless they are subject to an exception as permitted by statute. The first observation will be an announced observation, and the second observation may be announced or unannounced.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15th.
- Each teacher may be observed more than the minimum number of times prescribed by Arizona law.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The teacher should be notified of this change prior to the observation.
- The teacher may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.
- Shared teaching positions will be assigned a home school however the teacher may be observed and data may be collected at either site. The summative evaluation will be completed at the home school.

Observation Type	Pre-Conference	Post-Conference	Deadline	Feedback
Announced	Yes at least 2 days prior to observation <i>(See description below)</i>	Yes within 5 days following observation <i>(See description below)</i>	Prior to December 15 <sup>th</sup>	written within 10 days of observation
Unannounced	No	Yes within 5 days following observation <i>(See description below)</i>	N/A	written within 10 days of observation

### **Announced Observation (prior to December 15<sup>th</sup>)**

Evaluator will schedule a time to observe the teacher during a complete and uninterrupted lesson. During the observation the evaluator will collect data about instructional elements within the Environment, Facilitation, and Engagement Domains of the Teacher Instructional Rubric. The announced observation is preceded with a pre-conference and is followed up with a post-conference and written feedback within 10 days of the observation.

### **Unannounced Observation**

The evaluator does not need to schedule a time with the teacher for an unannounced observation. The unannounced observation should be of a complete and uninterrupted lesson. During the observation the evaluator will collect data about instructional elements within the Environment, Facilitation, and Engagement Domains of the Teacher Instructional Rubric. The unannounced observation will be followed by a post-conference within 5 business days and written feedback within 10 days of the observation.

### **Pre-Observation Conference**

- The pre-conference discussion for any announced observation should be arranged by mutual agreement between administrator and teacher. The pre-conference for an announced observation must be scheduled at least two business days prior unless mutually agreed upon.
- If requested, the announced observation pre-conference will be scheduled by the site Administrator.
- The announced observation pre-conference should include the teacher and the observation's team administrator and if requested, the peer observer.
- If a peer observer is requested, the Peer Observer Request Form must be filled out prior to the pre-observation conference and submitted at the time the observation is scheduled.
- Appropriate topics for the announced observation pre-conference may include items on the Pre-Observation Conference Form and possibly the following: reviewing the process, questions about expectations, reviewing artifacts, lesson plans, progress monitoring, and grading practices. The teacher may ask the administrator to pay attention to a specific area that he/she may want the administrator to observe. Additional areas of discussion may include previous observations, Intervention Support Plan, Performance Improvement Plans, and goals and objectives.

### **Post-Observation Conference**

- Unannounced observations must include a post-conference.
- Teachers may self-assess utilizing the teacher evaluation rubric prior to the (Un) announced post-observation conference. The self-assessment is for the sole use of the teacher and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between teacher and administrator.
- The (Un)announced post- observation conference shall be held within five (5) business days after the (Un) announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the teacher within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/ enhancement or refinement/reinforcement and instructional strengths.
- If there are concerns with performance of probationary/continuing teachers, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

## **MID-YEAR CONFERENCE/FEEDBACK SESSION**

- All teachers will have a mid-year conference/feedback session by January 30<sup>th</sup> with their evaluator each school year.
- Mid-year conference/feedback session of at least thirty (30) minutes are considered part of the Teacher Evaluation System. Data from the mid-year conference/feedback should be included in the summative evaluation.
- Shared teaching positions may participate in the mid-year conference/feedback session at the shared school.

This mid-year conference/feedback session from the shared school may be reviewed with the home school evaluator.

## **ADDITIONAL ARTIFACTS**

The evaluator may use additional artifacts to inform their decision regarding teacher's classroom performance. Information gained from these artifacts should align to the elements and domains of the Teacher Evaluation Rubric. Data may include, but is not limited to,

- Classroom Walk-through
- Professional Learning Communities
- Instructional Conferences
- Committee Work
- Surveys
- Awards/Recognitions
- Video Taped Lessons
- School/District Projects
- Professional Development Activities
- Extra-Curricular/Community Outreach
- Student/Parent-Teacher Conferences
- Professional Interactions/Responsibilities

# SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

## Peer Observers

- A teacher may request to have a Peer Observer.
  - The purpose of the peer observer is to ensure the formal observation process is adhered to according to state and district guidelines.
  - A peer observer is a continuing teacher who:
    - o has a minimum 3 years of successful teaching experience in GESD. Successful is defined as a teacher who has not been on an Intervention Support Plan or Performance Improvement Plan for two (2) consecutive years
    - o has completed annual Peer Observer Training
    - o has been approved by the Governing Board
    - o is a current 1.0 FTE classroom teacher
    - o is not a qualified evaluator; therefore, not part of the evaluation process
  - If a peer observer is requested, the Peer Observer Request Form must be filled out prior to the pre-observation conference and submitted at the time the observation is scheduled.
  - Once a peer observer is requested, they will observe the entire formal observation process including the pre-observation conference, the observation, and the post-observation conference using the Peer Observation Notes Form.

### Intervention Support Plan

1. In any observation, if a teacher is classified less than “Effective” in any element, support may be given to the Teacher in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
2. An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
3. After four to six weeks of support, an announced observation will be performed to determine growth in the areas identified.
4. One of the following actions will occur:
  - If the goal(s) have been met, the Intervention Support Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4 or the teacher may be placed on a Performance Improvement Plan.
  - If no growth or insufficient growth has taken place, a Performance Improvement Plan will be developed.

### Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance

1. In accordance with state law and Governing Board Policy GCO, a Preliminary Notice of Inadequate Classroom Performance will accompany the Performance Improvement Plan.
2. If a teacher is placed on a Performance Improvement Plan, the teacher is entitled to “...specific recommendations as to areas of improvement ...shall (be) provide(d) assistance and opportunities for the certificated teacher to improve his/her performance and follow up with the teacher after a reasonable period of time for the purpose of ascertaining that the teacher is demonstrating adequate classroom performance.”

*A.R.S. § 15-536 and § 15-538*

3. A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
4. After forty-five (45) instructional days, another announced observation will be performed to determine performance in the areas identified.
5. One of the following actions will occur:
  - If the goal(s) have been met, the Performance Improvement Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated.
  - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
  - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.
6. If the teacher continues to demonstrate inadequate classroom performance at the conclusion of the Performance Improvement Plan, a Statement of Charges may be presented to the Board by the Superintendent or the Superintendent may recommend the non-renewal of the teacher. The Board may vote to adopt the statement of charges, if one is required by statute. If the vote is to adopt the statement of charges, the dismissal occurs at the end of 10 days, unless the teacher requests a hearing.

### **Inadequacy of Classroom Performance**

A teacher's classroom performance is inadequate if:

- the teacher receives a rating of "*ineffective*" in any of the five (5) Domains on any observation; *or*
  - the teacher receives a rating of "*ineffective*" with respect to the District's evaluation instrument as a whole; *or*
  - during each year of two (2) consecutive school years, the certificated teacher receives a rating of "*ineffective*" or "*developing*" rating with respect to the evaluation instrument as a whole.
7. A Continuing Teacher may be returned to probationary status based upon their classification received as per Arizona statute.

### **Safeguards**

- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the Governing Board.
- In the event of a claim of a violation of procedure or process, the teacher may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R states in part: “Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the teacher may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Governing Board action concerning dismissal or non-renewal.”
- Special Education:
  - o When observing special education teachers it is imperative to note that they are teaching a different population and class make up than their general education counterparts. Although special education teachers maintain high expectations for their students they must teach at the individualized levels of their students. Teaching in the special education classroom is based on the cognition and language level of the students, which may not be at their grade level. Therefore, special education teachers may adjust the cognition and language level appropriate to the students’ ability levels. An example of differentiation can be demonstrated through the function and formation of groups with the teacher utilizing a variety of methodologies. Special education classrooms may also need additional monitoring, prompts, and cues within the classroom as compared to their general education counterparts. The observer may need to differentiate the elements of interactive language development and critical thinking because students may need to use alternative modes of communication and adjust the level of critical thinking to the knowledge or comprehension level.
  - The teacher has a right to submit a written response to the evaluation per Policy GCO-RA. Policy GCO-RA states in part: The teacher may initiate a written reaction or response to the written evaluation. The teacher’s response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the teacher has received a copy of the evaluation. A copy of the teacher’s response will be attached to the evaluation.

- Both evaluator and teacher may use pre and post-observation conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the teacher may ask for one additional observation time during the school year according to board-adopted procedures.

## **Incentives**

Incentives for teachers in one of the two highest performance classifications, Effective or Highly Effective, pursuant to section 15-203, subsection A, paragraph 38, may include at the discretion of the Superintendent:

- Multiyear contracts pursuant to section 15-503.
- Incentives to work at schools that are assigned a letter grade of D or F pursuant to section 15-241.
- Transfer and contract processes for teachers designated in the lowest performance classification pursuant to section 15-203, subsection A, paragraph 38.
- If a continuing teacher receives an overall designation of “highly effective” in the area of classroom performance in the current year, he/she would have the option to waive the requirement for the second classroom observation in the following year.

### **Performance Pay**

As pursuant to ARS 15-977, in Glendale Elementary School District, the Pay for Performance Framework and the Teacher Evaluation Framework are two distinct frameworks. While both frameworks use similar data to indicate performance, they are not the same. For example, in the Teacher Evaluation Framework, the teacher performance classification is 67% of the final classification. However, the teacher performance classification shall be a component within the total Pay for Performance Framework.

## TERMS AND DEFINITIONS

### TERMS

### DEFINITIONS

<b>504 Plans</b>	Spells out the modifications and accommodations that will be needed for students who require accommodations due to a physical or mental impairment, illness, and/or disease.
<b>Academic Vocabulary</b>	Content and grade level specific terms
<b>Accommodations</b>	Adjustments designed and provided to give students differentiated access to learning activities
<b>ARTIFACT</b>	An opportunity or piece of evidence used to help determine teacher classroom performance
<b>Arizona Common Core Standards</b>	(ACCS) Standards created by states for states. Arizona joined with 46 other states to create the next generation of K-12 standards in English language arts and mathematics. These standards provide a consistent framework to prepare students for success in college and/or the 21st century workplace. The Arizona State Board of Education adopted ACCS on June 28, 2010.
<b>Arizona State Standards</b>	Arizona’s standards act as benchmarks for the skills and knowledge students should acquire by the end of each grade.
<b>AZELLA</b>	Arizona English Language Learner’s Assessment
<b>AzMERIT</b>	Arizona’s Statewide Achievement Assessment for English Language Arts and Mathematics
<b>Commendations</b>	A complimentary message of one’s teaching ability
<b>Communication</b>	Make known verbally or in writing.
<b>Continuing Teacher</b>	A certificated teacher who has been and is currently employed by the school district for the major portion of three consecutive school years and who has not been designated in the lowest performance classification for the previous school year or who has not regained continuing status after being designated as a probationary teacher.
<b>Cooperative Learning</b>	The practice of working within a group to attain shared goals. It is also called group learning. It is thought that if students work together they can learn more in a shorter period of time.
<b>Covert Thinking</b>	Overt behaviors are those that anyone can see or hear, while covert thinking behaviors are those that the teacher can encourage, yet only the student themselves can examine.
<b>Curriculum Guide</b>	Our documents are designed to show the alignment between local performance objectives and state and national standards. The following documents are available: Pacing guides which show when learning targets and/or standards are taught and at what grade level. Year-At-A-Glance guides show an example of yearlong unit planning themes. Unit Overviews summarize sample unit plan content. Unit Plans give a step-by-step guide to implement a model unit plan
<b>Data</b>	A broad range of evidence and may include such things as teacher portfolio anecdotal records, student work, photographs, surveys, videotapes, communication by peers or parents, or any other evidence to document the progress toward the established goals.
<b>Data-Based Decision Making</b>	Analyzing existing sources of information, (class and school attendance, grades, test scores, portfolios, surveys, and interviews) to make decisions. The process involves organizing and interpreting the data, creating action plans, and monitoring the effect actions have when implemented.
<b>Differentiated Instruction</b>	Differentiated instruction is a teacher reacting responsively to the learning needs of a particular student

or small group of students rather than the more typical pattern of teaching the class as though all students in it were basically the same. Differentiated instruction is also a teacher actively and positively responding to the learning needs of students.

Differentiated instruction may entail providing a choice of assignments where students self-select, additional teaching on particular skills. Also includes delving into a particular topic in depth or planning reading instruction that is tailored to student need.

<b>Domain</b>	The five principles valued by GESD standards based evaluation tool, i.e., facilitation, engagement, environment, planning, professionalism
<b>Element</b>	A component of the domain (Teaching to the Objective, Task Analyzed Sub- Objectives, Meaning...)
<b>Engagement</b>	Most of the students most of the time are involved throughout the lesson either overtly or covertly
<b>English Language Development (ELD)</b>	The Arizona ELL Task Force develops and adopts research-based models of structured English immersion (SEI) programs for use in school districts and charter schools in Arizona. Arizona Revised Statutes (A.R.S.) 115-756.01 requires that the models include a minimum of four hours per day of English language development (ELD) for each year in which a pupil is an English Language Learner. The Office of English Language Acquisition Services has the responsibility to ensure that schools provide limited English proficient students the opportunity to meet Arizona’s Academic Standards.
<b>Environment</b>	The social and cultural forces that shape the classroom climate
<b>Facilitation</b>	The act or process of assisting students throughout a lesson
<b>Feedback</b>	Written or verbal response from teacher to student, student to student, student to teacher, etc. to improve performance.
<b>Formal Observation</b>	An observation that uses all domains of the rubric to classify the teaching of students. Maybe accompanied by pre- and post-observation conferences.
<b>Forms</b>	Change in Form Titles to align with State Statute: Individual Goal Plan <input type="checkbox"/> Performance Improvement Plan Plan of Assistance <input type="checkbox"/> Intervention Plan Plan of Improvement <input type="checkbox"/> Performance Improvement Plan
<b>Gifted Differentiation Plan (GDP)</b>	A plan that describes the accommodations, enrichment and/or enhancements for identified Gifted Students
<b>Inadequacy of Classroom Performance</b>	Inadequate classroom performance means the teacher’s inability to implement those teaching skills necessary for creating a successful learning environment for all students; or a teacher’s failure to have sufficient knowledge of the subject matter or the basic skills needed to impart that knowledge to the students.  The District’s definition of “inadequate classroom performance” is contained in Governing Board Policy GCO and is developed in compliance with A.R.S. § 15-538.
<b>Individualized Education Plan (IEP)</b>	In the United States an Individualized Education Program, commonly referred to as an IEP, is mandated by the Individuals with Disabilities Education Act (IDEA). A student with an IEP is involved in special education.
<b>Individual Goal Plan</b>	A goal for growth chosen by the teacher with input from administration and includes action steps, support team members, timelines, and evidence of success.
<b>Individual Language Learner Plan (ILLP)</b>	A guidance document created by the ADE for the planning of ELD (English Language Development) instruction of each ELL within the mainstream

classroom.

<b>Informal Observation</b>	An unscheduled observation which may not use the entire rubric to assess teaching.
<b>Instructional Strategies</b>	Those strategies that affect student achievement such as but not limited to identifying similarities and differences, i.e., summarizing and note taking, reinforcing effort and providing recognition, homework and practice, non- linguistic representations, cooperative learning, setting objectives and providing feedback, generating and testing hypotheses and questions, cues, and advance organizers (Marzano, 2001).
<b>Instructional Technology</b>	Devices used to promote the application of validated, practical procedures in the design and delivery of instruction. It is often defined either in terms of media or other technology used (e.g. audiovisual media and equipment and computers).
<b>Interactive Language Development</b>	ILD is an element on the teacher evaluation rubric that includes various strategies and expectations to simultaneously teach to an academic objective and develop a student's language ability (See Teacher Evaluation Rubric for more information).
<b>Intervention Support Plan</b>	A plan written by the administrator to identify areas in need of improvement, level of performance expected and how to measure, skills or knowledge needed to meet expectations
<b>Knowledge Retrieval</b>	Seeks to return information in a structured form, consistent with human cognitive processes as opposed to simple lists of data items.
<b>Knowledge Utilization</b>	Involves understanding information, testing it for validity and reliability, tests it against one's own intuition and assumptions, transforming the information into a form that is usable, and applying this information in various related situations.
<b>Lesson Planning Guide</b>	Lesson Planning Guides give a step-by-step guide to implement a model lesson plan.
<b>Modifications</b>	Modifications refer to changes made to curriculum expectations in order to meet the needs of the student. Modifications are made when the expectations are beyond the student's level of ability. Modifications may be minimal or very complex depending on the student performance. Modifications must be clearly acknowledged in the IEP. Examples: second language exemptions, withdrawal for specific skills, include student in same activity but individualize the expectations and materials student is involved in same theme/unit but provide different task and expectations.
<b>Monitoring</b>	Activities pursued by teachers to keep track of student learning for the purposes of making instructional decisions and providing feedback to students or teachers on their progress. When educators speak of classroom monitoring, they generally refer to the following teacher or administrator behaviors: Questioning discussions to check understanding of the concept, circulating around the classroom during seatwork and engaging in one-to-one contacts with students about their work, assigning, collecting, and correcting homework; recording completion and grades, conducting periodic reviews with students or teachers to confirm their grasp of learning material and identify gaps in their knowledge and understanding, administering and correcting tests; recording scores reviewing student performance data collected and recorded and using these data to make needed adjustments in instruction.
<b>Non-Renewal</b>	A Probationary teacher is notified by the Governing Board they will not be re- employed for the following school year. The Governing Board takes action to not reemploy a probationary teacher for the following school year.
<b>Objectives</b>	Statement of the conditions, learner's behavior (action), and standard – criterion for prescribing desired learner performance.
<b>Observation</b>	A classroom observation of the <u>whole lesson</u> (a minimum of 30 uninterrupted minutes) by a qualified evaluator.
<b>Overt Activities</b>	Overt activities are those that anyone can observe, while covert thinking behaviors are those that the teacher can encourage, yet only the student themselves can examine.

**Peer Observer**

A continuing teacher who has gone through the training and is approved by the Board as a peer observer. Peer observers are not qualified evaluators.

**Performance Improvement Plan** **Formerly** known as Plan of Improvement. May follow an Intervention Support Plan if continued improvement is needed as determined by the administration. Clearly outlines elements of the evaluation rubric for a teacher to make changes to improve instruction or behaviors. Performance Improvement Plan will be created identifying areas of concern.

If the teacher is not successful she/he must be notified in writing of the district's intent not to re-employ (non-renew) or to dismiss.

**Performance Objective**

**Content Objective:** A statement that describes what content the student will be expected to have learned as a result of the instruction. The statement will include:

1. The level of learning to be demonstrated using Bloom's taxonomy or DOK.
2. The subject or topic.
3. The behavior the student will demonstrate as evidence of achieving the stated level of mastery of the content.
4. Each Objective will be assessed.

**Suggested Format:** The student will demonstrate (Bloom's taxonomy or DOK) of (subject/topic) by (behavior).

**Example:** The student will demonstrate evaluation (Bloom's taxonomy or DOK) of the importance of water conservation (subject/topic) by comparing how Arizona acquires drinking water with other states (behavior).

**Language objective:** A statement that describes what language knowledge/skills and key vocabulary the student will be expected to have learned as a result of the instruction. The statement will include:

1. The expectation that students will demonstrate the application level of learning using Bloom's taxonomy
2. The grammar component
3. The key vocabulary
4. The behavior the student will demonstrate as evidence of achieving the stated level of mastery of the language knowledge/skills and key vocabulary

**Suggested Format:** The student will demonstrate application (cognition level) of (grammar) and (key vocabulary) by (function of language).

**Example:** The student will demonstrate application (cognition level) of prepositions (grammar) and key vocabulary (key vocabulary) by writing a step- by –step instruction manual (function of language).

**Planning**

A formal plan (lesson, unit, etc.) for specified learner outcomes.

**Positive Behavior Intervention Supports**

Improving student academic and behavior outcomes is about ensuring all students have access to the most effective and accurately implemented instructional and behavioral practices and interventions possible. PBIS provides an operational framework for achieving these outcomes. It is a decision making framework that guides selection, integration, and implementation of the best evidence-based academic and behavioral practices for improving important academic and behavior outcomes for all students.

**Post-Observation Conference**

A meeting of the administrator and teacher with-in five (5) days of the summative evaluation. Discussion should include suggestions for improvement/enhancement and instructional strengths.

**Pre-Observation Conference (optional)**

A meeting held within two (2) weeks prior to formal evaluation. It includes the administrator, person to be observed and a peer observer (optional). The purpose of the pre- conference is to discuss the expectations of the observation and formative evaluation. It is optional in the standards-based evaluation system.

**Probationary Teacher**

A Certified teacher who is not designated as a continuing teacher.

<b>Professional Learning Community</b>	<p>Focus on Learning</p> <p>The fundamental purpose of the school is to ensure high levels of learning for all students. This focus on learning translates into four critical questions that drive the daily work of the school. In PLCs, educators demonstrate their commitment to helping all students learn by working collaboratively to address the following critical questions.</p>
<b>Qualified Evaluator</b>	<p>An administrator who has gone through the evaluation training provided by the district and has been approved by the governing board.</p>
<b>Rubric</b>	<p>An established and written set of criteria for scoring or evaluating one's performance in relationship to the established criteria. A rubric is a method of measuring quality using a set of criteria with associated levels of performance.</p>
<b>Self-Assessment</b>	<p>The rubric form completed by all teachers to evaluate their skills prior to the Individual Professional Goal Planning session. It is an act of reflection which is part of professional growth.</p>
<b>Sentence Frames</b>	<p>Sentence starters are partial sentences a teacher encourages language learners to utilize complete sentences, especially in student to student conversations and in discussion.</p>
<b>Strengths to be Maintained</b>	<p>Classroom performance that enhances student learning and demonstrates research-based best practice instructional skills.</p>
<b>Structured Prompts</b>	<p>Presentation of a conceptual framework for scaffolding structured problem- solving processes using question prompts and peer interactions.</p>
<b>Sub-Objectives</b>	<p>Incremental learning (i.e., the small steps taken in route to the WHOLE objectives).</p>
<b>Summative Evaluation</b>	<p>The compilation of formal observation/s and all informal observations that have been recorded.</p>
<b>Synergy</b>	<p>The Synergy® Education Platform (Synergy EP™) is a student information system in K-12, involving communication tools, report card, attendance, and discipline, health, and special education records.</p>
<b>Task Analysis</b>	<p>The process of breaking down the objective into its essential sub-objectives. It could include vocabulary, fact/information, why the learning is important, when the learning is used and the steps for doing the task (thought process) is the task application level or higher.</p>
<b>Teacher Action</b>	<p>What behaviors or performance the teacher will take throughout the lesson.</p>
<b>Unit Plan</b>	<p>Series of lesson plans designed around on a unifying theme.</p>
<b>Walk Through</b>	<p>An unscheduled visit where notes may or may not be taken.</p>
<b>Whole Objectives</b>	<p>W=What the student will learn (content) H=How they will learn it (process) O=Observable LE=Learner Evidence (End of lesson assessment)</p>

# SECTION 1: INTRODUCTION

## District Philosophy

GESD believes the achievement advisor evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students. The observation rubric is a document that was created to be used as a point of discussion between evaluator peers, teacher peers, and between the evaluator and evaluatee. Each domain is made up of elements which then have indicators to explain that element throughout four levels of performance. Each of the indicators supports that level of performance. The indicators are to not be used as a checklist to determine that level of performance, but rather the indicators should be looked at in a holistic manner when deciding level of performance.

## Statement of Purpose

The purpose of the Achievement Advisor (AA) observation/evaluation system is to build and sustain effectiveness in the multidimensional role of coach, mentor, instructional leader, team member, and professional development facilitator.

## Reference to “student” in the Evaluation Rubric

The references to students in the Evaluation Rubric may refer to a student or a teacher receiving instruction or coaching from an achievement advisor.

## Teaching Standards

The District embraces the National Board of Professional Teaching Standards (NBPTS), Standards for Arizona Teachers and GESD Professional Teacher Standards.

### **National Board of Professional Teaching Standards (NBPTS)**

1. Teachers are committed to students and their learning.
2. Teachers know the subjects they teach and how to teach those subjects to students.
3. Teachers are responsible for managing and monitoring student learning.
4. Teachers think systematically about their practice and learn from experience.

### **Standards for Arizona Teachers**

#### **Standard 1: Designs and Plans Instruction**

The teacher designs instruction that develops students’ abilities to meet Arizona’s academic standards and the district’s assessment plan.

#### **Standard 2: Creates and Maintains a Learning Climate**

The teacher creates and maintains a learning climate that supports the development of students’ abilities to meet Arizona’s academic standards.

#### **Standard 3: Implements and Manages Instruction**

The teacher implements and manages instruction that develops students’ abilities to meet Arizona’s academic standards.

#### **Standard 4: Assess Learning and Communicates Results**

The teacher assesses learning and communicates results to students, parents and other professionals with respect to students’ abilities to meet Arizona’s academic standards.

#### **Standard 5: Collaborates with Colleagues, Parents and Others**

The teacher collaborates with colleagues, parents, the community and other agencies to design, implement, and support learning programs that develop students’ abilities to meet Arizona’s academic standards and transition for school work.

#### **Standard 6: Engages in Professional Development** 3

The teacher reviews and evaluates his or her overall performance and implements a professional development plan.

**Standard 7: Demonstrates Content Knowledge**

The teacher has general academic knowledge as demonstrated by the attainment of a bachelor's degree. The teacher also has specific academic knowledge in his or her subject area sufficient to develop student knowledge and performance in the Arizona academic standards.

**Standard 8: Demonstrates Professional Knowledge**

The teacher demonstrates current professional knowledge sufficient to effectively design and plan instruction, implement and manage instruction, create and maintain an appropriate learning environment, and assess student learning.

**Standard 9: Implements Special Education Components**

In collaboration with other professionals, the special education teacher participates in the design, implementation, and assessment of individual education programs.

## Arizona Revised Statutes Criteria

The Achievement Advisor Observation and Evaluation Handbook aligns with current AZ Revised Statutes.

### Evaluation System Review

The Achievement Advisor Evaluation Committee will meet each year to consider the development and periodic evaluation of the evaluation system no later than March.

### Assurances

The Glendale Elementary School District evaluation system documents have been formally approved by the Governing Board.

### Confidentiality A.R.S. 15-537-G

Copies of the assessment and evaluation report of a certificated teacher retained by the Governing Board are confidential, do not constitute a public record, and shall not be released or shown to any person except:

1. To the certified teacher who may make any use of it.
2. To the authorized district officers and employees for all personnel matters regarding employment and contracts and for any hearing, which relates to personnel matters.
3. To school districts and charter schools that inquire about the performance of the teacher for prospective employment purposes. A school district or charter school that receives information about a certificated teacher from the evaluation report and performance classification shall use this information solely for employment purposes and shall not release to or allow access to this information by any other person, entity, school district or charter school.
4. For introduction in evidence or discovery in any court action between the Governing Board and the certificated teacher in which either:
  - a. The competency of the teacher is at issue
  - b. The assessment and evaluation were an exhibit at a hearing, the result of which is challenged

## GESD Criteria

Probationary Teachers	Continuing Teachers
1 announced observation	1 announced observation
1 unannounced observation	1 unannounced observation
1 summative evaluation	1 summative evaluation

### Elements of Evaluation

1. Comply with State Board of Education-approved model framework for teacher evaluations, which requires that student academic progress account for 33% to 50% of evaluation.
2. Teacher evaluated into one of four performance classifications: highly effective, effective, developing, ineffective. By December 1, 2012, SBOE adopts qualitative definition of performance classifications. By start of 2012-2013 school year, Governing Board adopts quantitative definitions of performance classifications. A.R.S. § 15-203 (1)(38).

### Summative Evaluation Frequency

All teachers – at least once each year

**Time of Observation**

1. No observation within two (2) instructional days of a school break of one week or more.  
A.R.S. § 15-539(C)
2. Sixty (60) calendar days between first and last observation

**Communications with Achievement Advisor**

Evaluator must provide:

- Written feedback to AA within ten (10) business days after an informal observation and five (5) business days after a formal observation.
- Copy of written summative evaluation within five (5) business days after its completion.  
After AA receives evaluation, Board designee, or a qualified evaluator, must:
- Confer with teacher regarding specific recommendations for areas of improvement and professional development opportunities.
- Follow up with AA after a reasonable period of time to determine whether the AA is demonstrating adequate performance.

**Evaluation Report Contents**

Evaluation report must include:

- Achievement Advisor's performance classification
- Recommendations for areas of improvement if performance warrants improvement.

# SECTION 2: THE EVALUATION SYSTEM

## Observation and Evaluation Process and Procedures for an Employee on a Teacher Contract

The primary purposes of the achievement advisor evaluation system are to provide for increased AA competency through improved communication between AA and principal and/or director, to improve instructional skills, to provide extra assistance where needed, and to provide a system for dismissal which complies with the law.

### Qualified Evaluator Training

- Each achievement advisor will be evaluated by a qualified evaluator. The Governing Board shall annually designate persons who are qualified to evaluate those on teacher contracts to serve as evaluators for the District's teacher and achievement advisor performance evaluation system.
- The Governing Board shall ensure that evaluators are qualified to evaluate those on teacher contracts, by delegating to the Administration the responsibility for ensuring that evaluators are provided with the appropriate training.
- The qualifications required of a qualified evaluators are as follows:
  - o Knowledge
    - Knowledge of district's Professional Teaching Standards
    - Knowledge of district evaluation system
    - Knowledge of policies, laws, and regulations related to teacher evaluation
  - o Evaluation Process
    - Orients and communicates the evaluation process to employees
    - Completes evaluation tasks within required timelines
    - Completes observations within required timelines
    - Maintains a record of evaluation tasks performed
    - Gathers and records data objectively
  - o Conference and Improvement Plans
    - Seeks input from teachers regarding their evaluation & individual professional development plan
    - Communicates areas of instructional strength to teacher
    - Specifies areas of refinement to teacher
    - Provides systematic, ongoing support for teachers in implementing improvement plans
    - Monitors improvement plan implementation and provides feedback
  - o Reliability
    - Qualified evaluators must meet expected inter-rater reliability expectations established by the District
    - Training & reliability testing will be provided for qualified evaluators annually.

### Teacher and Achievement Advisor Training

- New AAs are trained in the evaluation process during their induction week to the District.
- The evaluation process is reviewed with all teachers and achievement advisors within the first three weeks of the start of school year at the school buildings with the appropriate qualified evaluator(s).

## Evaluation Components

The final achievement advisor evaluation classification will be determined using a combination of achievement advisor performance and student achievement. Achievement Advisor performance will account for 67% and student achievement (pending State of Arizona guidance) will account for 33% of the final performance classification.

### Achievement Advisor Performance

Achievement Advisor performance will be a result of data collected from at least two observations of complete and uninterrupted lessons. Additional data may be collected from pre/post-conferences, mid-year conference/feedback session, and additional artifacts. As a result of the data collected each Element from the Achievement Advisor Evaluation Rubric will receive an individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification (Table 1).

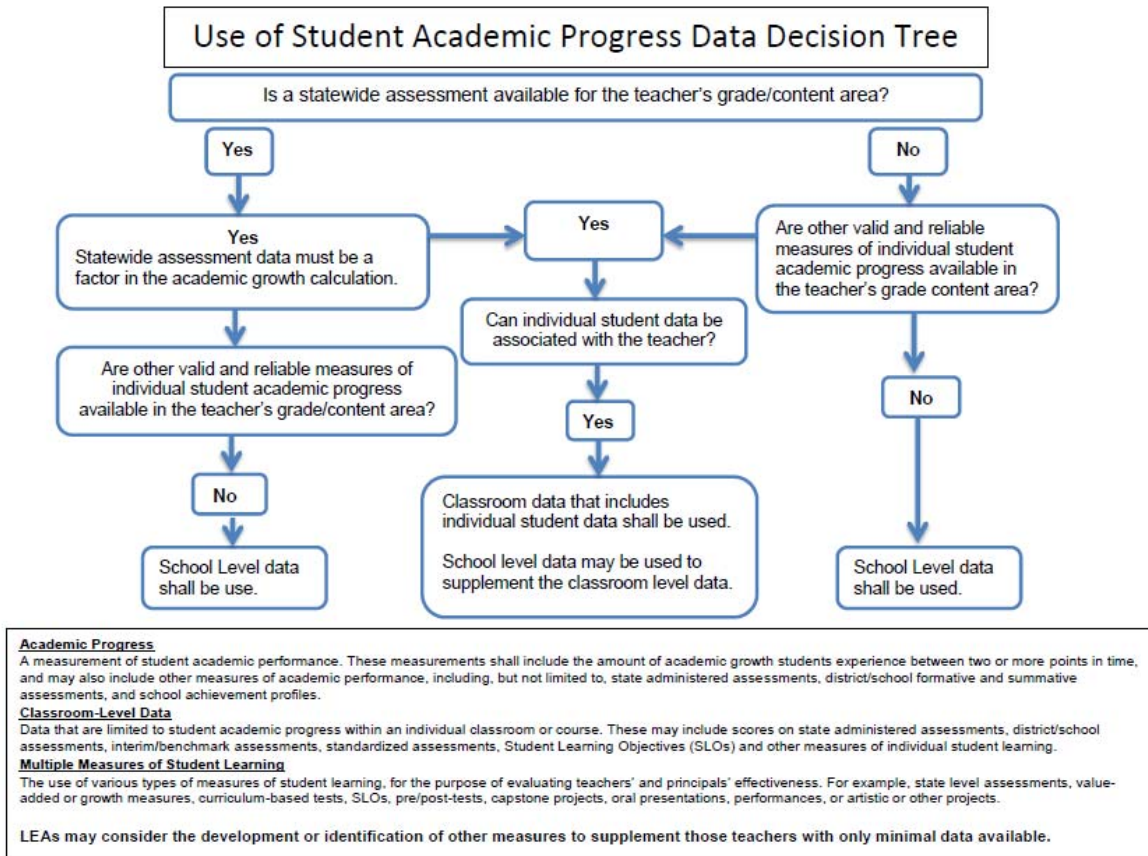

The domain classifications will then be used to determine the overall achievement advisor performance classification (Table 2).

**Table 1. Number of Elements and Domain Classifications**

Domain	Highly Effective	Effective	Developing	Ineffective
<b>Facilitation</b>	3- Highly Effective No Developing No Ineffective	3-Effective/Highly Effective No Ineffective	3-Developing 1-Ineffective	2-Ineffective
<b>Engagement</b>	4-Highly Effective No Developing No Ineffective	5-Effective/Highly Effective No Ineffective	4-Developing 1-Ineffective	2-Ineffective

- The administrator analyzes data & evaluates performance using the AA observation rubrics.
- The administrator determines strengths and areas needing refinement based on AA Evaluation Rubric Classification. The administrators will set up time with staff members for a Summative Evaluation conference.
- The administrator and AA will discuss the rubric classification and comments.
- The AA may add areas needing refinement or enhancement.
- During the Summative Evaluation Conference for the year, the administrator and AA will discuss growth from the fall to the spring on the announced and/or unannounced observations and evidence of progress on the teacher's Individual Goal Plan will be documented on the Summative Evaluation. A new goal will be selected developed by the Evaluator and Evaluatee for the upcoming school year and listed on the Summative Evaluation.
- The administrator and the AA sign off on the Summative Evaluation documents.
- AAs may address the contents of the evaluation by writing a response in the Evaluatee's Comment section.

**Classifications for the levels of performance:**

As prescribed in A.R.S. § 15-203, LEAs shall classify each teacher in one of the following four performance classifications:

- **Highly Effective:** A *highly effective* teacher consistently exceeds expectations. This teacher's instructional performance is exceptional and her/his students generally made exceptional levels of academic progress. The highly effective teacher demonstrates mastery of the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537.
- **Effective:** An *effective* teacher consistently meets expectations. This teacher's instructional performance is effective and her/his students generally made satisfactory levels of academic progress. The effective teacher demonstrates competency in the state board of education adopted professional teaching standards, as determined by classroom observations as required by ARS §15-537.

- **Developing:** A *developing* teacher fails to consistently meet expectations and requires a change in performance. This teacher's instructional performance is mixed and her/his students generally made unsatisfactory levels of academic progress. The developing teacher demonstrates an insufficient level of competency in the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537. The developing classification is not intended to be assigned to a veteran teacher for more than two consecutive years. This classification may be assigned to new or newly-reassigned teachers for more than two consecutive years.
- **Ineffective:** An *ineffective* teacher consistently fails to meet expectations and requires a change in performance. This teacher's instructional performance is ineffective and her/his students generally made unacceptable levels of academic progress. The ineffective teacher demonstrates minimal competency in the state board of education adopted professional teaching standards, as determined by classroom observations required by ARS §15-537.

## Final Teacher Classification based on Classroom Performance and Student Achievement

		Classroom Performance 67%			
		Highly Effective	Effective	Developing	Ineffective
Student Achievement 33% (pending State of Arizona guidance)	Highly Effective	Highly Effective	Effective	Developing	Ineffective
	Effective	Highly Effective	Effective	Developing	Ineffective
	Developing	Effective	Effective	Developing	Ineffective
	Ineffective	Effective	Effective	Developing	Ineffective

### How to Figure out the 33% of Student Achievement Data

All teachers will receive a classification based on the following percentages:

- 67% of a certified staff member’s evaluation will be based on their performance evaluation rubric.
- 33% of a certified staff member’s evaluation will be based on the student achievement data as described below:
  - **Highly Effective: YES in both areas**
  - **Effective: YES in Area 2 and NO in Area 1**
  - **Developing: YES in Area 1 and NO in Area 2**
  - **Ineffective: NO in both areas**

## EVALUATION PROCESS, PROCEDURES & RESPONSIBILITIES

Action	Purpose	Person(s) Responsible	Time Frame	Follow-up
Goal Setting (see Individual Goal Plan)	Set instructional improvement goals and document in Individual Goal Plan	Evaluator and AA	Returning teachers – Spring  New teachers- Before Sept. 30 <sup>th</sup> .	Mid-Year Conference/Feedback  Summative Conference
Data Collection through Observation (announced & unannounced)	Inform evaluator about instructional skills as they pertain to student learning.	Evaluator	Announced before Dec. 15 <sup>th</sup>  Unannounced before April 1 <sup>st</sup> .  Throughout the year.	Post Observation Conferences  Mid-Year Conference/Feedback  Summative Conference
Data Collection through additional artifacts.	Inform evaluator about effectiveness of instruction and performance beyond the classroom.	Evaluator and AA	Throughout the school year.	Mid-Year Conference/Feedback  Summative Conference
Mid-year Conference/Feedback Session	Engage in a conversation about progress in relation to goals, instructional skills and artifacts.	Evaluator and AA	Before January 30 <sup>th</sup>	Observations  Artifacts  Summative Evaluation Conference
Summative Evaluation	Provide written final classification to the teacher and facilitate a conference with the AA. <i>(See description below)</i>	Evaluator	Before April 15 <sup>th</sup> .	Next Goal Setting Conference.

### Individual Goal Plan

- The purpose of the Individual Goal Plan is to set instructional improvement goals, which must integrate at least one (1) element identified on the Facilitation or Engagement domain with content needs identified in the School Improvement Plan in order to plan for the assessment of professional growth.
- Materials to provide/bring to post conferences:
  - o Completed Self-Classified-rubrics (optional)
  - o Planning documents
  - o Communication documents
  - o Progress Monitoring/Assessment plan documents
  - o Additional Artifacts
- The self-classified rubrics are for the sole use of the achievement advisor, and are not for formal documentation in the evaluation process. The act of reflection is an essential part of professional growth and should assist in the goal setting process between the AA and the administrator(s).
- Discuss the self-classified rubric as a source of goals, objectives, and targets for observations with emphasis on teaching.
- Each AA will collaborate with the administrator(s) to develop an Individual Goal Plan in the spring after their summative conference.

- Each first-year achievement advisor will collaborate with the administrator(s) to develop an Individual Goal Plan in the fall.
- After goals have been set, the AA and administrator(s) will discuss data collection to document the goals. A second goal area may be added from other domains.

### **Summative Evaluation Description**

- The administrator analyzes data sources & evaluates performance using the AA evaluation rubric.
- The administrator will assign classifications to each instructional element, for each domain based on observations, artifacts and mid-year conferences/feedback. Based on element and domain classifications the AA will receive an overall classroom performance classification. The final AA classification will be determined from classroom performance (67%) and student achievement (33%) data.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrators will set up time with staff members for a summative evaluation conference.
- The administrator and AA will discuss the rubric classification and comments.
- The AA may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and AA will discuss growth from the fall to the spring on the (un)announced observations, mid-year conferences/feedback, additional artifacts. Evidence of progress on the AA's Individual Goal Plan will be documented on the summative evaluation.
- A new goal will be developed by the evaluator and AA for the upcoming school year and documented on the summative evaluation.
- The administrator and the AA sign the summative evaluation documents.
- AAs may address the evaluation feedback by writing a response in the AA's comment section OR
- The AA may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.
- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the certificated AA within five (5) days after completion of the evaluation.

# **SECTION 3: DATA COLLECTION MECHANISMS**

## **OBSERVATION TYPES & PROCEDURES**

- All teachers, both probationary and continuing, are required to have two observations unless they are subject to an exception as permitted by statute. The first observation will be an announced observation, and the second observation may be announced or unannounced.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15th, and all unannounced observations should be completed prior to April 1<sup>st</sup>.
- Each teacher may be observed more than the minimum number of times prescribed by Arizona law.
- The administrators(s) may appoint an alternate and/or include an additional qualified evaluator. The teacher should be notified of this change prior to the observation.
- The AA may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.

Observation Type	Pre-Conference	Post-Conference	Deadline	Feedback
Announced	Yes at least 2 days prior to observation <i>(See description below)</i>	Yes within 5 days following observation <i>(See description below)</i>	Prior to December 15 <sup>th</sup>	written within 10 days of observation
Unannounced	No	Yes within 5 days following observation <i>(See description below)</i>	Prior to April 1st	written within 10 days of observation

### **Announced Observation (prior to December 15<sup>th</sup>)**

Evaluator will schedule a time to observe the achievement advisor during a complete and uninterrupted lesson. During the observation the evaluator will collect data about instructional elements within the Facilitation, and Engagement Domains of the Achievement Advisor Rubric. The announced observation is preceded with a pre-conference and is followed up with a post-conference and written feedback within 10 days of the observation.

### **Unannounced Observation (prior to April 1<sup>st</sup>)**

The evaluator does not need to schedule a time with the AA for an unannounced observation. The unannounced observation should be of a complete and uninterrupted lesson. During the observation the evaluator will collect data about instructional elements within the Facilitation, and Engagement Domains of the Achievement Advisor Rubric. The unannounced observation will be followed by a post-conference within 5 business days and written feedback within 10 days of the observation.

### **Pre-Observation Conference**

- The pre-conference discussion for any announced observation should be arranged by mutual agreement between administrator and AA. The pre-conference for an announced observation must be scheduled at least two business days prior unless mutually agreed upon.
- If requested, the announced observation pre-conference will be scheduled by the site Administrator.
- The announced observation pre-conference should include the AA and the observation's team administrator and if requested, the peer observer.
- If a peer observer is requested, the Peer Observer Request Form must be filled out prior to the pre-observation conference and submitted at the time the observation is scheduled.
- Appropriate topics for the announced observation pre-conference may include items on the Pre-Observation Conference Form and possibly the following: reviewing the process, questions about expectations, reviewing artifacts, lesson plans, progress monitoring, and grading practices. The AA may ask the administrator to pay attention to a specific area that he/she may want the administrator to observe. Additional areas of discussion may include previous observations, Intervention Support Plan, Performance Improvement Plans, and goals and objectives.

### **Post-Observation Conference**

- Unannounced observations must include a post-conference.
- Achievement Advisors may self-assess utilizing the evaluation rubric prior to the (Un) announced post-observation conference. The self-assessment is for the sole use of the AA and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between AA and administrator.
- The (Un)announced post- observation conference shall be held within five (5) business days after the (Un) announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the AA within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/ enhancement or refinement/reinforcement and instructional strengths.
- If there are concerns with performance of probationary/continuing Achievement Advisors, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

## MID-YEAR CONFERENCE/FEEDBACK SESSION

- All AAs will have a mid-year conference/feedback session by January 30<sup>th</sup> with their evaluator each school year.
- Mid-year conference/feedback session of at least thirty (30) minutes are considered part of the Achievement Advisor Evaluation System. Data from the mid-year conference/feedback should be included in the summative evaluation.

## ADDITIONAL ARTIFACTS

The evaluator may use additional artifacts to inform their decision regarding the achievement advisor's performance. Information gained from these artifacts should align to the elements and domains of the AA Evaluation Rubric. Data may include, but is not limited to,

- Classroom Walk-through
- Professional Learning Communities
- Instructional Conferences
- Committee Work
- Surveys
- Awards/Recognitions
- Video Taped Lessons
- School/District Projects
- Professional Development Activities
- Extra-Curricular/Community Outreach
- Student/Parent-Teacher Conferences
- Professional Interactions/Responsibilities

# SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

## Peer Observers

- An achievement advisor may request to have a Peer Observer.
- The purpose of the Peer Observer is to ensure the formal observation process is adhered to according to state and district guidelines.
- A Peer Observer is an achievement advisor who:
  - has a minimum 3 years of successful teaching experience in GESD. Successful is defined as a teacher who has not been on an Intervention Plan or Performance Improvement Plan for two (2) consecutive years
  - has completed annual Peer Observer training
  - has been approved by the Governing Board
  - is a current 1.0 FTE classroom teacher
  - is not a qualified evaluator; therefore, not part of the evaluation process
- If a peer observer is requested, the Peer Observer Request Form must be filled out prior to the pre-observation conference and submitted at the time the formal observation is scheduled.
- Once a peer observer is requested, they will observe the entire formal observation process including the pre- observation conference, the formal observation, and the post-observation conference using the Peer Observation Notes Form.

### **Intervention Support Plan**

1. In any observation, if an achievement advisor is classified less than “Effective” in any element, support may be given to the AA in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
2. An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
3. After four to six weeks of support, an announced observation will be performed to determine growth in the areas identified.
4. One of the following actions will occur:
  - o If the goal(s) have been met, the Intervention Support Plan is complete.
  - o If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4.
    - o If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary

Notice of Inadequate Classroom Performance will be developed.

### **Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance**

1. If an achievement advisor is placed on a Performance Improvement Plan, the teacher is entitled to specific recommendations as to areas of improvement shall provide assistance and opportunities for the certificated AA to improve his/her performance and follow up with the AA after a reasonable period of time for the purpose of ascertaining that the AA is demonstrating adequate classroom performance. A.R.S. § 15-538
2. A Preliminary Notice of Inadequate Classroom Performance accompanied by a Performance Improvement Plan with implementation timeline may be issued in accordance with A.R.S. § 15-538 timelines when AA performance is inadequate as defined by Governing Board Policy GCO.
3. A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
4. After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
5. One of the following actions will occur:
  - o If the goal(s) have been met, the Performance Improvement Plan is complete.
  - o If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5.
  - o If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
  - o If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.

### **Inadequacy of Classroom Performance**

An AA’s classroom performance is inadequate if:

- The AA receives a rating of "*ineffective*" in any of the five (5) Domains on any observation; *or*
- The AA receives a rating of "*ineffective*" with respect to the District's evaluation instrument as a whole; *or*
- during each year of two (2) consecutive school years, the AA receives a rating of "*ineffective*" or "*developing*" rating with respect to the evaluation instrument as a whole.

### **Individual Goal Plan**

- The purpose of the Individual Goal Plan is to set instructional improvement goals, must integrate at least one (1) element identified on the Facilitation or Engagement rubrics with content needs identified in the School Improvement Plan in order to plan for the assessment of professional growth.
- Materials to provide/bring to formative conferences:
  - o Completed Self-Classified-rubrics (optional)
  - o Planning documents
  - o Communication documents

- o Progress Monitoring/Assessment plan documents
- While the Self Classified-rubrics are for the sole use of the AA and are not used for formal documentation in the evaluation process, the act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between the AA and the administrator(s).
- Discuss the self-classified rubric as a source of goals, objectives, and targets for observations with emphasis on teaching, coaching, and facilitating.
- Each AA will collaborate with the administrator(s) to develop an Individual Goal Plan in the spring after their Summative Conference.
- Each first-year AA will collaborate with the administrator(s) to develop an Individual Goal Plan in the fall based on New Teacher Induction requirements.
- After goals have been set, AA and administrator(s) will discuss data to document the goals. The goal will be based on identified elements within the Facilitation or Engagement rubrics. A second goal area may be added from other rubrics to support the facilitation domain.

### **Evaluatee Safeguards**

- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R states in part:  
“Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District Policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal.”
- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- The AA has a right to submit a written response to the evaluation per Policy GCO-RA. Policy GCO-RA states in part: The AA may initiate a written reaction or response to the written evaluation. The AA’s response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the AA has received a copy of the evaluation. A copy of the AA’s response will be attached to the evaluation.
- Both evaluator and evaluatee may use pre and post-observation conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

### Incentives

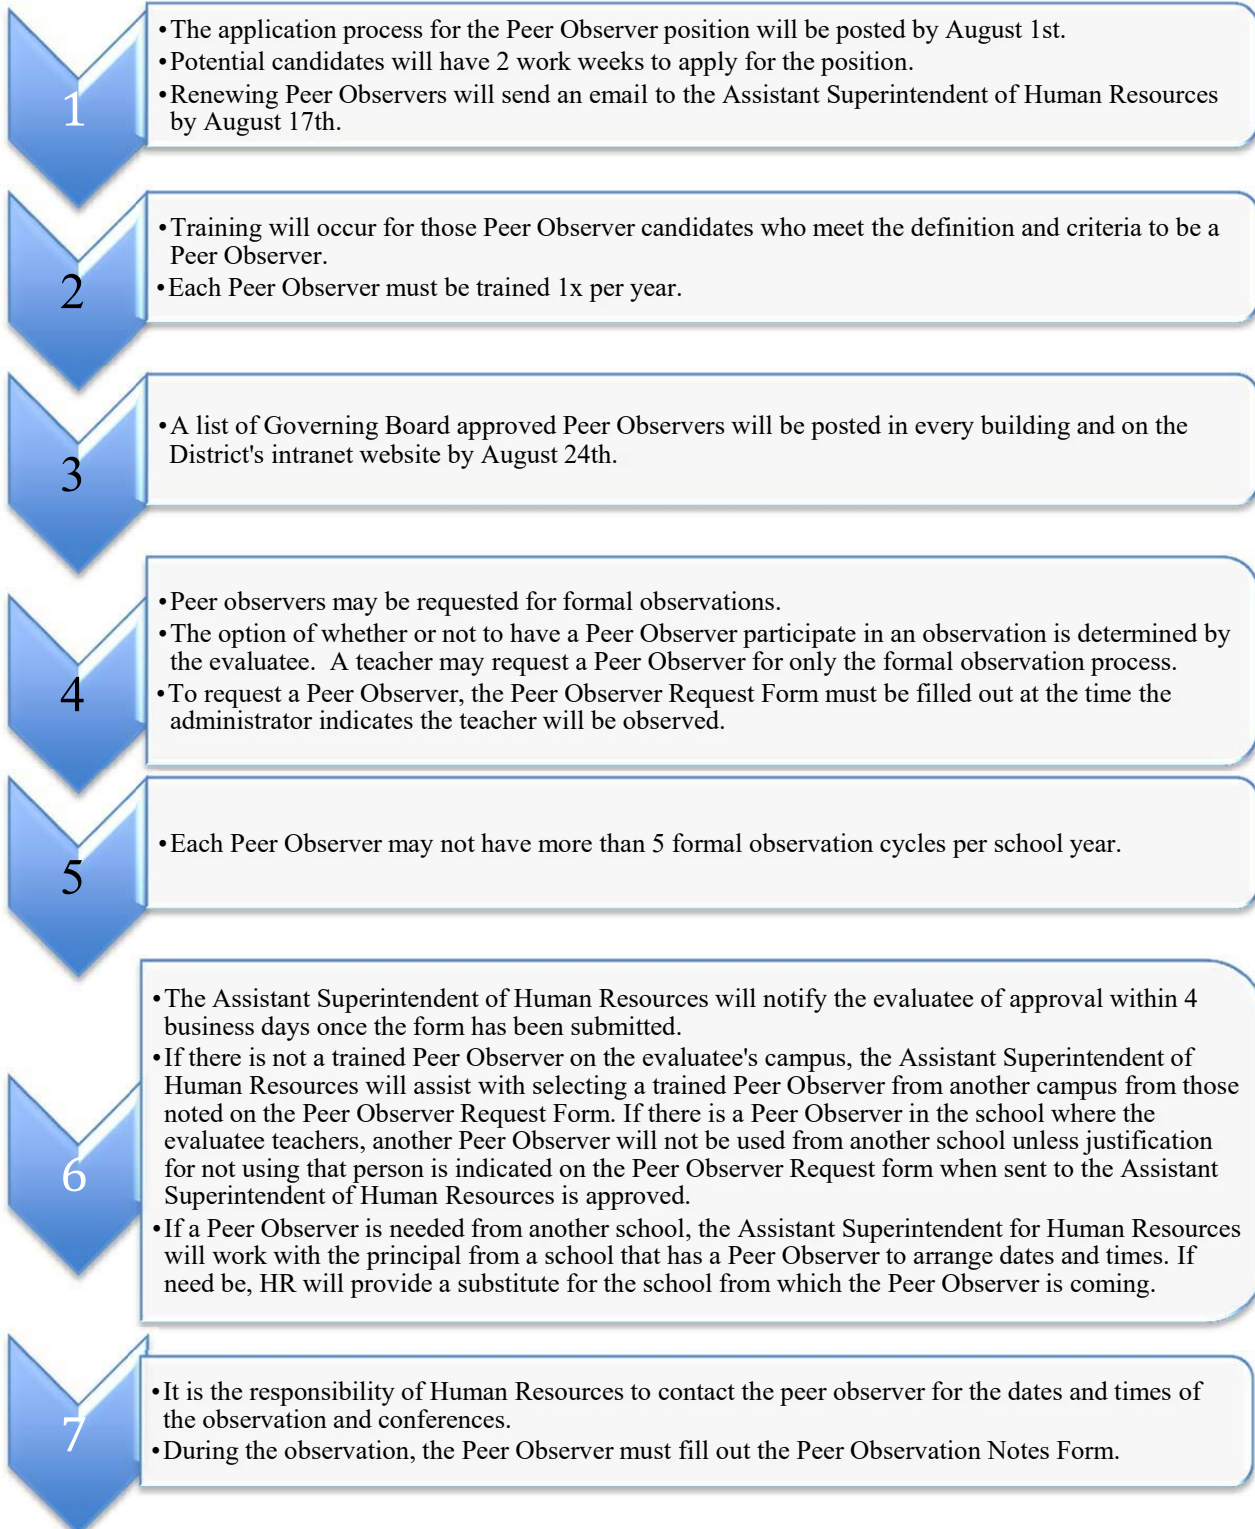

Incentives for teachers and AAs in one of the two highest performance classifications, Effective or Highly Effective, pursuant to section 15-203, subsection A, paragraph 38, may include at the discretion of the Superintendent:

- Multiyear contracts pursuant to section 15-503.
- Incentives to work at schools that are assigned a letter grade of D or F pursuant to section 15-241.
- Transfer and contract processes for teachers and AAs designated in the lowest performance classification pursuant to section 15-203, subsection A, paragraph 38.
- If a continuing teacher or AA receives an overall designation of “highly effective” in the area of classroom performance in the current year, he/she would have the option to waive the requirement for the second classroom observation in the following year.

### **Performance Pay**

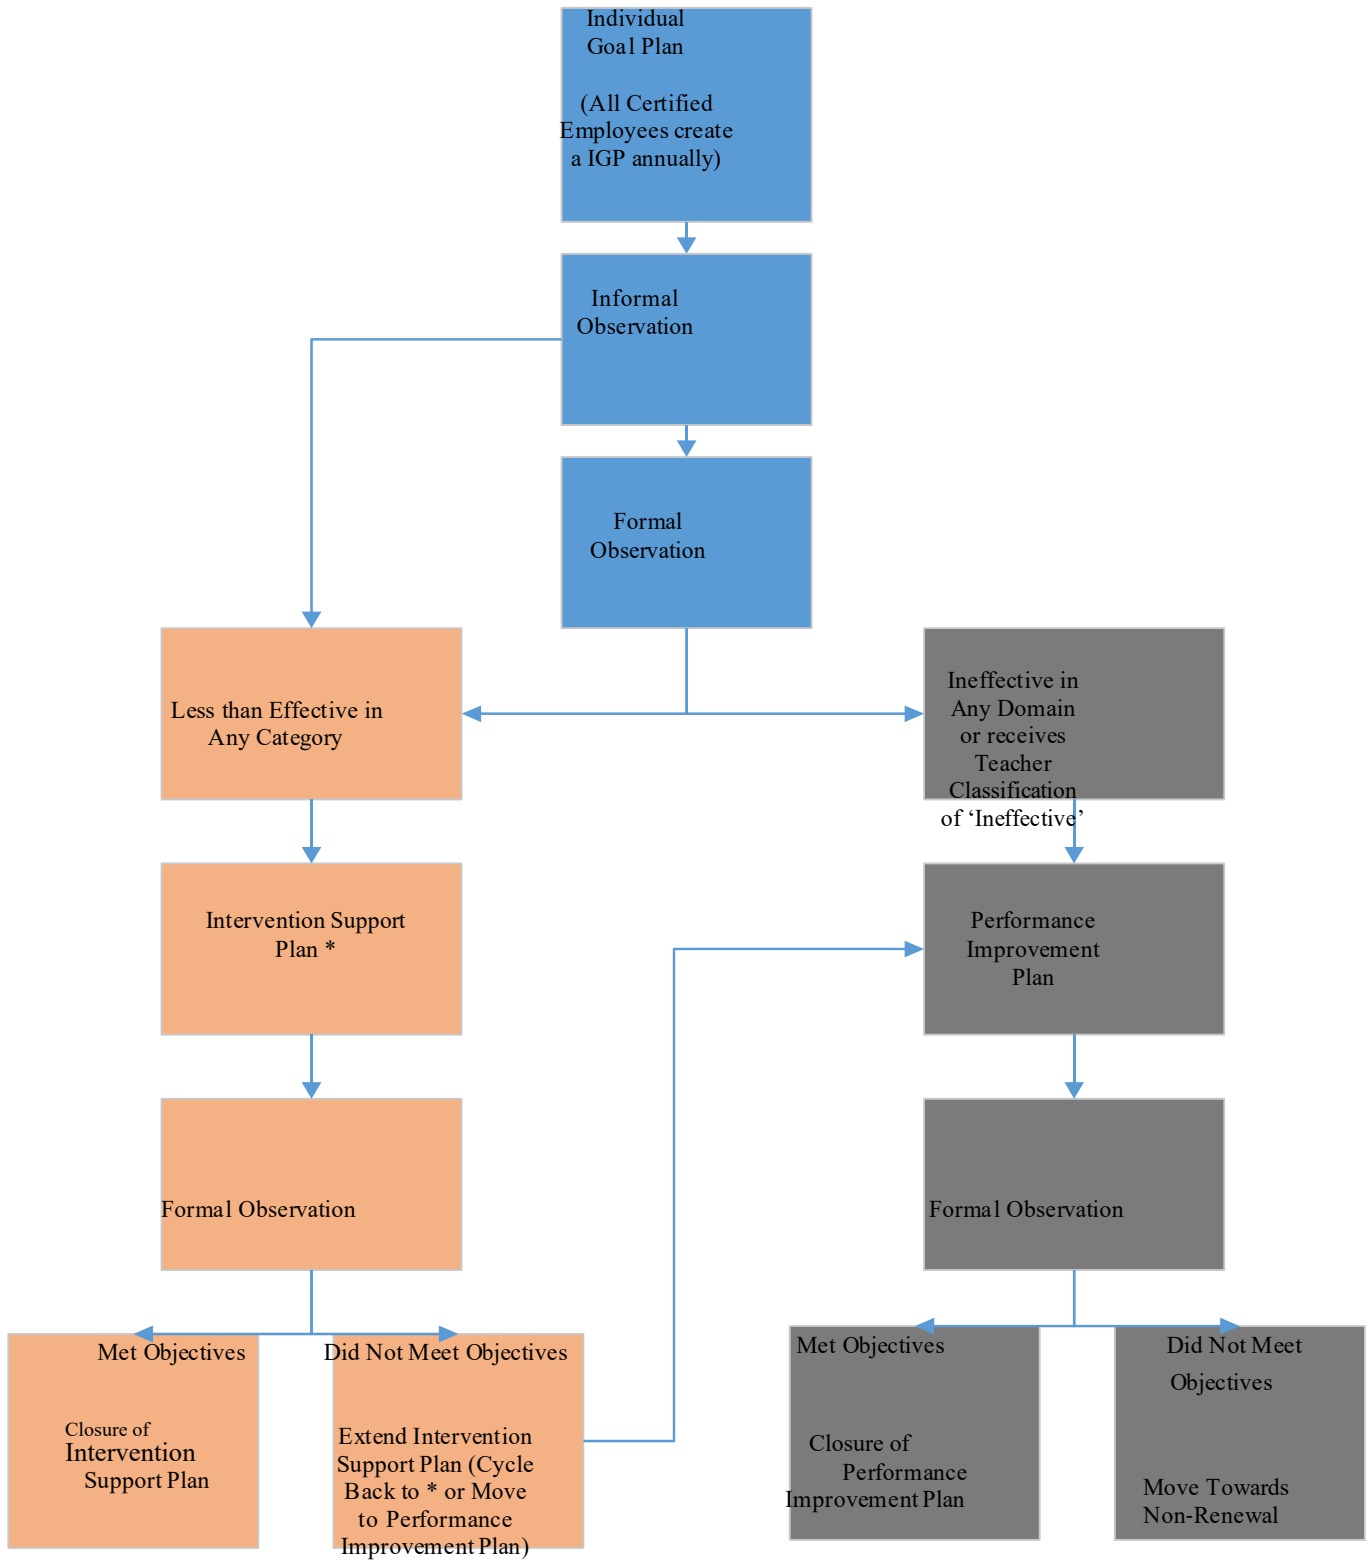

As pursuant to ARS 15-977, in Glendale Elementary School District, the Pay for Performance Framework and the Teacher Evaluation Framework are two distinct frameworks. While both frameworks use similar data to indicate performance, they are not the same. For example, in the Teacher Evaluation Framework, the teacher performance classification is 67% of the final classification. However, the teacher performance classification shall be a component within the total Pay for Performance Framework.

# SECTION 1: INTRODUCTION

## District Philosophy

GESD believes the Social Emotional Learning Specialist evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the social emotional learning of our students. The observation rubric is a document that was created to be used as a point of discussion between evaluator peers, Social Emotional Learning Specialist peers, and between the evaluator and evaluatee. Each domain is made up of elements which then have indicators to explain that element throughout four levels of performance. Each of the indicators support that level of performance. The indicators are to not be used as a checklist to determine that level of performance, but rather the indicators should be looked at in a holistic manner when deciding level of performance.

## Statement of Purpose

The purpose of the District's Social Emotional Learning Specialist evaluation system is to improve the quality of services and to work toward common goals for the improvement of student learning.

### **The Social Emotional Learning Specialist Evaluation System:**

- safeguards and improves the quality of services received by the students
- structures professional dialogue and feedback between Social Emotional Learning Specialist and administration
- provides the Social Emotional Learning Specialist with opportunities for professional growth, strategies for improvement, or extra assistance as needed
- clarifies expectations relative to job performance for all Social Emotional Learning Specialists
- increases Social Emotional Learning Specialist competency
- includes procedural due process for dismissal
- complies with Arizona Revised Statutes

## **Social Emotional Learning Specialist Standards**

The Social Emotional Learning Specialist in Glendale Elementary School District provides instructional and support services for students to develop social and emotional skills, crisis intervention services, support and professional development for staff, and parent and community liaison services. This unique blend of performance expectations requires they be evaluated based on the standards set by a variety of sources. Therefore, the Social Emotional Learning Specialist tool is based on:

- The National Association of School Psychologists (NASP) practice model
- The National Board for Professional Teaching Standards (NBPTS) School Counseling Standards
- The National Association of Social Workers (NASW) Standards for Social Work Case Management
- Guidelines from the Crisis Prevention Institute (CPI)
- Alignment with the professional domain of the GESD teacher evaluation rubric

## Legal Criteria

In seeking equitable treatment of employees, these evaluation procedures were developed with the advice of employees serving in aligned roles (e.g. Occupational Therapists, Physical Therapists, School Psychologists, Social Emotional Learning Specialists, and Speech Therapists).

### Evaluation System Review

The Social Emotional Learning Specialist Evaluation Committee will meet each year to consider the development and periodic evaluation of the Social Emotional Learning Specialist performance evaluation system no later than March.

### Assurances

The Glendale Elementary School District evaluation system documents have been formally approved by the Governing Board.

### Confidentiality

Copies of the assessment and evaluation report of a Social Emotional Learning Specialist retained by the Governing Board are confidential, do not constitute a public record, and shall not be released or shown to any person except:

1. To the Social Emotional Learning Specialist who may make any use of it.
2. To the authorized district officers and employees for all personnel matters regarding employment and contracts and for any hearing, which relates to personnel matters.
3. To school districts and charter schools that inquire about the performance of the Social Emotional Learning Specialist for prospective employment purposes. A school district or charter school that receives information about a Social Emotional Learning Specialist from the evaluation report and performance classification shall use this information solely for employment purposes and shall not release to or allow access to this information by any other person, entity, school district, or charter school.
4. For introduction in evidence or discovery in any court action between the Governing Board and the Social Emotional Learning Specialist in which either:
  - a. The competency of the Social Emotional Learning Specialist is at issue
  - b. The assessment and evaluation were an exhibit at a hearing, the result of which is challenge

### Elements of Evaluation

Social Emotional Learning Specialist shall be evaluated into one of four performance classifications: highly effective, effective, developing, ineffective.

### Summative Evaluation Frequency

All Social Emotional Learning Specialists shall be evaluated once each year.

### Observations

There shall be one required announced observation of the Social Emotional Learning Specialist demonstrating skills in a complete and uninterrupted lesson in a whole class or small group lesson. An unannounced observation of the Social Emotional Learning Specialist is optional and at the discretion of the evaluator.

### Communications with Social Emotional Learning Specialist

Evaluator must provide:

- Written “feedback” to Social Emotional Learning Specialist within ten (10) business days after a formal observation.
- Copy of written annual evaluation within five (5) days after its completion.

After Social Emotional Learning Specialist receives evaluation, evaluator must:

- Confer with Social Emotional Learning Specialist regarding specific recommendations for areas of improvement and professional development opportunities.

- Follow up with Social Emotional Learning Specialist after a reasonable period of time to determine whether the Social Emotional Learning Specialist is demonstrating adequate performance.

**Evaluation Report Contents**

Evaluation report must include:

- Social Emotional Learning Specialist's performance classification
- Recommendations for areas of improvement if performance warrants improvement

**Appeal**

Social Emotional Learning Specialists who disagree with their summative evaluation may file an appeal if permitted to do so under Arizona law and Board policy.

## SECTION 2: THE EVALUATION SYSTEM

The primary purposes of the Social Emotional Learning Specialist evaluation system are to provide for increased competency through improved communication between Social Emotional Learning Specialist and administration, to improve instructional skills, to provide extra assistance where needed, and to provide a system for dismissal which complies with the law.

### Evaluation System Training

#### Qualified Evaluator Training

- Each Social Emotional Learning Specialist will be evaluated by a qualified evaluator. The Governing Board shall annually designate persons who are qualified to evaluate Social Emotional Learning Specialist to serve as evaluators for the District's Social Emotional Learning Specialist performance evaluation system.
- The Governing Board shall ensure that evaluators are qualified to evaluate Social Emotional Learning Specialist, by delegating to the Administration the responsibility for ensuring that evaluators are provided with the appropriate training.
- The qualifications required of qualified evaluators are as follows:
  - Knowledge
    - Knowledge of district's Professional Teaching Standards as well as standards that support social emotional learning
    - Knowledge of district evaluation system
    - Knowledge of policies, laws, and regulations related to teacher evaluation
  - Evaluation Process
    - Orients and communicates the evaluation process to employees
    - Completes evaluation tasks within required timelines
    - Completes observations within required timelines
    - Maintains a record of evaluation tasks performed
    - Gathers and records data
  - Conference and Improvement Plans
    - Seeks input from teachers regarding their evaluation & individual professional development plan
    - Communicates areas of instructional strength to teacher
    - Specifies areas of refinement to teacher
    - Provides systematic, ongoing support for teachers in implementing improvement plans
    - Monitors Improvement Plan implementation and provides feedback
  - Reliability
    - Meets expected inter-rater reliability expectations established by the district
    - Participates in training annually

#### Social Emotional Learning Specialist Training

- New Social Emotional Learning Specialists are trained in the evaluation process during their induction week to the District.
- The evaluation process is reviewed with all Social Emotional Learning Specialists within the first three weeks of the start of school year with the appropriate qualified evaluator(s).

## Evaluation Components

### Social Emotional Learning Specialist Performance

Social Emotional Learning Specialist performance will be a result of data collected from at least one observation of a complete and uninterrupted lesson. Additional data may be collected from pre/post-conferences, mid-year conference/feedback session, and additional artifacts. As a result of the data collected each Element from the Social Emotional Learning Specialist Evaluation Rubric will receive an individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification (Table 1).

The domain classifications will then be used to determine the overall Social Emotional Learning Specialist performance classification (Table 2).

### Individual Goal Plan (IGP)

- The purpose of the Individual Goal Plan (IGP) is to set improvement goals, based on elements identified in the rubric.
- While the self-scored rubrics are for the sole use of the Social Emotional Learning Specialist and are not used for formal documentation in the evaluation process, the act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between the Social Emotional Learning Specialist and the administrator. The self-scored rubric should be discussed as a source of goals, objectives, and targets for observations.
- Each Social Emotional Learning Specialist will collaborate with the administrator to develop an Individual Goal Plan (IGP) in the spring after their Summative conference for the following school year.
- Each first-year Social Emotional Learning Specialist will collaborate with the administrator to develop an Individual Goal Plan (IGP) in the fall after their first observation and conference.
- After goals have been set, Social Emotional Learning Specialist and administrator will discuss data to document the goals. The goals will be based on identified elements within the rubrics.

### **Summative Evaluation Description**

- The administrator analyzes data sources & evaluates performance using the Social Emotional Learning Specialist evaluation rubric.
- The administrator will assign classifications to each instructional element, for each domain based on observations, artifacts and mid-year conferences/feedback. Based on element and domain classifications the Social Emotional Learning Specialist will receive an overall performance classification as indicated on Table 2 page 9.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrator will set up time with Social Emotional Learning Specialist for a summative evaluation conference.
- The administrator and Social Emotional Learning Specialist will discuss the rubric classification and comments.
- The Social Emotional Learning Specialist may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and Social Emotional Learning Specialist will discuss growth from the fall to the spring on the (un)announced observations, mid-year conferences/feedback, additional artifacts. Evidence of progress on the Social Emotional Learning Specialist's Individual Goal Plan will be documented on the summative evaluation.
- A new goal will be developed by the evaluator and Social Emotional Learning Specialist for the upcoming school year and documented on the summative evaluation.
- The administrator and the Social Emotional Learning Specialist sign the summative evaluation documents.
- Social Emotional Learning Specialist may address the evaluation feedback by writing a response in the Social Emotional Learning Specialist's comment section OR
- The Social Emotional Learning Specialist may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.
- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the Social Emotional Learning Specialist within five (5) days after completion of the evaluation.

# SECTION 3: DATA COLLECTION MECHANISMS

## Observation Types and Procedures

- All Social Emotional Learning Specialists, both probationary and continuing, are required to have one observation of a complete, uninterrupted whole class or small group lesson. The first observation will be an announced observation and the second unannounced observation will be optional if a “Developing” in any domain occurs during the announced observation and/or at the discretion of the evaluator.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15<sup>th</sup>, and all unannounced observations should be completed by April 1<sup>st</sup>.
- Each Social Emotional Learning Specialist may be observed more than the minimum number of one observation. Additional observations may be announced or unannounced.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The Social Emotional Learning Specialist should be notified of this change prior to the observation.
- The Social Emotional Learning Specialist may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.
- Shared Social Emotional Learning Specialist positions will be assigned a home school/site; however, the Social Emotional Learning Specialist may be observed and data may be collected at any site to which the Social Emotional Learning Specialist is typically assigned. The summative evaluation will be completed at the home school/site.

### **Announced Observation (prior to December 15<sup>th</sup>)**

The evaluator will schedule a time to observe the Social Emotional Learning Specialist during a complete, uninterrupted whole class or small group lesson. During the observation, the evaluator will collect data about elements within the evaluation rubric. The announced observation is followed up with a post-conference and written feedback within 10 days of the observation.

### **Unannounced Observation (prior to April 1<sup>st</sup>)**

(Optional if a “Developing” in any domain and/or at the discretion of the evaluator.)

The evaluator does not need to schedule a time with the Social Emotional Learning Specialist for an unannounced observation. The unannounced observation should be of a complete, uninterrupted whole class or small group lesson. During the observation the evaluator will collect data about elements within the evaluation rubric. The unannounced observation will be followed by a post-conference and written feedback within 10 days of the observation.

### **Post-Observation Conference**

- (Un)announced observation must include a post-conference.
- Social Emotional Learning Specialist may self-assess utilizing the Social Emotional Learning Specialist evaluation rubric prior to the post-observation conference. The self-assessment is for the sole use of the Social Emotional Learning Specialist and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and can assist the collaboration of the goal setting process between Social Emotional Learning Specialist and administrator.
- The (un)announced post-observation conference shall be held within five (5) business days after the (un)announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the Social Emotional Learning Specialist within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/enhancement or refinement/reinforcement and instructional strengths.

- If there are concerns with performance of probationary/continuing Social Emotional Learning Specialist, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

### **Mid-Year Conference/Feedback Session**

- All Social Emotional Learning Specialists will have a mid-year conference/feedback session by January 30<sup>th</sup>, with their evaluator, each school year.
- Mid-year conference/feedback session of at least thirty (30) minutes is considered part of the Social Emotional Learning Specialist Evaluation System. Data from mid-year conference/feedback session should be included in the summative evaluation.
- Shared Social Emotional Learning Specialist positions may participate in the mid-year conference/feedback session at the shared school/site. This mid-year conference/feedback session from the shared school/site may be reviewed with the home school/site evaluator.

### **Additional Artifacts**

The evaluator may use additional artifacts to inform their decision regarding Social Emotional Learning Specialist's performance. Information gained from these artifacts should align to the elements and domains of the Social Emotional Learning Specialist Evaluation Rubric. Data may include, but is not limited to:

- Small Group and Whole Class Schedule
- Lesson Plans
- Functional Behavior Assessments and Behavior Intervention Plans
- Parent Contact Log
- Data Collection that Drove Instructional Decisions
- Professional Development Certificates

# **SECTION 4: SUPPORT AND SAFEGUARDS**

## **Intervention Support Plan**

- Following any observation, if a Social Emotional Learning Specialist is classified less than “Effective” in any element, support may be given to the Social Emotional Learning Specialist in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
- An Intervention Support Plan will be created with clear goals, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After four to six weeks of support, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
  - If the goal(s) have been met, the Intervention Support Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4.
  - If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary Notice of Inadequate Classroom Performance will be developed.

## **Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance**

- In alignment with Governing Board GCO, a Preliminary Notice of Inadequate Performance will accompany the Performance Improvement Plan.
- If a Social Emotional Learning Specialist is placed on a Performance Improvement Plan, the Social Emotional Learning Specialist is entitled to obtain specific recommendations as to areas of improvement, shall be provided assistance and opportunities for the Social Emotional Learning Specialist to improve his/her performance and follow up with the Social Emotional Learning Specialist after a reasonable period of time for the purpose of ascertaining that the Social Emotional Learning Specialist is demonstrating adequate performance.
- A Performance Improvement Plan will be created with clear goals, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
  - If the goal(s) have been met, the Performance Improvement Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated.
  - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
  - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.
- If the Social Emotional Learning Specialist continues to demonstrate inadequate performance at the conclusion of the Performance Improvement Plan, a Statement of Charges is presented to the Board by the Superintendent. The Board votes to dismiss/not dismiss. If the vote is to dismiss, the dismissal occurs at the end of 10 days, unless the Social Emotional Learning Specialist requests a hearing.
- A Continuing Social Emotional Learning Specialist may be returned to probationary status based upon their classification received.

## Safeguards

- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R provides in pertinent part: “Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal.”
- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- The Social Emotional Learning Specialist has a right to submit a written response to the evaluation per Policy GCO-RA. Policy GCO-RA provides in pertinent part: The Social Emotional Learning Specialist may initiate a written reaction or response to the written evaluation. The Social Emotional Learning Specialist’s response must be submitted to the evaluator or the Assistant Superintendent for Human Resources no later than fourteen (14) calendar days after the Social Emotional Learning Specialist has received a copy of the evaluation. A copy of the Social Emotional Learning Specialist’s response will be attached to the evaluation.
- Both evaluator and evaluatee may use the post conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

# SECTION 1: INTRODUCTION

## District Philosophy

GESD believes the Speech Therapist evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students.

## Statement of Purpose

The purpose of the District's Speech Therapist evaluation system is to improve the quality of services and to work toward common goals for the improvement of student learning.

### The Speech Therapist Evaluation System:

- safeguards and improves the quality of services received by the students
- structures professional dialogue and feedback between Speech Therapist and principal
- provides the Speech Therapist with opportunities for professional growth, strategies for improvement, or extra assistance as needed
- clarifies expectations relative to job performance for all Speech Therapists
- increases Speech Therapist competency
- includes procedural due process for dismissal
- complies with Arizona Revised Statutes

## Speech Therapist Standards

The District embraces the philosophies outlined by the American Speech Language Hearing Association (ASHA) and the Individuals with Disabilities Education Act (IDEA)

### Purpose Statement according to ASHA:

The school-based speech language pathologist has unique roles and responsibilities separate from teachers including the prevention, identification, assessment, evaluation, and re-evaluation of communication disorders, differences, and delays; development of individualized education plans (IEPs); and caseload management, intervention, counseling, transition services, dismissal, supervision, documentation, professional leadership, research, advocacy, and accountability (ASHA, 2006).

- The effectiveness of services provided by speech therapists is based on appropriate assessment and evaluation, measureable outcomes, and data driven decisions. This document integrates components from the 2006 ASHA Guidelines and the GESD Teacher Evaluation System.

### GESD Professional Speech Therapist Standards

## **Legal Criteria**

Arizona Revised Statutes (A.R.S.) § 15-537 states that in the development of guidelines and procedures for the evaluation of certified teachers, the Governing Board shall avail itself of the advice of its certificated teachers.

In seeking equitable treatment of certificated employees, these evaluation procedures were developed with the advice of employees serving in aligned roles (e.g. Occupational Therapists, Physical Therapists, School Psychologists, Social Emotional Learning Specialists, and Speech Therapists).

**Evaluation System Review**

The Speech Therapist Evaluation Committee will meet each year to consider the development and periodic evaluation of the Speech Therapist performance evaluation system no later than March.

**Assurances**

The Glendale Elementary School District evaluation system documents have been formally approved by the Governing Board.

**Confidentiality**

The Glendale Elementary School District will comply with all applicable confidentiality provisions with respect to the performance evaluations of staff.

**Elements of Evaluation**

Speech Therapists shall be evaluated into one of four performance classifications: Highly Effective, Effective, Developing, Ineffective.

## Summative Evaluation Frequency

**All Speech Therapists shall be evaluated once each year.**

### **Formal Observations**

There shall be one observation with an option for a second observation of the Speech Therapist demonstrating skills in a complete and uninterrupted therapy session as well as an observation of a MET and/or IEP meeting. The first observation will be an announced observation and the second unannounced observation will be optional if a Developing in any domain occurs during the announced observation and/or at the discretion of the evaluator.

### **Time of Observation**

1. No observation shall be conducted within two instructional days of a school break of one week or more. (A.R.S. § 15-539(C))
2. There shall be at least sixty (60) calendar days between the first and last observations.

### **Communications with Speech Therapist**

Evaluator must provide:

- Written feedback to Speech Therapist within ten (10) business days after a formal observation.
- Copy of written summative evaluation within five (5) days after its completion.

After Speech Therapist receives evaluation, evaluator, must:

- Confer with Speech Therapist regarding specific recommendations for areas of improvement and professional development opportunities.
- Follow up with Speech Therapist after a reasonable period of time to determine whether the Speech Therapist is demonstrating adequate performance.

### **Evaluation Report Contents**

Evaluation report must include:

- Speech Therapist's performance classification and
- Recommendations for areas of improvement "if performance warrants improvement."

### **Appeal**

Therapists who disagree with their summative evaluation may file an appeal if permitted to do so under Arizona law and Board policy.

# SECTION 2: THE EVALUATION SYSTEM

The primary purposes of the Speech Therapist evaluation system are to provide for increased competency through improved communication between Speech Therapist and evaluator, to improve instructional skills, to provide extra assistance where needed, and to provide a system for dismissal which complies with the law.

## EVALUATION SYSTEM TRAINING

### Qualified Evaluator Training

- Each Speech Therapist will be evaluated by a qualified evaluator. The Governing Board shall annually designate persons who are qualified to evaluate Speech Therapists to serve as evaluators for the District's Speech Therapist performance evaluation system. Such persons will be the same persons designated by the Governing Board as qualified evaluators for teachers.
- The Governing Board shall ensure that evaluators are qualified to evaluate Speech Therapist, by delegating to the Administration the responsibility for ensuring that evaluators are provided with the appropriate training.
- The qualifications required of qualified evaluators are as follows:
  - Knowledge
    - Knowledge of district's Professional Standards
    - Knowledge of district evaluation system
    - Knowledge of policies, laws, and regulations related to evaluation
  - Evaluation Process
    - Orients and communicates the evaluation process to employees
    - Completes evaluation tasks within required timelines
    - Completes observations within required timelines
    - Maintains a record of evaluation tasks performed
    - Gathers and records data objectively
  - Conference and Improvement Plans
    - Seeks input from Speech Therapists regarding their evaluation & individual professional development plan
    - Communicates areas of instructional strength to Speech Therapist
    - Specifies areas of refinement to Speech Therapist
    - Provides systematic, ongoing support for Speech Therapists in implementing improvement plans
    - Monitors improvement plan implementation and provides feedback
  - Reliability
    - Qualified evaluators must meet expected inter-rater reliability expectations established by the district
    - Training & reliability testing will be provided for qualified evaluators annually.

### Speech Therapist Training

- The evaluation process is reviewed with all Speech Therapists within the first three weeks of the start of school year with the appropriate qualified evaluator(s).

## EVALUATION COMPONENTS

The final Speech Therapist evaluation classification will be determined using a combination of therapy session performance and review of their contributions to special education compliance documentation (e.g. Multidisciplinary Evaluations, Individualized Education Plans, and Medicaid billing).

Speech Therapists will be observed and scored on the following domains by their home school evaluator:

- Facilitation
- Engagement
- Environment (during provision of services)

- Planning
- Professionalism

Speech Therapists will be observed and rated on the following domains by an evaluator assigned to the Special Education Department at the district office. Ratings on these elements will be shared with the home school evaluator and integrated into the overall classification during the post-observation process.

- Evaluation
- Compliancy

### Speech Therapist Therapy Session Performance

Speech Therapist therapy session performance will be a result of data collected from at least one therapy session observation of a complete and uninterrupted session. Additional data may be collected from the post-conference, mid-year conference/feedback session, and additional artifacts. As a result of the data collected elements from the Speech Therapist Evaluation Rubric will receive individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Therapy Performance will be determined using the following scoring adaptor:

<b>Facilitation</b>	4- Highly Effective 1-Effective No Developing No Ineffective	4-Highly Effective/Effective No Developing/Ineffective	5-Highly Effective/Effective/ Developing 1-Ineffective	4-Highly Effective/Effective/ Developing 2- Ineffective
<b>Engagement</b>	2-Highly Effective 1-Effective No Developing No Ineffective	2-Highly Effective/Effective 1-Developing No Ineffective	3-Highly Effective/Effective/ No Ineffective	2- Highly Effective/Effective/ Developing 1-Ineffective
<b>Environment</b>	3-Highly Effective 2-Effective No Developing No Ineffective	3 Highly Effective/Effective 2-Developing No Ineffective	4-Highly Effective/Effective/ Developing 1-Ineffective	3-Highly Effective/Effective/ Developing 2-Ineffective
<b>Planning</b>	3-Highly Effective 1 Effective No Developing No Ineffective	3-Highly Effective/Effective 1-Developing No Ineffective	3-Highly Effective/Effective/ Developing 1- Ineffective	2-Highly Effective/Effective/ Developing 2-Ineffective
<b>Professionalism</b>	4-Highly Effective 3-Effective No Developing No Ineffective	4- Highly Effective/Effective 3-Developing No Ineffective	5-Highly Effective/Developing 2- Ineffective	4-Highly Effective/Effective/ Developing 3-Ineffective

### Compliance Documentation

Speech Therapist compliance documentation will be a result of data collected through a review of at least one complete student special education file. Such a review will be conducted by a qualified evaluator within the special education department. As a result of the data collected elements from the Speech Therapist Evaluation Rubric will receive individual classifications of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Compliance Documentation will be determined using the following scoring adaptor:

<b>Evaluation</b>	3-Highly Effective 1-Effective No Developing No Ineffective	3-Highly Effective/Effective 1-Developing No Ineffective	3-Highly Effective/Effective Developing 1- Ineffective	2-Highly Effective/Effective/ Developing 2-Ineffective
<b>Compliance</b>	3-Highly Effective 1-Effective No Developing No Ineffective	3-Highly Effective/Effective 1-Developing No Ineffective	3-Highly Effective/Effective/ Developing 1-Ineffective	2-Highly Effective/Effective/ Developing 2-Ineffective

**Summative Evaluation**

All the domain classifications will then be used to determine the overall Speech Therapist’s performance classification for the summative evaluation.

<b>Highly Effective</b>	4 Highly Effective Domains No Developing Domains No Ineffective Domains
<b>Effective</b>	4 Effective / Highly Effective Domains No Ineffective Domains
<b>Developing</b>	4 Developing Domains 1 Ineffective Domain
<b>Ineffective</b>	2 Ineffective Domains

Summative evaluation	Provide written final classification to the teacher and facilitate a conference with the teacher. <i>(See description below)</i>	Evaluator	Before April 15 <sup>th</sup> .	Next Goal Setting Conference.

**Individual Goal Plan**

- The purpose of the Individual Goal Plan is to set improvement goals, based on elements identified in the rubric.
- Speech Therapist will collaborate with the administrator to develop an Individual Goal Plan in the fall after their first observation and conference.
- After goals have been set, Speech Therapist and administrator will discuss data to document the goals. The goals will be based on identified elements within the rubrics.

**Summative Evaluation Description**

- The administrator analyzes data sources & evaluates performance using the evaluation rubric.
- The administrators will assign classifications to each element, for each domain based on observations, artifacts and mid-year conferences/feedback. Based on element and domain classifications the Speech Therapist will receive an overall performance classification as indicated above.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrator will set up time with staff members for a summative evaluation conference.
- The administrator and the Speech Therapist will discuss the rubric classification and comments.
- The Speech Therapist may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and Speech Therapist will discuss growth from the fall to the spring (optional) on the (un)announced observations, mid-year conferences/feedback, and additional artifacts. Evidence of progress on the Speech Therapist’s Individual Goal Plan will be documented on the summative evaluation.
- The administrator and the Speech Therapist sign the summative evaluation documents.
- Speech Therapists may address the evaluation feedback by writing a response in the evaluatee’s comment section OR
- The Speech Therapist may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.
- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the Speech therapist within five (5) days after completion of the evaluation.

# SECTION 3: DATA COLLECTION MECHANISMS

## OBSERVATION TYPES & PROCEDURES

- All Speech Therapists, both probationary and continuing, are required to have one observation of a therapy session and a MET and/or IEP meeting. The first observation will be an announced observation and the second unannounced observation will be optional if a Developing in any domain occurs during the announced observation and/or at the discretion of the evaluator.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15<sup>th</sup>, and all optional unannounced observations should be completed by April 1<sup>st</sup>.
- Each Speech Therapist may be observed more than the minimum number of one observation. Additional observations may be announced or unannounced.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The Speech Therapist should be notified of this change prior to the observation.
- The Speech Therapist may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.
- Shared therapist positions will be assigned a home school/site; however, the Speech Therapist may be observed and data may be collected at any site to which the therapist is typically assigned. The summative evaluation will be completed at the home school/site.

### **Announced Observation (prior to December 15<sup>th</sup>)**

Evaluator will schedule a time to observe the therapist during a complete and uninterrupted therapy session and a MET and/or IEP meeting. During the observation, the evaluator will collect data about therapy elements within the evaluation rubric. The announced observation is followed up with a post-conference and written feedback within 10 days of the observation.

### **Unannounced Observation (prior to April 1<sup>st</sup>) (Optional if a Developing in any domain and/or at the discretion of the evaluator)**

The evaluator does not need to schedule a time with the Speech Therapist for an unannounced observation. The unannounced observation should be of a complete and uninterrupted therapy session as well as an observation of a MET and/or IEP meeting. During the observation the evaluator will collect data about therapy elements within the evaluation rubric. The unannounced observation will be followed by a post-conference and written feedback within 10 days of the observation.

### **Post-Observation Conference**

- (Un)announced observation must include a post-conference.
- .
- The (un)announced post-observation conference shall be held within five (5) business days after the (un)announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the Speech Therapist within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/enhancement or refinement/reinforcement and instructional strengths.
- If there are concerns with performance of probationary/continuing therapists, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

### **File Reviews**

- All Speech Therapists, both probationary and continuing, will have data collected through one file review, with an optional second file review, conducted by a qualified evaluator within the special education department at the district level. The file reviews will be scheduled so that classifications based on these reviews can be shared with home school/site evaluator in accordance with the required observation deadlines outlined in these procedures.
- File reviews will be done on files which are randomly selected from the list of files completed since the last observation or summative evaluation.

### **MID-YEAR CONFERENCE/FEEDBACK SESSION**

- All Speech Therapists will have a mid-year conference/feedback session by January 30<sup>th</sup>, with their evaluator, each school year.
- Mid-year conferences/feedback session of at least thirty (30) minutes are considered part of the Speech Therapist Evaluation System. Data from mid-year conference/feedback session should be included in the summative evaluation.
- Shared therapist positions may participate in the mid-year conference/feedback session at the shared school/site. This mid-year conference/feedback session from the shared school/site may be reviewed with the home school/site evaluator.

### **ADDITIONAL ARTIFACTS**

The evaluator may use additional artifacts to inform their decision regarding therapist's performance. Information gained from these artifacts should align to the elements and domains of the Speech Therapists Evaluation Rubric.

Data may include, but is not limited to:

- Therapy schedule
- Evaluation log
- Screening document samples
- Professional development certificates
- Most recent progress reports
- Therapy/Treatment plan
- Observation during MET, IEP, or other parent meetings

# SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

## **Intervention Support Plan**

- Following any observation, if a Speech Therapist is classified less than “Effective” in any element, support may be given to the Speech Therapist in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
- An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After four to six weeks of support, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
  - If the goal(s) have been met, the Intervention Support Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4.
  - If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary Notice of Inadequate Classroom Performance will be developed.

## **Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance**

- In alignment with Governing Board GCO, a Preliminary Notice of Inadequate Performance will accompany the Performance Improvement Plan.
- If a Speech Therapist is placed on a Performance Improvement Plan, the Speech Therapist is entitled to specific recommendations as to areas of improvement, shall be provided assistance and opportunities for the therapist to improve his/her performance and follow up with the therapist after a reasonable period of time for the purpose of ascertaining that the therapist is demonstrating adequate performance.
- A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
  - If the goal(s) have been met, the Performance Improvement Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated
  - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
  - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.
- If the Speech Therapist continues to demonstrate inadequate performance at the conclusion of the Performance Improvement Plan, a Statement of Charges is presented to the Board by the Superintendent. The Board votes to dismiss/not dismiss. If the vote is to dismiss, the dismissal occurs at the end of 10 days, unless the therapist requests a hearing.
- A Continuing Therapist may be returned to probationary status based upon their classification received.

## **Safeguards**

- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R provides in pertinent part: “Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal.”

- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- The Speech Therapist has a right to submit a written response to the evaluation per Policy GCO-R. Policy GCO-R provides in pertinent part: The Speech Therapist may initiate a written reaction or response to the written evaluation. The Speech Therapist's response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the Speech Therapist has received a copy of the evaluation. A copy of the Speech Therapist's response will be attached to the evaluation.
- Both evaluator and evaluatee may use the post conference for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

# SECTION 1: INTRODUCTION

## District Philosophy

GESD believes the Occupational and Physical Therapist evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students.

### Statement of Purpose

The purpose of the District's Occupational and Physical Therapist evaluation system is to improve the quality of services and to work toward common goals for the improvement of student learning.

#### The Occupational and Physical Therapist Evaluation System:

- safeguards and improves the quality of services received by the students
- structures professional dialogue and feedback between Occupational and Physical Therapist and principal
- provides the Occupational and Physical Therapist with opportunities for professional growth, strategies for improvement, or extra assistance as needed
- clarifies expectations relative to job performance for all Occupational and Physical Therapists
- increases Occupational and Physical Therapist competency
- includes procedural due process for dismissal
- complies with Arizona Revised Statutes

## Occupational and Physical Therapist Standards

The District embraces the philosophies outlined by the American Physical Therapy Association (APTA), the American Occupational Therapy Association (AOTA), and the Individuals with Disabilities Education Act (IDEA)

#### Purpose Statement according to APTA and AOTA:

The professions of physical and occupational therapy are built upon the principle of preserving, developing, and promoting independent physical function. Physical and occupational therapists use their unique expertise to help students participate in appropriate activities in their natural environments and to help students benefit from special education instruction in order to make progress in the general education curriculum in the least restrictive environment. Physical and occupational therapists work with families and school staff to further support the child's progress, interventions, strategies and adaptations focus on promoting functional independence with class work, mobility, positioning, and safe and efficient participation in daily activities and routines.

The effectiveness of OT and PT services is based on appropriate assessment and evaluation, measureable outcomes, and data driven decisions. Following this best practice approach, young children and students with disabilities should have improved access and participation in their natural roles, routines and environments.

#### GESD Professional Occupational and Physical Therapist Standards

##### Screening and Evaluation

- Establishing and maintaining clear procedures for referrals
- Providing screening to identify needs for further assessment
- Establishing respect and rapport with students
- Communicating with families
- Provides reports in a timely manner for IEP and MET meetings

##### Treatment and Therapy Planning

- Planning individual therapy sessions
- Developing integrated therapy plans
- Developing and implementing treatment plans to maximize student's success
- Coordinates and communicated need for motor therapy services

**Treatment/Therapy Implementation**

- Therapy materials and assistive technology
- Monitoring, reinforcement and response to behavior
- Active participation
- Monitoring effectiveness of treatment plan
- Collaboration and implementation
- Data driven decision making
- Teaching to the target skill

**Professionalism**

- Demonstrating knowledge of district, state, and federal regulations and guidelines
- Demonstrates knowledge of resources, both within and beyond the district
- Standards and confidentiality
- Personal and professional
- Organizing time adequately in order to meet job requirements

**Documentation of Evaluation and Therapy**

- Conducts evaluations to determine Special Education eligibility
- Eligibility determination
- Written evaluation reports
- Alignment between the MET and IEP
- Submission of progress reports
- Submission of Medicaid Billing

## **Legal Criteria**

Arizona Revised Statutes (A.R.S.) § 15-537 states that in the development of guidelines and procedures for the evaluation of certified teachers, the Governing Board shall avail itself of the advice of its certificated teachers.

In seeking equitable treatment of certificated employees, these evaluation procedures were developed with the advice of employees serving in aligned roles (e.g. Occupational Therapists, Physical Therapists, School Psychologists, Social Emotional Learning Specialists, and Speech Therapists).

**Evaluation System Review**

The Occupational and Physical Therapist Evaluation Committee will meet each year to consider the development and periodic evaluation of the Occupational and Physical Therapist performance evaluation system no later than March.

**Assurances**

The Glendale Elementary School District evaluation system documents have been formally approved by the Governing Board.

**Confidentiality**

The Glendale Elementary School District will comply with all applicable confidentiality provisions with respect to the performance evaluations of staff.

**Elements of Evaluation**

Occupational and Physical Therapists shall be evaluated into one of four performance classifications: Highly Effective, Effective, Developing, Ineffective.

**Summative Evaluation Frequency**

**All Occupational and Physical Therapists shall be evaluated once each year.**

### **Formal Observations**

There shall be one observation with an option for a second observation of the Occupational or Physical Therapist demonstrating skills in a complete and uninterrupted therapy session as well as a MET and/or IEP meeting. The first observation will be an announced observation and the second unannounced observation will be optional if a Developing in any domain occurs during the announced observation and/or at the discretion of the evaluator.

### **Communications with Occupational or Physical Therapist**

Evaluator must provide:

- Written feedback to Occupational or Physical Therapist within ten (10) business days after a formal observation.
- Copy of written summative evaluation within five (5) business days after its completion.

After Occupational or Physical Therapist receives evaluation, Board designee, or a qualified evaluator, must:

- Confer with Occupational or Physical Therapist regarding specific recommendations for areas of improvement and professional development opportunities.
- Follow up with Occupational or Physical Therapist after a reasonable period of time to determine whether the Occupational Therapist or Physical Therapist is demonstrating adequate performance.

### **Evaluation Report Contents**

Evaluation report must include:

- Occupational Therapist or Physical Therapist's performance classification
- Recommendations for areas of improvement if performance warrants improvement.

### **Appeal**

Therapists who disagree with their summative evaluation may file an appeal if permitted to do so under Arizona law and Board policy.

# SECTION 2: THE EVALUATION SYSTEM

The primary purposes of the Occupational and Physical Therapist evaluation system are to provide for increased competency through improved communication between Occupational Therapist or Physical Therapist and evaluator, to improve instructional skills, to provide extra assistance where needed, and to provide a system for dismissal which complies with the law.

## EVALUATION SYSTEM TRAINING

### Qualified Evaluator Training

- Each Occupational and Physical Therapist will be evaluated by a qualified evaluator. The Governing Board shall annually designate persons who are qualified to evaluate Occupational and Physical Therapists to serve as evaluators for the District's Occupational and Physical Therapist performance evaluation system. Such persons will be the same persons designated by the Governing Board as qualified evaluators for teachers.
- The Governing Board shall ensure that evaluators are qualified to evaluate Occupational and Physical Therapist, by delegating to the Administration the responsibility for ensuring that evaluators are provided with the appropriate training.
- The qualifications required of qualified evaluators are as follows:
  - Knowledge
    - Knowledge of district's Professional Standards
    - Knowledge of district evaluation system
    - Knowledge of policies, laws, and regulations related to evaluation
  - Evaluation Process
    - Orients and communicates the evaluation process to employees
    - Completes evaluation tasks within required timelines
    - Completes observations within required timelines
    - Maintains a record of evaluation tasks performed
    - Gathers and records data objectively
  - Conference and Improvement Plans
    - Seeks input from Occupational and Physical Therapists regarding their evaluation & individual professional development plan
    - Communicates areas of instructional strength to Occupational Therapist or Physical Therapist
    - Specifies areas of refinement to Occupational Therapist or Physical Therapist
    - Provides systematic, ongoing support for Occupational and Physical Therapists in implementing improvement plans
    - Monitors improvement plan implementation and provides feedback
  - Reliability
    - Qualified evaluators must meet expected inter-rater reliability expectations established by the district
    - Training & reliability testing will be provided for qualified evaluators annually.

### Occupational and Physical Therapist Training

- The evaluation process is reviewed with all Occupational and Physical Therapists within the first three weeks of the start of school year with the appropriate qualified evaluator(s).

## EVALUATION COMPONENTS

The final Occupational or Physical Therapist evaluation classification will be determined using a combination of therapy session performance and review of their contributions to special education compliance documentation (e.g. Multidisciplinary Evaluations, Individualized Education Plans, and Medicaid billing).

Occupational and Physical Therapists will be observed and scored on the following domains by their home school evaluator:

- Screening and Evaluation
- Treatment and Therapy Planning
- Treatment/Therapy Implementation
- Professionalism

Occupational and Physical Therapists will be observed and rated on the following domain by an evaluator assigned to the Special Education Department at the district office. Ratings on these elements will be shared with the home school evaluator and integrated into the overall classification during the post-observation process.

- Documentation of Evaluation and Therapy

### Occupational or Physical Therapist Therapy Session Performance

Occupational or Physical Therapist therapy session performance will be a result of data collected from at least one therapy session observation of complete and uninterrupted session. Additional data may be collected from post-conferences, mid-year conference/feedback session, and additional artifacts. As a result of the data collected elements from the Occupational or Physical Therapist Evaluation Rubric will receive individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Therapy Performance will be determined using the following scoring adaptor:

<b>Screening and Evaluation</b>	3-Highly Effective 2-Effective No Developing No Ineffective	3-Highly Effective/Effective 2-Developing No Ineffective	4-Highly Effective/ Effective/ Developing 1- Ineffective	3-Highly Effective/Effective/ Developing 2--Ineffective
<b>Treatment and Therapy Planning</b>	3Highly Effective 1-Effective No Developing No Ineffective	3-Highly Effective/Effective 1-Developing No Ineffective	3-Highly Effective/Effective/ Developing 1- Ineffective	2-Highly Effective/Effective/ Developing 2-Ineffective
<b>Treatment/Therapy Implementation</b>	4-Highly Effective 3-Effective No Developing No Ineffective	4-Highly Effective/Effective 3-Developing No Ineffective	5-Highly Effective/Effective/ Developing 2- Ineffective	4-Highly Effective/Effective/ Developing 3-Ineffective
<b>Professionalism</b>	3-Highly Effective 2-Effective No Developing No Ineffective	3-Highly Effective/Effective 1-Developing No Ineffective	4-Highly Effective/Effective/ Developing 1- Ineffective	3-Highly Effective/Effective/ Developing 2-Ineffective

### Compliance Documentation

Occupational or Physical Therapist compliance documentation will be a result of data collected through a review of at least one complete student special education file. Such a review will be conducted by a qualified evaluator within the special education department. As a result of the data collected elements from the Occupational or Physical Therapist Evaluation Rubric will receive individual classifications of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Compliance Documentation will be determined using the following scoring adaptor:

<b>Documentation of Evaluation and Therapy</b>	4- Highly Effective 2-Effective	4-Highly Effective/Effective 2-Developing	5-Highly Effective/Effective/ Developing	4 Highly Effective/Effective/ Developing
--	------------------------------------	--	---	---

	No Developing No Ineffective	No Ineffective	1-Ineffective	2- Ineffective
--	---------------------------------	----------------	---------------	----------------

### Summative Evaluation

All the domain classifications will then be used to determine the overall Speech Therapist's performance classification for the summative evaluation using the following score adaptor:

<b>Highly Effective</b>	3 Highly Effective Domains No Developing Domains No Ineffective Domains
<b>Effective</b>	4 Effective / Highly Effective Domains No Ineffective Domains
<b>Developing</b>	2 Developing Domains No Ineffective Domains
<b>Ineffective</b>	1 Ineffective Domain

Summative evaluation	Provide written final classification to the teacher and facilitate a conference with the teacher. <i>(See description below)</i>	Evaluator	Before April 15 <sup>th</sup> .	Next Goal Setting Conference.
----------------------	---	-----------	---------------------------------	-------------------------------

**Individual Goal Plan**

- The purpose of the Individual Goal Plan is to set improvement goals, based on elements identified in the rubric.
- .
- Each Occupational Therapist or Physical Therapist will collaborate with the administrator to develop an Individual Goal Plan in the fall after their observation and conference.
- After goals have been set, Occupational Therapist or Physical Therapist and administrator will discuss data to document the goals. The goals will be based on identified elements within the rubrics.

**Summative Evaluation Description**

- The administrator analyzes data sources & evaluates performance using the evaluation rubric.
- The administrators will assign classifications to each element, for each domain based on observations, artifacts and mid-year conferences/feedback. Based on element and domain classifications the Occupational or Physical Therapist will receive an overall performance classification as indicated above.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrator will set up time with staff members for a summative evaluation conference.
- The administrator and the Occupational or Physical Therapist will discuss the rubric classification and comments.
- The Occupational or Physical Therapist may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and Occupational or Physical Therapist will discuss growth from the fall to the spring (optional) on the (un)announced observations, mid-year conferences/feedback, and additional artifacts. Evidence of progress on the Occupational or Physical Therapist’s Individual Goal Plan will be documented on the summative evaluation.
- The administrator and the Occupational or Physical Therapist sign the summative evaluation documents.
- Occupational or Physical Therapists may address the evaluation feedback by writing a response in the evaluatee’s comment section OR
- The Occupational or Physical Therapist may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.
- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the Occupational or Physical therapist within five (5) days after completion of the evaluation.

# SECTION 3: DATA COLLECTION MECHANISMS

## OBSERVATION TYPES & PROCEDURES

- All Occupational or Physical Therapists, both probationary and continuing, are required to have one observation of a therapy session and MET and/or IEP meeting. The first observation will be an announced observation and the second unannounced observation will be optional if a Developing in any domain occurs during the announced observation and/or at the discretion of the evaluator.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15<sup>th</sup>, and all optional unannounced observations should be completed by April 1<sup>st</sup>.
- Each Occupational or Physical Therapist may be observed more than the minimum number of one observation. Additional observations may be announced or unannounced.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The Occupational or Physical Therapist should be notified of this change prior to the observation.
- The Occupational or Physical Therapist may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.
- Shared therapist positions will be assigned a home school/site; however, the Occupational or Physical Therapist may be observed and data may be collected at any site to which the therapist is typically assigned. The summative evaluation will be completed at the home school/site.

### **Announced Observation (prior to December 15<sup>th</sup>)**

Evaluator will schedule a time to observe the therapist during a complete and uninterrupted therapy session and a MET and/or IEP meeting. During the observation, the evaluator will collect data about therapy elements within the evaluation rubric. The announced observation is followed up with a post-conference and written feedback within 10 days of the observation.

### **Unannounced Observation (prior to April 1<sup>st</sup>) (Optional if a Developing in any domain and/or at the discretion of the evaluator)**

The evaluator does not need to schedule a time with the Occupational or Physical Therapist for an unannounced observation. The unannounced observation should be of a complete and uninterrupted therapy session. During the observation the evaluator will collect data about therapy elements within the evaluation rubric. The unannounced observation will be followed by a post-conference and written feedback within 10 days of the observation.

### **Post-Observation Conference**

- (Un)announced observation must include a post-conference.
- The (un)announced post-observation conference shall be held within five (5) business days after the (un)announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the Occupational or Physical Therapist within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/enhancement or refinement/reinforcement and instructional strengths.
- If there are concerns with performance of probationary/continuing therapists, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

### **File Reviews**

- All Occupational or Physical Therapists, both probationary and continuing, will have data collected through one file review conducted by a qualified evaluator within the special education department at the district level. The

file reviews will be scheduled so that classifications based on these reviews can be shared with home school/site evaluator in accordance with the required observation deadlines outlined in these procedures.

- File reviews will be done on files which are randomly selected from the list of files completed since the last observation or summative evaluation.

## **MID-YEAR CONFERENCE/FEEDBACK SESSION**

- All Occupational or Physical Therapists will have a mid-year conference/feedback session by January 30<sup>th</sup>, with their evaluator, each school year.
- Mid-year conferences/feedback session of at least thirty (30) minutes are considered part of the Occupation and Physical Therapist Evaluation System. Data from mid-year conference/feedback session should be included in the summative evaluation.
- Shared therapist positions may participate in the mid-year conference/feedback session at the shared school/site. This mid-year conference/feedback session from the shared school/site may be reviewed with the home school/site evaluator.

## **ADDITIONAL ARTIFACTS**

The evaluator may use additional artifacts to inform their decision regarding therapist's performance. Information gained from these artifacts should align to the elements and domains of the Occupation and Physical Therapists Evaluation Rubric. Data may include, but is not limited to:

- Therapy schedule
- Evaluation log
- Screening document samples
- Professional development certificates
- Most recent progress reports
- Therapy/Treatment plan
- Observation during MET, IEP, or other parent meetings

# SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

## **Intervention Support Plan**

- Following any observation, if an Occupational or Physical Therapist is classified less than “Effective” in any element, support may be given to the Occupational Therapist or Physical Therapist in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
- An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After four to six weeks of support, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
  - If the goal(s) have been met, the Intervention Support Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4 or the therapist may be placed on a Performance Improvement Plan.
  - If no growth or insufficient growth has taken place, a Performance Improvement Plan will be developed.

## **Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance**

- In alignment with Governing Board GCO, a Preliminary Notice of Inadequate Performance will accompany the Performance Improvement Plan.
- If an Occupational or Physical Therapist is placed on a Performance Improvement Plan, the Occupational or Physical Therapist is entitled to specific recommendations as to areas of improvement, shall be provided assistance and opportunities for the therapist to improve his/her performance and follow up with the therapist after a reasonable period of time for the purpose of ascertaining that the therapist is demonstrating adequate performance.
- A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
  - If the goal(s) have been met, the Performance Improvement Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated.
  - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
  - If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary Notice of Inadequate Classroom Performance will be developed.
- If the Occupational or Physical Therapist continues to demonstrate inadequate performance at the conclusion of the Performance Improvement Plan, a Statement of Charges is presented to the Board by the Superintendent. The Board votes to dismiss/not dismiss. If the vote is to dismiss, the dismissal occurs at the end of 10 days, unless the therapist requests a hearing.
- A Continuing Therapist may be returned to probationary status based upon their classification received.

## **Safeguards**

- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R provides in pertinent part: “Performance evaluation is not subject to the grievance policy, except for procedural violations.

Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal.”

- The Occupational Therapist or Physical Therapist has a right to submit a written response to the evaluation per Policy GCO-R. Policy GCO-R provides in pertinent part: The Occupational Therapist or Physical Therapist may initiate a written reaction or response to the written evaluation. The Occupational Therapist or Physical Therapist’s response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the Occupational Therapist or Physical Therapist has received a copy of the evaluation. A copy of the Occupational Therapist or Physical Therapist’s response will be attached to the evaluation.
- Both evaluator and evaluatee may use pre and post conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

Elements	Ineffective	Developing	Effective	Highly Effective
<b>Establishing and maintaining clear procedures for referrals</b>	Procedures for referrals and for meetings and consultations with parents and administrators are not well communicated. Teachers, parents and administrators are left confused in how to complete a referral process.	Therapist understands the referral process but is not able to effectively communicate the referral process to the teacher, parent or principal to achieve the outcome of a timely referral.	Procedures for referrals and for meetings and consultations with parents and administrators has been well communicated are clear to everyone.	Procedures for referrals and for meetings and consultations with parents and administrators has been well communicated are clear to everyone. The therapist is proactive in communicating the process for referring students for screening and/or special education identification. The therapist participates in the development or restructuring of process and procedures to improve the process of referring students for screening and/or special education identification.
<b>Provides screening to identify needs for further assessment</b>	Therapist does not respond to referrals or provide required screenings upon request to determine characteristics of a student who needs motor therapy. Therapist does not refer students to other related service specialists for evaluation, when appropriate.	Therapist responds to referrals and provides screening only in area of concern, is not thorough enough to determine whether other areas of motor skills are sufficient or adequate. Therapist recommends referrals to other service specialist but does not make the referral.	Therapist responds to referrals and provides screening in all areas, conducts a classroom observation(s), and keeps documentation of all screening paperwork. Therapist also communicates with referring individual(s). Therapist assists in making the proper referral to other related service specialists when appropriate.	Therapist is proactive in responding to referrals and provides screening in all areas to determine students who may be in need for motor therapy, conducts a classroom observation(s), and keeps documentation of all screening paperwork. Therapist provides written documentation to referring individual(s), applicable parties, agencies or other related service specialists when appropriate. Therapist assists school staff in referring students with a possible need when motor therapy exists.
<b>Establishing respect and rapport with students</b>	Therapist's interactions with students are negative or inappropriate; students appear uncomfortable in the testing and treatment environment.	Therapist's interactions are a mix of positive and negative; the Therapist's efforts at developing rapport are partially successful.	Therapist's interactions with students are positive and respectful; students appear comfortable in the testing and treatment environment. **Domain II : Treatment and Therapy Planning**

<b>Elements</b>	<b>Ineffective</b>	<b>Developing</b>	<b>Effective</b>	<b>Highly Effective</b>
<b>Planning individual therapy sessions</b>	Therapist fails to plan activities of high quality considered best practices.	Therapist plans basic activities that meet minimum guidelines but are not considered best practice.	Therapist seeks to improve skill level in providing activities of high quality considered best practices.	Therapist plans activities of high quality in line with current research and best practices.
<b>Developing integrated therapy plans</b>	Therapy plans consists of a random collection of unrelated activities, lacking coherence or an overall structure.	Therapy plan has a guiding principle and includes a number of effective activities, but some do not fit with broader goals.	Therapy plan consists mostly of aligned activities that build toward independence for the student.	Therapy plan is highly coherent, preventive in nature, and consists of aligned activities that serve to support students individually within the broader educational program.
<b>Developing and implementing treatment plans to maximize students' success</b>	Therapist fails to develop goals and treatment plans suitable for student, or plans are mismatched with the findings of assessments.	Therapist's goals and plans for students are partially suitable for them or sporadically aligned with identified needs.	Therapist's goals and plans for students are suitable for them and are aligned with identified needs.	Therapist develops comprehensive goals and plans for students, finding ways to creatively meet needs and incorporate many related elements.
<b>Coordinates and communicates need for motor therapy services.</b>	Therapist fails to collaborate with MET/IEP Team to develop intervention goals and determine the most appropriate level of service to support student's progress.	Therapist collaborates with MET/IEP Team but lacks sufficient information to develop intervention goals and determine the most appropriate level of service to support student's progress.	Therapist collaborates with MET/ IEP Team providing sufficient information to develop intervention goals and determine the most appropriate level of service to support student's progress. <b>Domain IV: Professionalism</b>				
<b>Elements</b>	<b>Ineffective</b>	<b>Developing</b>	<b>Effective</b>	<b>Highly Effective</b>
<b>Demonstrating knowledge of district, state, and federal regulations and guidelines</b>	Therapist demonstrates little or no knowledge of special education laws and procedures.	Therapist demonstrates basic knowledge of special education laws and procedures.	Therapist demonstrates thorough knowledge of special education laws and procedures.	Therapist's knowledge of special education laws and procedures is extensive; specialist takes a leadership role in reviewing and revising district policies
<b>Demonstrates knowledge of resources, both within and beyond the district</b>	Therapist demonstrates little or no knowledge of resources for students available through the school or district.	Therapist demonstrates basic knowledge of resources for students available through the school or district.	Therapist demonstrates thorough knowledge of resources for students available through the school or district and some familiarity with resources outside the district.	Therapist demonstrates extensive knowledge of resources for students available through the school or district and in the larger community.
<b>Standards and confidentiality</b>	Therapist displays lack of integrity in interactions with colleagues, students, and the public and violates principles of confidentiality.	Therapist is honest in interactions with colleagues, students, and the public, plays a moderate advocacy role for students, and does not violate norms of confidentiality.	Therapist displays high standards of honesty, integrity, and confidentiality in interactions with colleagues, students, and the public and advocates for students when needed.	Therapist can be counted on to hold the highest standards of honesty, integrity, and confidentiality and to advocate for students, taking a leadership role with colleagues.
<b>Personal and professional</b>	Therapist does not participate in professional development activities, even when such activities are clearly needed for the development of personal/professional skills.	Therapist's participation in professional development activities is limited to those that are convenient or are required.	Therapist seeks out opportunities for professional development based on an individual assessment of need and to stay current in the profession.	Therapist actively pursues professional development opportunities and makes a substantial contribution to the profession through such activities as offering workshops to colleagues or providing supervision to therapy assistants or university students.
<b>Organizing time adequately in order to meet job requirements</b>	Therapist fails to set priorities, resulting in confusion, missed deadlines and scheduling conflicts.	Therapist's time management skills are such that essential activities are carried out, but not on a consistent basis allowing for missed deadlines and scheduling conflicts	Therapist exercises good judgment in setting priorities, resulting in clear organized schedules and important work being accomplished by meeting deadlines.	Therapist demonstrates efficient and effective time-management skills that encourage and allows for other IEP and MET team members to have adequate time for preparation and participation in meetings. All deadlines are accomplished on time.

# SECTION 1: INTRODUCTION

## District Philosophy

GESD believes the School Psychologist evaluation system is critical to the ongoing and continuous growth in a complex and demanding profession. It is fundamentally a growth tool that ensures excellence in our practices for the learning of our students.

### Statement of Purpose

The purpose of the District's School Psychologist evaluation system is to improve the quality of services and to work toward common goals for the improvement of student learning.

The School Psychologist Evaluation System:

- safeguards and improves the quality of services received by the students
- structures professional dialogue and feedback between School Psychologist and principal
- provides the School Psychologist with opportunities for professional growth, strategies for improvement, or extra assistance as needed
- clarifies expectations relative to job performance for all School Psychologists
- increases School Psychologist competency
- includes procedural due process for dismissal
- complies with Arizona Revised Statutes

### School Psychologist Standards

The school psychologist evaluation system is based on the domains developed within the National Association of School Psychologists (NASP) practice model. School psychologists work with students and their families to support students' social, emotional and behavioral health. Research has shown that students who receive this type of support achieve better in school. (Bierman et al. 2011; Durlack et al., 2011, Fleming et al., 2005; Greenberg et al. 2003; Welsh, Parke, Widaman, & O'Neil, 2001; Zins, Bloodworth, Weissberg, & Walberg, 2004). School Psychologists also work with school teams to support the success of students through a variety of means including assessment, consultation and review of student performance data.

It is important to note that the NASP practice model is based on a psychologist to student ratio of 1 to 500-700 students. In GESD at this time the average ratio is about to 1 to 1200 students. Therefore, there have been some revisions to the NASP domains to account for the increased ratio and emphasis on evaluation and consultation rather than direct services to students at this time. (2013) NASP recommends that an individual credentialed in school psychology participate in the evaluation of the school psychologist. In addition, NASP recommends that multiple sources of data be collected in the evaluation of the school psychologist.

#### NASP Practice Model and Domains

##### Practices that Permeate All Aspects of Service Delivery

Domain 1: Data-based decision making and accountability

Domain 2: Consultation and collaboration

##### Direct and Indirect Services for Children, Families and Schools

# Legal Criteria

In seeking equitable treatment of certificated employees, these evaluation procedures were developed with the advice of employees serving in aligned roles (e.g. Occupational Therapists, Physical Therapists, School Psychologists, Social Emotional Learning Specialists, and Speech Therapists).

## **Evaluation System Review**

The School Psychologist Evaluation Committee will meet each year to consider the development and periodic evaluation of the School Psychologist performance evaluation system no later than March.

## **Assurances**

The Glendale Elementary School District evaluation system documents have been formally approved by the Governing Board.

## **Confidentiality**

The Glendale Elementary School District will comply with all applicable confidentiality provisions with respect to the performance evaluations of staff.

## **Elements of Evaluation**

School Psychologists shall be evaluated into one of four performance classifications: Highly Effective, Effective, Developing, Ineffective.

## **Summative Evaluation Frequency**

All School Psychologists shall be evaluated once each year

## **Formal Observations**

There shall be one observation of the School Psychologist demonstrating skills in a complete and uninterrupted Multidisciplinary Evaluation Team meeting.

## **Communications with School Psychologist**

Evaluator must provide:

- Written feedback to School Psychologist within ten (10) business days after a formal observation.
- Copy of written summative evaluation within five (5) days after its completion.

After School Psychologist receives evaluation, Board designee, or a qualified evaluator, must:

- Confer with School Psychologist regarding specific recommendations for areas of improvement and professional development opportunities.
- Follow up with School Psychologist after a reasonable period of time to determine whether the School Psychologist is demonstrating adequate performance.

## **Evaluation Report Contents**

Evaluation report must include:

- School Psychologist's performance classification and
- Recommendations for areas of improvement "if performance warrants improvement."

## **Appeal**

Psychologists who disagree with their summative evaluation may file an appeal if permitted to do so under Arizona law and Board policy.

# SECTION 2: THE EVALUATION SYSTEM

The primary purposes of the School Psychologist evaluation system are to provide for increased competency through improved communication between School Psychologist and evaluator, to improve instructional skills, to provide extra assistance where needed, and to provide a system for dismissal which complies with the law.

## EVALUATION SYSTEM TRAINING

### Qualified Evaluator Training

- Each School Psychologist will be evaluated by a qualified evaluator. The Governing Board shall annually designate persons who are qualified to evaluate School Psychologists to serve as evaluators for the District's School Psychologist performance evaluation system. Such persons will be the same persons designated by the Governing Board as qualified evaluators for teachers.
- The Governing Board shall ensure that evaluators are qualified to evaluate School Psychologist, by delegating to the Administration the responsibility for ensuring that evaluators are provided with the appropriate training.
- The qualifications required of qualified evaluators are as follows:
  - Knowledge
    - Knowledge of district's Professional Standards
    - Knowledge of district evaluation system
    - Knowledge of policies, laws, and regulations related to evaluation
  - Evaluation Process
    - Orients and communicates the evaluation process to employees
    - Completes evaluation tasks within required timelines
    - Completes observations within required timelines
    - Maintains a record of evaluation tasks performed
    - Gathers and records data objectively
  - Conference and Improvement Plans
    - Seeks input from School Psychologists regarding their evaluation & individual professional development plan
    - Communicates areas of instructional strength to School Psychologist
    - Specifies areas of refinement to School Psychologist
    - Provides systematic, ongoing support for School Psychologists in implementing improvement plans
    - Monitors improvement plan implementation and provides feedback
  - Reliability
    - Qualified evaluators must meet expected inter-rater reliability expectations established by the district
    - Training & reliability testing will be provided for qualified evaluators annually.

### School Psychologist Training

- The evaluation process is reviewed with all School Psychologists within the first three weeks of the start of school year with the appropriate qualified evaluator(s).

## EVALUATION COMPONENTS

The final School Psychologist evaluation classification will be determined using a combination of site performance and review of their contributions to special education compliance documentation (e.g. Multidisciplinary Evaluations and Prior Written Notices).

School Psychologists will be observed and rated on the following domains by their home school evaluator:

- Facilitates Special Education Process
- Support Services
- Professionalism

School Psychologists will be observed and rated on the following domain by an evaluator assigned to the Special Education Department at the district office. Classifications on these elements will be shared with the home school evaluator and integrated into the overall classification during the post-observation process.

- Evaluation and Compliance

### School Psychologist Performance

School Psychologist performance will be a result of data collected from at least one observation during multidisciplinary evaluation team meetings. Additional data may be collected from the post-conference, mid-year conference/feedback session, and additional artifacts. As a result of the data collected elements from the School Psychologist Evaluation Rubric will receive individual classification of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Performance will be determined using the following scoring adaptor:

<b>Facilitates Special Education Process</b>	4- Highly Effective 2-Effective No Developing No Ineffective	4-/Highly Effective/Effective 2-Developing No Ineffective	5-Highly Effective/Effective/ Developing 1-Ineffective	4-Highly Effective/Effective/ Developing 2- Ineffective
<b>Support Services</b>	3-Highly Effective 2-Effective No Developing No Ineffective	4-Highly Effective/Effective 2-Developing No Ineffective	4-Highly Effective/ Effective/Developing No Ineffective	3-Highly Effective/Effective/ Developing 2-Ineffective
<b>Professionalism</b>	4- Highly Effective 2-Effective No Developing No Ineffective	4-Highly Effective/Effective 2-Developing No Ineffective	5-Highly Effective/Effective/ Developing 5-Ineffective	4-Highly Effective/Effective/ Developing 2- Ineffective

### Compliance Documentation

School Psychologist compliance documentation will be a result of data collected through a review of at least one complete student special education file. Such a review will be conducted by a qualified evaluator within the special education department. As a result of the data collected elements from the School Psychologist Evaluation Rubric will receive individual classifications of Highly Effective, Effective, Developing, or Ineffective. The degree to which each element is classified within each domain will determine a domain classification.

Domain classifications based on Compliance Documentation will be determined using the following scoring adaptor:

<b>Evaluation and Compliance</b>	4- Highly Effective 2-Effetive No Developing No Ineffective	4-Highly Effective/Effective 2-Developing No Ineffective	5-Highly Effective/Effective/ Developing 1-Ineffective	4-Highly Effective/Effective/ Developing 2- Ineffective
----------------------------------	--	--	--	---

### Summative Evaluation

All the domain classifications will then be used to determine the overall Speech Therapist's performance classification for the summative evaluation using the following score adaptor:

<b>Highly Effective</b>	2 Highly Effective Domains No Developing Domains No Ineffective Domains
<b>Effective</b>	3 Effective / Highly Effective Domains No Ineffective Domains
<b>Developing</b>	2 Developing Domains No Ineffective Domains
<b>Ineffective</b>	1 Ineffective Domain

### Individual Goal Plan

- The purpose of the Individual Goal Plan is to set improvement goals, based on elements identified in the rubric.
- While the self-scored rubrics are for the sole use of the School Psychologist and are not used for formal documentation in the evaluation process, the act of reflection is an essential part of professional growth and

should assist the collaboration of the goal setting process between the School Psychologist and the administrator. The self-scored rubric should be discussed as a source of goals, objectives, and targets for observations.

- Each first-year School Psychologist will collaborate with the administrator to develop an Individual Goal Plan in the fall after their first observation and conference.
- After goals have been set, School Psychologist and administrator will discuss data to document the goals. The goals will be based on identified elements within the rubrics.

### **Summative Evaluation Description**

- The administrator analyzes data sources & evaluates performance using the evaluation rubric.
- The administrators will assign classifications to each element, for each domain based on observation, artifacts and mid-year conferences/feedback. Based on element and domain classifications the School Psychologist will receive an overall performance classification as indicated above.
- The administrator determines strengths and areas needing refinement based on classifications.
- The administrators will set up time with staff members for a summative evaluation conference.
- The administrator and the School Psychologist will discuss the rubric classification and comments.
- The School Psychologist may add areas needing refinement or enhancement.
- During the annual summative evaluation conference, the administrator and School Psychologist will discuss growth from the fall to the spring on the (un)announced observations, mid-year conference/feedback, and additional artifacts. Evidence of progress on the School Psychologist's Individual Goal Plan will be documented on the summative evaluation.
- The administrator and the School Psychologist sign the summative evaluation documents.
- School Psychologists may address the evaluation feedback by writing a response in the evaluatee's comment section OR
- The School Psychologist may initiate a written reaction or response to the evaluation and request that it be attached to the evaluation.
- An evaluation made as provided in this section shall be in writing, and a copy shall be transmitted to the School Psychologist within five (5) days after completion of the evaluation.

# SECTION 3: DATA COLLECTION MECHANISMS

## OBSERVATION TYPES & PROCEDURES

- All School Psychologist, both probationary and continuing, are required to have one observation of a multidisciplinary evaluation team meeting. The first observation will be an announced observation and the second unannounced observation will be optional if a Developing in any domain occurs during the announced observation and/or at the discretion of the evaluator.
- Unless extenuating circumstances exist, all announced observations should be completed prior to December 15<sup>th</sup>, and all optional unannounced observations should be completed by April 1<sup>st</sup>.
- Each School Psychologist may be observed more than the minimum number of one observation. Additional observations may be announced or unannounced.
- The administrator(s) may appoint an alternate and/or include an additional qualified evaluator. The School Psychologist should be notified of this change prior to the observation.
- The School Psychologist may request one (1) additional observation that shall occur within the school year; however, such a request does not suspend the requirement to meet remedial expectations, nor will the request delay Board action on non-renewal or dismissal.
- Shared psychologist positions will be assigned a home school/site; however, the School Psychologist may be observed and data may be collected at any site to which the psychologist is typically assigned. The summative evaluation will be completed at the home school/site.

### **Announced Observation (prior to December 15<sup>th</sup>)**

Evaluator will schedule a time to observe the psychologist during a complete and uninterrupted multidisciplinary team meeting. During the observation, the evaluator will collect data about elements within the evaluation rubric. The announced observation is followed up with a post-conference and written feedback within 10 days of the observation.

### **Unannounced Observation (prior to April 1<sup>st</sup>) (Optional if a Developing in any domain and/or at the discretion of the evaluator)**

The evaluator does not need to schedule a time with the School Psychologist for an unannounced observation. The unannounced observation should be of a complete and uninterrupted therapy session. During the observation the evaluator will collect data about elements within the evaluation rubric. The unannounced observation will be followed by a post-conference and written feedback within 10 days of the observation.

### **Post-Observation Conference**

- (Un)announced observation must include a post-conference.
- School Psychologist will self-assess utilizing the School Psychologist evaluation rubric prior to the post-observation conference. The self-assessment is for the sole use of the School Psychologist and is not used for formal documentation in the evaluation. The act of reflection is an essential part of professional growth and should assist the collaboration of the goal setting process between School Psychologist and administrator.
- The (un)announced post-observation conference shall be held within five (5) business days after the (un)announced observation, unless waived by mutual agreement of both parties under extenuating circumstances.
- Written feedback is to be provided to the School Psychologist within 10 days of the observation.
- Written statements and discussion should include suggestions for improvement/enhancement or refinement/reinforcement and instructional strengths.
- If there are concerns with performance of probationary/continuing therapists, an Intervention Support Plan or a Performance Improvement Plan will be created identifying areas of concern.

**File Reviews**

- All School Psychologists, both probationary and continuing, will have data collected through one file review conducted by a qualified evaluator within the special education department at the district level. The file review will be scheduled so that classifications based on these reviews can be shared with home school/site evaluator in accordance with the required observation deadlines outlined in these procedures.
- File reviews will be done on files which are randomly selected from the list of files completed since the last observation or summative evaluation.

**MID-YEAR CONFERENCE/FEEDBACK SESSION**

- All School Psychologists will have a mid-year conference/feedback session by January 30<sup>th</sup>, with their evaluator, each school year.
- Mid-year conferences/feedback session of at least thirty (30) minutes are considered part of the School Psychologist Evaluation System. Data from mid-year conference/feedback session should be included in the summative evaluation.
- Shared psychologist positions may participate in the mid-year conference/feedback session at the shared school/site. This mid-year conference/feedback session from the shared school/site may be reviewed with the home school/site evaluator.

**ADDITIONAL ARTIFACTS**

The evaluator may use additional artifacts to inform their decision regarding psychologist's performance. Information gained from these artifacts should align to the elements and domains of the School Psychologist Evaluation Rubric. Data may include, but is not limited to:

- Meeting schedule
- Evaluation log
- Screening log
- Professional development certificates
- Observation during MET, IEP, or other parent meetings

# SECTION 4: SUPPORT, SAFEGUARDS, AND INCENTIVES

## **Intervention Support Plan**

- Following any observation, if a School Psychologist is classified less than “Effective” in any element, support may be given to the School Psychologist in the form of an Intervention Support Plan with specific areas for refinement and specific feedback to be completed.
- An Intervention Support Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After four to six weeks of support, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
  - If the goal(s) have been met, the Intervention Support Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 2-4.
  - If no growth or insufficient growth has taken place, a Performance Improvement Plan with Preliminary Notice of Inadequate Classroom Performance will be developed.

## **Performance Improvement Plan and Preliminary Notice of Inadequate Classroom Performance**

- In alignment with Governing Board GCO, a Preliminary Notice of Inadequate Performance will accompany the Performance Improvement Plan.
- If a School Psychologist is placed on a Performance Improvement Plan, the School Psychologist is entitled to obtain specific recommendations as to areas of improvement, shall be provided assistance and opportunities for the psychologist to improve his/her performance and follow up with the psychologist after a reasonable period of time for the purpose of ascertaining that the psychologist is demonstrating adequate performance.
- A Performance Improvement Plan will be created with a clear goal, action steps, identified staff for support, and evidence for achieving each action step with documentation.
- After forty-five (45) instructional days, another announced observation will be performed to determine growth in the areas identified.
- One of the following actions will occur:
  - If the goal(s) have been met, the Performance Improvement Plan is complete.
  - If the goals(s) have been met, but other elements are classified as less than “Effective,” a new plan may be created and implemented following steps 3-5 or recommendation for dismissal may be initiated.
  - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
  - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.
- If the School Psychologist continues to demonstrate inadequate performance at the conclusion of the Performance Improvement Plan, a Statement of Charges is presented to the Board by the Superintendent. The Board votes to dismiss/not dismiss. If the vote is to dismiss, the dismissal occurs at the end of 10 days, unless the psychologist requests a hearing.
- A Continuing Psychologist may be returned to probationary status based upon their classification received.

## **Safeguards**

- In the event of a claim of a violation of procedure or process, the evaluatee may initiate a grievance through existing channels as established by board policy. (Policy GBK-R p. 1 of 3) Policy GBK-R provides in pertinent part: “Performance evaluation is not subject to the grievance policy, except for procedural violations. Comments or opinions offered by the evaluator cannot be grieved. In the event of a claim of procedural violation, the evaluatee may initiate a written response to the evaluation through existing channels as established by District policies. A complaint does not suspend any timeline concerning the remedial period or Board action concerning dismissal or non-renewal.”

- Qualified Evaluators will be trained in the evaluation procedures and use of criteria and approved by the governing board.
- The School Psychologist has a right to submit a written response to the evaluation per Policy GCO-R. Policy GCO-R provides in pertinent part: The School Psychologist may initiate a written reaction or response to the written evaluation. The School Psychologist's response must be submitted to the evaluator or the Assistant Superintendent for HR no later than fourteen (14) calendar days after the School Psychologist has received a copy of the evaluation. A copy of the School Psychologist's response will be attached to the evaluation.
- Both evaluator and evaluatee may use the post conferences for identification and resolution of extenuating circumstances.
- The evaluator will attempt to resolve any disagreement regarding evaluation results during the post-observation conference. If unresolved, the evaluatee may ask for one additional observation time during the school year according to board-adopted procedures.

## Classified Evaluation Handbook

Adopted by the Governing Board  
12-21-17

**ALL CLASSIFIED EMPLOYEES** are expected to review Governing Board Policy GCO and Administrative Regulation GCO-R as well as related evaluation materials to familiarize themselves with the system.

- You can view policies on our webpage at [www.gesd40.org](http://www.gesd40.org)
- On the left hand side of the page, click on “GESD Policy Manual”
- Scroll down and click on the “red cross” (+) next to Glendale Elementary School District in the list of districts at the left.
- Click on Section G.
- Click on policy GCO.

**Accessing Evaluation Handbooks:**

1. Visit GESD’s website – [www.gesd40.org](http://www.gesd40.org)
2. Click ‘Employee’ to access the Internal Website
3. Sign into the website using your network username and password
4. Under ‘Employee Resources’ click ‘Employment Handbooks and Information’
5. Click ‘Evaluation Handbooks’ and then the title of the evaluation handbook you would like to review.

# SECTION 1: INTRODUCTION

## Introduction

The District has a responsibility to students, patrons, and staff to implement a continuous program of evaluation of all classified employees. To address this important responsibility, this Classified Employee Evaluation Handbook is published to assist employees and supervisors in planning for and implementing evaluations of all classified personnel.

This guide applies to all classified employees and uses the term “employee” to refer to all personnel filling classified positions. The employee’s supervisor will be referred to as the “evaluator”.

## Purpose

The purpose of an evaluation is to review and improve job performance and for recommending continued employment. Employees new to the District will receive a 90 day evaluation. Employees hired before January will receive a 90 day evaluation and an annual evaluation prior to May 15<sup>th</sup>. Returning employees will receive an annual evaluation prior to May 15<sup>th</sup>.

## Statement of Principle

Success in achieving the goals of an evaluation depends on the openness and frankness with which the parties maintain positive attitudes toward realizing growth. The process is demanding of time and resources, but hopefully provides the employee and evaluator with the most equitable means to appraise performance.

We believe the classified evaluation system should:

1. Be a collaborative endeavor between the employee and the evaluator(s).
2. Facilitate open communication in an atmosphere of mutual trust and respect.
3. Provide employees with a list of job standards to clarify expected performance.

# SECTION 2: EVALUATION SYSTEM

## Evaluation Components

The Classified Evaluation contains 10 elements: Job Knowledge and Skills, Work Performance (Quantity and Quality of Work), Compliance with Rules and Regulations, Attendance and Observation of Work Hours, Customer Service, Teamwork, Accepts Direction, Initiative, Job Safety, and Stewardship of Resources.

## Process

Evaluation procedures should focus on job performance with respect to job expectations as determined through a process of initial assessment (orientation), resource assistance throughout the year, and year-end review. A cooperative process between the employee and evaluator will promote the success of the employee and the district.

All components of the evaluation process will be provided to the employee by Human Resources upon initial employment and reviewed annually for continuing employees by their evaluator. This very dynamic and responsive process is intended to promote both personal and professional growth. An important part of this growth is the concept of self-improvement. Toward that end, self-evaluation by the employee is encouraged.

Unscheduled written evaluations may be conducted as deemed appropriate by the evaluator to assist employees in the performance of their job responsibilities.

After the completion of the evaluation, an electronic copy is available to the employee through GPal. Both the employee and the evaluator will then sign the evaluation through an electronic signature (“acknowledge” button). An electronic signature on the evaluation does not necessarily mean that the employee agrees with the opinion expressed, but merely indicates that he/she has read the report and has had an opportunity for discussion with the evaluator. The employee has the right to respond electronically to their evaluation within 5 working days through GPal.

In the case where an employee is rated Ineffective in two or more areas, a Performance Improvement Plan will be completed by the evaluator and shared with the employee. An objective(s) and action step(s) will be written for each element rated as Ineffective. Evaluators will also include the evaluation evidence, how often that evidence will be collected, and a starting/ending date for the plan. Performance Improvement Plans will be anywhere from 4 – 6 weeks. At the conclusion of the plan, the evaluator will complete a supplemental evaluation for the employee and indicate on the plan if each objective was met, partially met, or not met. The Performance Improvement Plan may be concluded or extended.

# SECTION 3: SUPPORT

## Performance Improvement Plan

A Performance Improvement Plan is required whenever an employee is rated Ineffective in three or more domains. The supervisor has discretion regarding a Performance Improvement Plan when an employee is rated Ineffective in one or two domains.

Steps to follow:

- Notify Classified Coordinator for HR before beginning any Performance Improvement Plan
- Identify specific elements for improvement.
- Define objective(s) and action step(s) for each element rated as Ineffective.
- Specify the evaluation evidence and how often that evidence will be collected.
- Determine starting and ending date for plan (typically 4-6 weeks in duration).
- Follow up evaluation at the conclusion of the plan.
- At the conclusion of the plan, one of the following will occur:
  - If the goal(s) have been met, the Performance Improvement Plan is complete.
  - If the goal(s) have been but, but other elements are classified as less than “Effective,” a new plan may be created and implemented.
  - If the goals have not been met, but appropriate improvement has been demonstrated, the Performance Improvement Plan may be extended.
  - If the goals have not been met, a recommendation to the Governing Board for dismissal will be initiated.

## Philosophy Statement

GESD believes that District leaders need meaningful, fair, and regular evaluation of their performance. The evaluation process should foster and guide the growth and development towards excellence in leadership. In addition to achieving personal and professional goals, district leaders should be evaluated on a variety of measures including progress towards continuous departmental improvement, maintaining a safe and orderly environment, and managing fiscal responsibilities.

GESD is committed to supporting the continuous development and growth of our leaders. District leadership must exhibit collaboration and sharing of expertise to encourage the sustainability of highly effective leadership. District leaders are expected to, and will to be evaluated on, their proficiency in supporting their teams in the implementation of the district's mission and vision.

# **District Leadership Evaluation**

## **Evaluation Process**

- Every person involved in the evaluation process must receive training to ensure reliability and validity and make certain that everyone has the same foundational knowledge to apply to this high stakes decision-making process.
- The district will provide orientation on the evaluation system at the beginning of each school year prior to the opening of school. This will ensure that districts leaders who are new to the system will have the knowledge they need to actively participate in their own evaluations. It will also provide a forum for district staff to review the system and communicate any changes made from the previous year.
- Each district leader may choose to complete a self-assessment using the rubric in the District Leadership Evaluation System. This step in the process could provide the district leader with the opportunity to reflect on personal performance over the course of the previous year and apply the unique aspects of their current setting.
- The evaluator and district leader will review the department's annual goals as well as the performance plan for the person being evaluated. This allows the district leader to reflect the context and setting of the year, as well as reflect changes in district initiative. The district leader will present these goals to their staff and stakeholders by Fall Break of the current school year.
- The evaluation is not a year-end activity, but rather one that is conducted in a consistent and ongoing manner throughout the year.
- The evaluator and district leader being evaluated discuss the district leader's performance ratings, self-evaluation ratings, artifacts and any evidence needed to support the self-evaluation or the evaluator ratings.
- Should the evaluator and the district leader being evaluated not agree on the final ratings during the end of year review, they should determine what additional evidence is needed in order to arrive at the appropriate rating. A two-week period is suggested as adequate time to collect and summarize the evidence and have a discussion to determine the final ratings.
- Using the final ratings on the evaluation, the district leader will engage in goal setting and developing an Individual Goal Plan (IGP).
- A district leader who is classified in the lowest performance classification may not be transferred promotionally to another department/site within the school district.

## **Evaluation Process Timeline**

## **Overview of the District Leadership Standards**

The District Leadership standards were initially derived from the Interstate School Leaders Licensure Consortium (ISLLC) standards which were developed in 2008 by the Council of Chief State School Officers in collaboration with the National Policy Board on Education Administration. The ISLLC standards were then changed to the Professional Standards for Educational Leaders (PSEL) in November, 2015. The purpose of the professional standards is to help define strong school/district leadership, and to serve as a guide to leaders so they may provide the necessary environment to promote the success of every student.

### **Standard 1: Mission, Vision, and Core Values**

Effective district leaders develop, advocate, and enact a shared mission, vision, and core values of a high-quality educational environment that promotes the success and well-being of all stakeholders.

### **Standard 2: Ethics and Professional Norms**

Effective district leaders act ethically and according to professional norms to promote the success and well-being of all stakeholders.

### **Standard 3: Equity and Cultural Responsiveness**

Effective district leaders strive for professional equity and culturally responsive practices to promote the success and well-being of all stakeholders.

### **Standard 4: Community of Care and Support for All Staff**

Effective district leaders cultivate a professional, inclusive, caring, and supportive work environment that promotes the well-being of all stakeholders.

### **Standard 5: Professional Capacity of District Personnel**

Effective district leaders develop the professional capacity and practice of district personnel to promote stakeholder success and well-being.

### **Standard 6: Meaningful Engagement of All Stakeholders**

Effective district leaders promote the success of all stakeholders by collaborating with members of the community and all district colleagues by responding to diverse community interests and needs.

### **Standard 7: Operations and Management**

Effective district leaders manage district operations and resources to promote the success and well-being of all stakeholders.

## District Leader Goals

The District Leader will create two Professional Goals that align with and/or further enhances the Department or District Goals. The goals should be established using the SMART goals template. SMART goals help improve achievement and success. A SMART goal clarifies exactly what is expected and the measures used to determine if the goal is achieved and successfully completed.

A SMART goal is:

**SPECIFIC (and Strategic):** Linked to a position summary, departmental goals/mission, and/or overall district goals and strategic plans. (Answers the questions – What? and Why?)

**MEASURABLE:** The success toward meeting the goal can be measured. (Answers the question – How?)

**ATTAINABLE:** Goals are realistic and can be achieved in a specific amount of time and are reasonable.

**RELEVANT (Result oriented):** The goals are aligned with current tasks and projects and focus in one defined area; include the expected result.

**TIME BOUND:** Goals have a clearly defined time-frame including a target or deadline date.

### Examples:

#### **Not a SMART goal:**

“Employee will improve their writing skills.”

*Does not identify a measurement or time frame, nor identify why the improvement is needed or how it will be used.*

#### **SMART goal:**

“The department has identified a goal to improve communications with administrative staff by implementing an internal departmental newsletter. Elaine will complete a business writing course by January 2010 and will publish the first monthly newsletter by March 2010. Elaine will gather input and/or articles from others in the department and draft the newsletter for supervisor review, and when approved by supervisor, distribute the newsletter to staff by the 15<sup>th</sup> of every month.”

## Overview of the Evaluation Domains and Elements

The purpose of the District Leader Evaluation System is to improve the quality of leadership and to work toward common goals for the improvement of the district.

The District Leadership Evaluation System:

- safeguards and improves the quality of leadership exhibited by the district leader.
- structures professional dialogue and feedback between the district leader and the evaluator.

# SECTION I - INTRODUCTION

## Philosophy Statement

GESD believes that principals and assistant principals, as site administrators, need meaningful, fair, and regular evaluation of their performance. The evaluation process should foster and guide the growth and development towards excellence in educational leadership.

GESD is committed to supporting the continuous development and growth of our leaders through collaboration and mentorship by the principal and district leadership. District and site leadership must exhibit collaboration and sharing of expertise to encourage the sustainability of highly effective leadership. Assistant principals are expected to, and will be evaluated on, their proficiency in supporting their principal in the implementation of the school's mission and vision.

## Purpose Statement

“To improve student learning, Arizona supports effective teachers and principals by developing a model framework that is flexible in its application and establishes the expectations for a comprehensive evaluation and feedback process, to which all Arizona Local Education Agency (LEA) evaluation instruments shall align.”

(Adopted from the Arizona State Board of Education, (2015-2016)

This evaluation system aligns with guidelines outlined in ARS 15-203, 341, and 503.

## Overview of the PSEL Standards (Leadership Standards)

The Professional Standards for Educational Leaders (PSEL) were developed in 2015 by the Council of Chief State School Officers in collaboration with the National Policy Board on Education Administration. These standards help to define strong school leadership and serve as a guide to leaders so they may provide the necessary environment to promote the success of every student. The PSEL Standards are aligned to the Arizona Professional Administrative Standards.

### Professional Standards for Educational Leaders (PSEL):

#### **Standard 1: Mission, Vision, And Core Values**

Effective leaders develop, advocate, and enact a shared mission, vision, and core values of high-quality education and academic success and well-being of each student.

#### **Standard 2: Ethics and Professional Norms**

Effective educational leaders act ethically and according to professional norms to promote each student's academic success and well-being.

#### **Standard 3: Equity and Cultural Responsiveness**

Effective educational leaders strive for equity of educational opportunity and culturally responsive practices to promote each student's academic success and well-being.

#### **Standard 4: Curriculum, Instruction, and Assessment**

Effective educational leaders develop and support intellectually rigorous and coherent systems of curriculum, instruction, and assessment to promote each student's academic success and well-being.

**Standard 5: Community of Care and Support for Students**

Effective educational leaders cultivate an inclusive, caring, and supportive school community that promotes the academic success and well-being of each student.

**Standard 6: Professional Capacity of School Personnel**

Effective educational leaders develop the professional capacity and practice of school personnel to promote each student's academic success and well-being.

**Standard 7: Professional Community for Teachers and Staff**

Effective educational leaders foster a professional community of teachers and other professional staff to promote each student's academic success and well-being.

**Standard 8: Meaningful Engagement of Families and Community**

Effective educational leaders engage families and the community in meaningful, reciprocal, and mutually beneficial ways to promote each student's academic success and well-being.

**Standard 9: Operations and Management**

Effective educational leaders manage school operations and resources to promote each student's academic success and well-being.

**Standard 10: School Improvement**

Effective educational leaders act as agents of continuous improvement to promote each student's academic success and well-being.

**Site Administrator Performance Classifications:**

LEAs shall classify each principal in one of the following four performance classifications:

- **Highly Effective:** A *highly effective* principal consistently exceeds expectations. This principal's leadership is exceptional and her/his students generally made exceptional levels of academic progress. The highly effective principal demonstrates mastery of the state board of education adopted professional standards, as determined by classroom observations required.
- **Effective:** An *effective* principal consistently meets expectations. This principal's leadership is effective and her/his students generally made satisfactory levels of academic progress. The effective principal demonstrates competency in the state board of education adopted professional standards.
- **Developing:** A *developing* principal fails to consistently meet expectations and requires a change in performance. This principal's leadership is mixed and her/his students generally made unsatisfactory levels of academic progress. The developing principal demonstrates an insufficient level of competency in the state board of education adopted professional standards.
- **Ineffective:** An *ineffective* principal consistently fails to meet expectations and requires a change in performance. This principal's leadership is ineffective and her/his students generally made unacceptable levels of academic progress. The ineffective principal demonstrates minimal competency in the state board of education adopted professional standards.

## SECTION II – THE EVALUATION SYSTEM

### Evaluation System Training

All site administrators and their evaluator(s) will be trained in the fall of each school year on the process and procedures of the site administrator evaluation system.

#### Evaluation Process

- Every person involved in the evaluation process must receive training to ensure reliability and validity and make certain that everyone has the same foundational knowledge to apply to this high stakes decision-making process.
- The District will provide orientation on the evaluation system at the beginning of each school year prior to the opening of school. This will ensure that site administrators who are new to the system will have the knowledge

they need to actively participate in their own evaluations. It will also provide a forum for District staff to review the system and communicate any changes made from the previous year.

- Each site administrator may choose to complete a self-assessment using the matrix in the GESD Site Administrator Evaluation System.
- The evaluation is not a year-end activity, but rather one that is conducted in a consistent and ongoing manner throughout the year.
- The evaluator and site administrator being evaluated discuss the site administrator's performance ratings, self-assessment ratings, artifacts and any evidence needed to support the self-assessment or the evaluator ratings.
- Should the evaluator and the site administrator being evaluated not agree on the final ratings during the end of year review, they should determine what additional evidence is needed in order to arrive at the appropriate rating. A two-week period is suggested as adequate time to collect and summarize the evidence and have a discussion to determine the final ratings.
- Using the final ratings on the evaluation, the site administrator will engage in goal setting and developing an Individual Goal Plan (IGP).

## Evaluation Process, Procedures and Responsibilities

Action	Purpose	Person(s) Responsible	Time Frame	Follow-up
Site Administrators' orientation to evaluation process by evaluators	To have a common understanding of the evaluation tool	Site Administrator and Evaluator	July	Goal setting conference
Site administrators will begin a data collection system, which includes evidence of progress in each domain  Review school data, build site Integrated Action Plan	To support the progress of goals and final classification	Site Administrator	Throughout the school year	Goal setting conference  Mid-Year Conference/Feedback  Summative Conference
Goal Setting (see Individual Goal Plan)	Set goals and document in Individual Goal Plan	Site Administrator and Evaluator	October 15 <sup>th</sup>	Mid-Year Conference/Feedback  Summative Conference
Work with site staff to revise or extend site Integrated Action Plan based on needs identified in collected data  Work with building staff to begin implementation of site Integrated Action Plan	Engage in conversation with stakeholders to work towards site specific goals	School staff and Site Administrator	Throughout the school year	Goal setting conference  Mid-Year Conference/Feedback  Summative Conference
Complete Site Administrator Self-Assessment Form (optional unless required by the evaluator)	Inform evaluator of assessment of oneself in all aspects of the evaluation process	Site Administrator	Prior to the mid-year review, summative conference or April 15 <sup>th</sup> as instructed by the Evaluator	Summative Conference
School-wide student achievement results will be analyzed	Engage in conversation about progress in relation to student achievement growth	Site Administrator, Evaluator and Research Department	By April 15 <sup>th</sup>	Summative Conference
Summative Evaluation	Provide written final classification to the Site Administrator and facilitate a final conference for the year	Site Administrator and Evaluator	By April 15 <sup>th</sup>	Next Goal Setting Conference.

## How to Figure out the 33% of Student Achievement Data

All Site Administration will receive a classification based on the following percentages:

- 67% of a Site Administrators evaluation will be based on their performance evaluation rubric
- 33% of a Site Administrators evaluation will be based on school wide student achievement data as described below:
  - Highly Effective: YES in Area 1 and Area 3
  - Effective: YES in Area 2 and Area 3, NO in Area 1
  - Developing: YES in Area 2 OR Area 3, NO in Area 1
  - Ineffective: NO in all 3 Areas

## Sample Goal Statements

### Option 1: Overarching school goal aligned to Integrated Action Plan

### Option 2: Goal around collaborative teams

- Student Achievement
- Teacher Retention
- Financial Solvency
- Family Community Partnerships

### Goal 3: School Specific Goal

During the current school year, Seventy-five Percent (75%) of the third grade reading students will increase their FAME score to meets or exceeds as measured by the district’s assessment.

During the current school year, Seventy-five Percent (75%) of the sixth grade math students will increase their FAME score to meets or exceeds as measured by the district’s assessment.

### Option 4: Attaining Strategic Plan Goals

During the current school year, Seventy-five Percent (75%) of the School Strategic Plan Goals will be met.

## Incentives

Incentives for principals in one of the two highest performance classifications, Effective or Highly Effective, pursuant to section 15-203, subsection A, paragraph 38, may include at the discretion of the Superintendent:

- Multiyear contracts pursuant to section 15-503.
- Incentives to work at schools that are assigned a letter grade of D or F pursuant to section 15-241.

## SECTION IV – OBSERVATION AND OVERVIEW

### Overview of the Evaluation Domains and Components

#### Domain 1: School Vision, Mission, Core Values and School Improvement

**Element – School Vision, Mission, and Strategic Goals:** Site Administrator develops the vision, mission, values, beliefs, and goals of the school, collaboratively determining the processes used to establish these attributes, and facilitating their integration into the life of the school community.

**Element – Continuous Improvement Plan:** Site Administrator ensures that the continuous improvement plan provides the structure for the vision, values, goals, and changes necessary for improved achievement and developmental outcomes for all students, and provides for tracking of progress based on data.

**Element – Shared Leadership:** Site Administrator develops shared understanding and shares leadership with staff when appropriate while continuing to provide guidance to school vision, mission, goals, and instructional strategies.

**Element – Leading Change:** Site Administrator collaboratively develops a vision and leads implementation strategies for improvement and changes which result in improved achievement and developmental outcomes for all students.

#### Domain 2: -

#### Equity and Cultural Responsiveness in a Community of Care and Support for Students

**Element – Building a safe, caring, healthy school:** Site Administrator oversees the implementation of school expectations with an understanding of each student’s culture and context.

**Element – -Addressing student Misconduct:** Site administrator follows district policy when addressing student misconduct in a positive, fair, and unbiased manner while acting with cultural competence

**Element –Fostering School Community:** Site administrator fosters relationships between stakeholders the support student success.

#### Domain 3: Curriculum, Instruction and Assessment

**Element – Implements a comprehensive program of instruction:** Site Administrator ensures monitors and assesses a guaranteed and viable curriculum is aligned to state standards.

**Element – Evidence based, rigorous relevant instruction:** Site Administrator ensures that rigorous, relevant, and appropriate first best instruction and makes recommendations to improve instructional deficiencies.

**Element – Develops a framework of instruction that meets the needs of all students:** Site Administrator ensures that all students are provided differentiated instruction and interventions to meet their diverse needs

**Element – Utilizes valid assessments to plan drive and evaluate student learning outcomes:** Site Administrator uses data appropriately and within technical limitations to monitor student progress and improve instruction.

## **Domain 4: Professional Capacity of School Personnel**

**Element – Administrator recruits, hires, mentors and evaluates staff:** Site Administrator establishes and effectively manages processes and systems that ensure a high-quality, high-performing staff.

**Element – Professional Learning Communities:** Site Administrator fosters a professional community of teachers to promote each student’s academic success and well-being.

**Element – Professional Development:** Site Administrator collaboratively creates a professional development plan providing learning opportunities and monitors the effectiveness of the plan through various data points.

## **Domain 5: Meaningful Engagement of Families and Community**

**Element – Culturally proficient two-way communication:** Site Administrator facilitates the design and utilization of various forms of formal and informal communication with all school stakeholders

**Element – Family and community outreach:** Site Administrator collaborates with families and community to engage in and support the school.

**Element – Advocacy for school:** Site Administrator leverages district and community resources to promote school improvement and student learning.

## **Domain 6: Managerial Leadership and Maintenance and Operations**

**Element – School resources and budget:** Site Administrator establishes systems for marshaling all available school resources to facilitate the work that needs to be done to improve student learning, achievement, and healthy development for all students.

**Element – Trust management and resolution:** Site Administrator effectively and efficiently enriches the relationship among all stakeholders.

**Element – Supporting policies and procedures:** Site Administrator familiarizes themselves with GESD policies and procedures, and local, state, and federal laws to ensure they are consistently met.
